RE: In the Matter of the Application by Prevailing Wind Park, LLC for a Permit of a Wind Energy Facility in Bon Homme County, Charles Mix County and Hutchinson County, South Dakota, for the Prevailing Wind Park Project Docket EL18-026

Dear Ms. Van Gerpen:

Prevailing Wind Park, LLC (“Prevailing Wind Park”) has confirmed that the layout on the enclosed figure was used for the submitted shadow flicker and sound reports and shows the same layout as shown in updated Attachment 4-2 to Exhibit I-29, with the exception of Turbine Nos. 35 (also referred to by its Construction ID 4B.53), 42 (Construction ID 4B.54), 53 (Construction ID 4B.52). These three turbines were identified in the March 29, 2019 filing as turbines to be moved within 250 feet. I note that with the exception of Turbine Nos. 35, 42 and 53, no other turbine locations were altered from the updated Attachment 4-2 to Exhibit I-29.

Also, the Level III Intensive Archeological Survey report and Architectural Resources Survey (submitted pursuant to Condition 14) cover all areas occupied by Project facilities shown on the enclosed figure with the exception of the three turbine move areas. Prevailing Wind Park has completed the cultural surveys for the moves and will be submitting an addendum shortly.

Please contact me if you have any questions.
