**INTERVENOR GARRETT HOMAN'S
LETTER IN SUPPORT OF MOTION
FOR DENIAL**

EL18-053

I support Intervenor Christina Kilby's motion for the South Dakota Public Utilities Commission to deny and dismiss the Application to the South Dakota Public Utilities Commission for Energy Facility Permits submitted by Deuel Harvest Wind LLC (Applicant) on November 30, 2018.

The Applicant has not secured a permit for the project in Deuel County and therefore has not complied with all applicable laws and rules. The application is not correct and complete in its compliance to stated setbacks. The numerous errors and deficiencies noted by Ms. Kilby further substantiate that the application was not correct and complete at the time of submittal.

For these reasons, the application as submitted is deficient in nature and therefore should be denied and dismissed outright. To continue the process with an incorrect and incomplete application, or to allow that application to be continually modified to bring it into compliance, would be an abuse of due process and waste the Commission's and Intervenor's time and resources.

Respectfully,

Date 3/12/19
