Re: Docket #EL19-003
In the Matter of the Application by Crowned Ridge Wind, LLC
for an Energy Facility Permit of a Wind Energy Facility in
Grant and Codington Counties, South Dakota for Crowned Ridge
Wind Farm

Dear Ms. Van Gerpen:

In connection with the above captioned matter, Crowned Ridge Wind, LLC (Crowned Ridge Wind) is submitting updated maps. The maps show removal of the Thompsons as participants, recognize that the one current participant will not likely renew when their option agreement expires, and make minor adjustments to infrastructure that move the collector line off of the Thompson's properties and also for participant land owner preferences. This minor adjustment can be seen at (1) the proposed shifts to access roads for turbines CR-122 through CR-126 at the requests of landowners; (2) minor revisions to collection routing were made on properties, which include collection routing identified at met towner SM01, turbine CR-105, between turbines CR-112 and CR-114, CR-115, CR-116, CR-163, CR-ALT7 and between CR-ALT20 and CR-ALT22.
