I am reviewing the updated maps that are on file with Krista's office. I expect the Staff Report to be done and mailed to the Board of Adjustment early next week. When that occurs, I will get a copy of the Staff Report to you. As of right now the only changes I am seeing to the application are the updated maps in Appendix F and H. Again, which are on file with Krista's office

Kristi.. I am out of the office today.. and I believe krista is on vacation.. After reviewing the application last week I had a few questions that I needed answered... also krista was made aware that 2 members of the boa would not be in attendance on the 18th.. the applicant was informed that there would not be a full board available to hear their request.. they in turn requested that their application to be heard in april.. so I have not finished the staff report yet as it is not needed until april... I believe krista was having a notice published in the paper this week notifying the public that the meeting will not be held on the 18th..

Hi Todd,

Thank you for the information. Please send the staff report when it is ready and update me if anything changes with the application because of your questions.

Who were the board members who would not be able to attend the March 18th hearing? Did Grant County pay for the new public notice?

Hope your day is going well in spite of the weather.

Sorry for the delay in the response. Our office was closed yesterday with the weather. I will send the staff report when it is ready. It is my understanding that Commissioners Leddy and Mach were going to be gone next week. As far as the republication of the notices, you will have to ask Krista. She should be back in the office next week.
