Re: Docket #EL19-003  
In the Matter of the Application by Crowned Ridge Wind, LLC  
for an Energy Facility Permit of a Wind Energy Facility in  
Grant and Codington Counties, South Dakota for Crowned Ridge  
Wind Farm

Dear Ms. Van Gerpen:

In connection with the above captioned matter, Crowned Ridge Wind, LLC (Crowned Ridge Wind) is submitting a revised version of the Appendices attached to Appendix H to the Application, Final Report Crowned Ridge Wind Farm Sound Study, Codington and Grant Counties, SD, and Appendix I to the Application, Final Report Crowned Ridge Wind Farm Shadow Flicker Study, Codington and Grant Counties, SD. Crowned Ridge has been informed that the original version of the Appendices to the Reports inadvertently identified some participating landowners as non-participants. The enclosed revised versions of the Appendices to those Reports correctly identify the landowner status and should replace the documents filed with the Application.

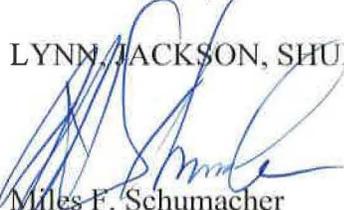

Also, a portion of the project located in Grant County was formerly granted a Conditional Use Permit as Cattle Ridge Wind Farm by Grant County. In our Application we anticipated that the County would grant an extension to the CUP that was granted in March of 2017 with a requirement that development occur within two years. Grant County indicated it preferred a new CUP Application by Crowned Ridge for the former Cattle Ridge project and declined the Application for an extension. Accordingly, Crowned Ridge has filed an additional CUP Application with the County for which a

hearing has been scheduled for March 18. We will provide updates, as appropriate, on the progress of the CUP process.

Yours very truly,
