RE: In the Matter of Black Hills Power, Inc. d/b/a Black Hills Energy for a Facility Permit to Construct a 230/69 KV Transmission Line and Associated Substation (Docket No. EL19-006)

Dear Landowner:

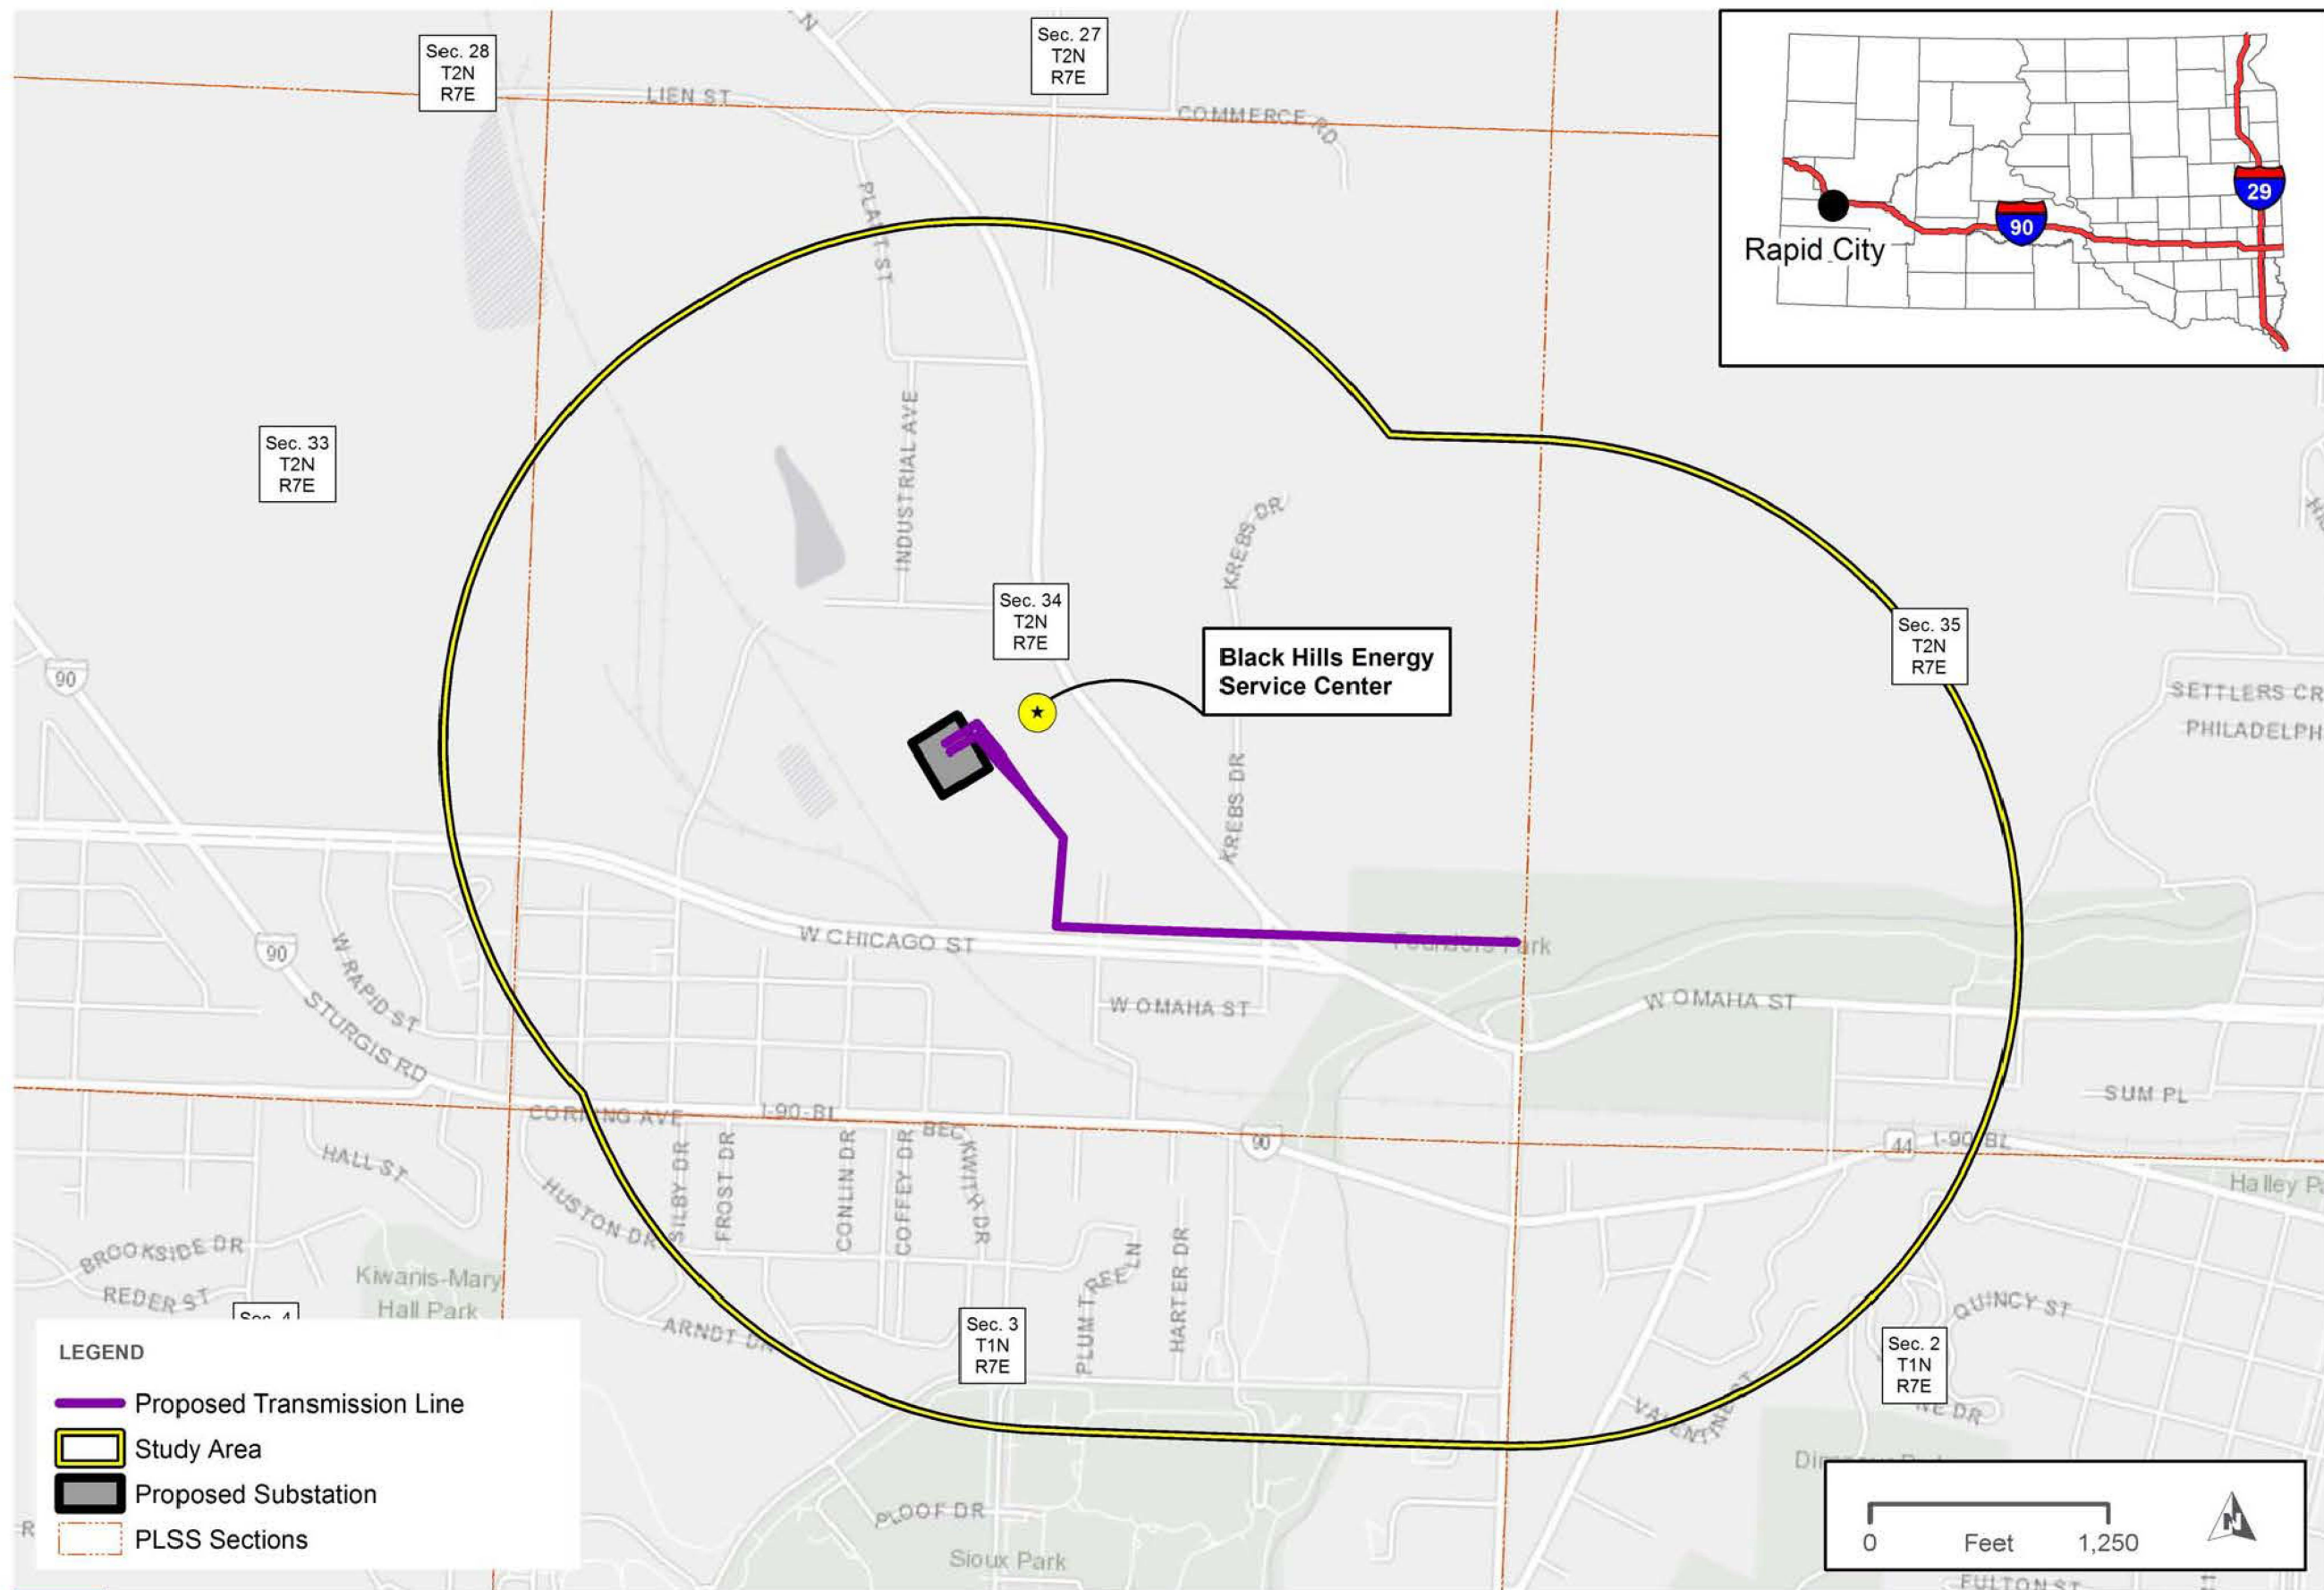

On February 5, 2019, Black Hills Power, Inc. d/b/a Black Hills Energy filed an Application with the South Dakota Public Utilities Commission for authority to construct a new 230/69 kV substation at the location of the former Ben French Power Plant along with a new 230 kV transmission line from the substation running southeast approximately 0.2 miles and then east approximately 0.5 miles. Please find enclosed the Public Utilities Commission Notice of Public Hearing regarding the above-referenced matter. For your convenience, I have also enclosed a map of the proposed substation and transmission line. If you have questions about the project or the enclosures, please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads 'Marc Eyre'.

Marc Eyre
