Xcel Energy Data Request No. 1-6
Docket No.: EL23-028
Response To: South Dakota Public Utilities Commission
Requestor: Patrick Steffensen
Date Received: November 14, 2023

Question:

Why did Xcel choose to delay the implementation of the \$150.00 charge for polyphase customers by two years?

Response:

We believe that it would be clearest to our customers to align the implementation of the charge for polyphase customers with other non-AMI customers. These charges would be implemented on January 1, 2026, the first year after deployment is complete in 2025.
