## □ Not-Public Document – Not For Public Disclosure

Dublic Document – Not-Public Data Has Been Excised

## **Public Document**

Xcel Energy	Data Re	equest No.	1-1
Docket No.:	EL23-032		
Response To:	South Dakota Public Utilities Commission		
Requestor:	Joseph Rezac		
Date Received:	December 5, 2023		

## Question:

What is the average hours per year a customer has had their equipment cycled in each of the past 5 years?

## Response:

In each of the past five years, 2019-2023, the Company has had one control event that lasted for two hours. This is for both residential and commercial program participants.
