Response:

MidAmerican is providing redline and revised “Energy Efficiency Plan (EEP) for 2013-2017 Revised Exhibit 1” as 1-1 Attachment A and 1-1 Attachment B. The starting point for the revision is Attachment 2-10b filed in response to Staff Data Requests 2-10 in GE15-001, and reflects the following changes:

- The South Dakota PUC Order dated April 8th, 2015 in Docket GE15-001 which directed a revised 2015 budget update but declined to approve updates for 2016 and 2017.
- MidAmerican’s request in this Docket for the plan year 2016.

MidAmerican is also providing redline and revised “Appendix A” as 1-1 Attachment C and 1-1 Attachment D. The starting point for the revision is Attachment 2-11 filed in response to Staff Data Requests 2-11, and reflects the following changes:

- The South Dakota PUC Order dated April 8th, 2015 in Docket GE15-001 which directed revised 2015 rebates for residential and nonresidential furnaces. These rebate levels are proposed to be continued in 2016.
- The removal of Clothes Washers from MidAmerican’s program.
- Correction of a typographical error in the incremental cost of nonresidential furnaces used for cost effectiveness testing.
