Mr. Paulson,

I apologize for my failure to reply to your request for information. The request for master metering was filed at the request of the South Dakota Housing Development Authority. Upon further planning, we will not be master metering the project. We have removed gas services from the project and will separately meter the electric services in compliance with states rules and regulations regarding the metering of the project.

Thank you for your time and patience in dealing with this matter. We consent to the dismissal of the variance request.

Sincerely,

Jacob Quasney
