Re: L & W Sales, Inc. GD07001

Dear Commissioners:

We have heard from our members that Larry Wheeting is operating again in Groton with a firm known as L & W Sales, Inc. As we understand it, L & W purports to be a "seed dealer" and therefore is exempt from South Dakota's grain dealers' laws. This so-called seed is millet that is sterilized by the end user and hardly qualifies as seed.

We urge the Commission to hold L & W Sales, Inc. to the letter of the law that requires adequate financial reports, a license and a bond to protect South Dakota's producers.

Sincerely yours,
SOUTH DAKOTA GRAIN & FEED ASSOCIATION

Carl G. Anderson
Executive Secretary
