Subject: [EXT] Upper Midwest Grain Elevator

I am John Hauck, Bon Homme County Commissioner and chairman of the Tabor Chamber of Commerce. I am writing in regards to the Upper Midwest Grain Elevator problem. Small town USA needs to keep every business we can to keep our towns alive. The problems that have come to light I feel will be taken care of. Any business is only as good as its employees and from what I understand that problem has been taken care of. So please reinstate Upper Midwest Grain Elevator marketing ability as soon as possible. Thank you for letting me speak my peace.

John P. Hauck
