R.E. Keystone Pipeline

SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION

Dear Sirs,

I am writing concerning The heavy-handed ~~and~~ tactics of The Keystone Pipeline people.

My father-in-law, John W Hofer (43151 267th Street, Bridgewater South Dakota 57319, 605 729 2498) was told at the meetings by The pipeline company that if he did not take The money they offered him, then he would have to let them thru his land anyway due to eminent domain.

~~and~~

He is 85 years old and when the pipeline company uses tactics like this on old people I think The pipeline should be stopped.

Sincerely,

Davey Gilbert
