11:57 am.

Clark Cooney, land agent for TransCanada was on our farm near Howard. We asked him how many landowners signed their easements in Miner County. Clark did tell us some names.

I asked Clark if Dorothy Schrooten signed her easement. He said no. He said she has two tenants one signed and the other must have threatened her.

I then called Dick Burghardt (tenant) on my cell phone and I told him what Clark said. He wanted to talk Clark. Dick told Clark he had never threatened Dorothy.

2:51 pm.

I called Timothy Slorby Clark's supervisor. He was rude and was very loud. He was not professional at all. I told him Clark should lose his job for saying what he did about Dick Burghardt. Mr. Slorby went off on a big speech about Lillian saying things about the land agents and America needs oil.

Mr. Slorby gave me Don Ellis's phone number and wanted me to call him. I did. He was on a conference call according to Beth Lee. She said he would call me back. He did not return my call.

Denny Needham called instead. I asked to know what happens with Clark and his reply was it is up to state law and it was confidential. He said that Clark made a mistake. He also indicated we would be getting a new land agent.

I called Denny Needham to ask for an update about the land agent. He returned my call. He said they did an investigation and took action. Clark will not be our agent.
