

Mr. and Mrs. Lyle Michlitsch
Langford, S. Dak.

We are writing in regard to the TransCanada Pipeline - it has been brought to our attention that the proposed path for the Pipeline would go right through the area in Marshall County that is the surface aquifer that flows directly into BDM's water source aquifer. This is dangerous and puts BDM water source at risk. We would like to have this situation looked into and reroute the pipeline around this water area. We, as BDM Consumers, are concerned about the safety of our water supply.

Lyle & JoAnn Michlitsch
