

Notice of Fossil Locality Discovery on Private Land

Dear land owner, during a recent paleontological survey conducted for the Keystone XL Pipeline Project, fossils were discovered. This form describes the fossils, their location, and provides you with options as the legal owner of these fossils.

05-November-	
Date of Discovery: 2010	Sec.: 3 Township: 19N Range: 4E
Fossil Locality #s: PR510HA007, 101105-TWT-02	Land Owner/s: Bret Clanton
Fossil Types (check all that apply):	
<input type="checkbox"/> Trace	<input type="checkbox"/> Plant <input type="checkbox"/> Invertebrate <input checked="" type="checkbox"/> Vertebrate
Brief Description of Fossils: Fragmented dinosaur long bone observed on north bank of large drainage. Recommend further exploration for subsurface fossils if land owner elects to have the locality collected.	
Locality and Fossil Photos:	
	

I am aware of the discovery of fossils on my property and choose to take the following action.

Option A: I give permission for these fossils to be collected and I grant permission for them to be donated to a paleontological repository that meets federal DM-411 curation standards for permanent storage where they will be available for scientific research, education and display.

Option B: I give permission for these fossils to be collected, but would like to retain ownership. Please give me the fossils once they have been collected.

Option C: I do not give permission for these fossils to be collected. Please leave them as is, and I understand that they may be in the path of pipeline construction and as a result may be damaged or destroyed. In the event that I elect this option and the fossils are damaged or destroyed during pipeline construction, I waive all claims against Keystone or its agents or contractors for damages or compensation for loss of economic value to the fossils.

I understand that if this form is not returned in 14 business days, Option C will be assumed. Return to: Jonathan Minton, Keystone Pipeline Project, 2700 Post Oak Blvd. Suite 400, Galeria Tower 1, Houston, TX 77056.
