Docket Number: HP09-001 Last Name: Schwenger First Name: Barney Company: Have Master Engineering Degree [REDACTED]  
[REDACTED] Fax: Email: [REDACTED] Comments: STOP the Keystone Pipeline!!!! I am a person with a Master degree in Computer Engineering (Science). I am very aware and leery of companies when all they care about is how to save money by going the shortest direction instead of following an existing path. Keystone pipeline path is Southeast and existing path is East then South. All companies lie stating nothing will happen, (remember BP). My worry is this could destroy the environment and could contaminate the Aquifer. Thank you
