On June 5, 2009 MidAmerican made a filing requesting cancellation of its monthly metered transportation gas pilot project and interruptible monthly metered transportation gas pilot project tariffs effective July 15, 2009. Cancels **9<sup>th</sup>** 8<sup>th</sup> Revised Sheet No. 18

~~RATE DESIGNATION: Monthly Metered Transportation Gas Pilot Project~~  
~~CLASS OF SERVICE: Gas Transportation Tariffs~~

~~For new Participants served on a firm service tariff and who did not give MidAmerican twelve (12) months notice of their intent to become transporters, Pool Operator will take assignment, through a pre-arranged release, of the applicable portion of MidAmerican's interstate pipeline capacity attributable to those participants. This pre-arranged release will be for the period of one year, and will be priced at MidAmerican's cost and under the terms and conditions of MidAmerican's contracts. By taking assignment of MidAmerican's capacity under these terms, MidAmerican will not realize any stranded costs and therefore will not collect a Stranded Cost charge from existing participants or new participants. No release of interstate pipeline capacity will be made for Participants transferring from an interruptible service tariff.~~

~~Any identifiable additional costs associated with a Participant's return to System Supply Service will be allocated to the Participant causing such costs.~~

~~**XI. Administrative Charge:**~~

~~For the purpose of this Pilot, MidAmerican will replace existing application and monthly administrative fees with the following Administrative Charge. This Administrative Charge will apply to all Dth delivered to Participants.~~

~~The Administrative charge will be capped at \$0.25 per Dth, in accordance with the tariff, for the Pilot period. Annually, MidAmerican will true up the Administrative charges collected from the participants during the prior year, with the actual expenses incurred to administer the Pilot. The Administrative charge will be set at \$0.05 per Dth for the period September 1, 2007 through April 30, 2009.~~

~~**XII. Cash-out:**~~

~~Cash-out of the net monthly imbalances resulting from the differences between physical volumes delivered to MidAmerican's distribution system and actual consumption for all of the Participant's Meters will be done monthly between MidAmerican and the Participant's Pool Operator.~~

~~MidAmerican will have a separate Cash-out price for each cycle separate billing period, by delivery zone. The cash-out price will be comparable to market prices. MEC will net the Cash-out amounts for each cycle billing period and either bill or credit the Participant's Pool Operator once a month.~~

~~**XIII. Billing:**~~

~~Each Participant will pay MidAmerican distribution service charges for each Meter in accordance with applicable small transport (ST) or medium transport (MT) or large transport (LT) tariff (except application fee and Administrative charge). Participants will be subject to gas energy efficiency cost recovery as shown in Section 3 on Sheet No. 9.~~

~~Distribution service charges will be billed to each Participant. Meters will continue to be read on the regular cycle billing periods.~~
