Re: NorthWestern Corporation - Proposed Milbank Northern Natural Gas (NNG) Pipeline  
Purchase Filing  
PUC Docket NG11-001

Dear Ms. Van Gerpen:

With this letter, NorthWestern Corporation, doing business as NorthWestern Energy, is filing an additional revision to Section 3, sheet 6.9, 1<sup>st</sup> revised. This revised sheet was filed on January 18, 2011

In addition to the proposed demand rate for the Milbank Lateral Large Customers, a capacity surcharge rate is proposed. The proposed surcharge rate is \$0.017 per therm and is based on NorthWestern's surcharge rate in the rate 84 tariff, Section 3, sheet 3.2. Under rate 87, this provides for a surcharge in the event a customer uses more daily gas than their contracted demand amount allows. Please replace sheet 6.9 originally filed in docket NG11-001 on January 18, 2011 with the attached sheet 6.9.

Sincerely yours,

Jeff Decker  
Rates Analyst
