

**MONTANA-DAKOTA UTILITIES CO.  
SIGNIFICANT CHANGES IN  
INTANGIBLE PLANT**

There has been one significant change in intangible plant during the five year period ending June 30, 2012. In June 2008, Montana-Dakota extended service to a customer near Hankinson, ND and recorded intangible plant for the cost of the interconnection with an interstate pipeline, which has been directly assigned to North Dakota.
