

Docket Number: NG15-003
Subject Matter: First Data Request
Request to: MidAmerican Energy Company
Request from: South Dakota Public Utilities Commission Staff
Date of Request: May 7, 2015
Date Submitted: May 12, 2015

1-1) In addition to the GOED Conference, Governor's Golf Classic, and Giant Vision sponsorships that have been funded in the past, please identify what Business Attraction Incentives will be funded with the \$10,000 increase proposed for 2015 (if known).

There have been no definite decisions made at this point. Staff is working with the GOED staff and all local economic development partners to determine what opportunities and programs may be occurring to determine where funding may be appropriate. Some known options include the Governor's Pheasant Hunt and Buffalo Round-up and if the South Dakota Equity Investment Fund does get started in 2015 it will also be considered.

1-2) Please confirm that economic development dollars spent in 2014 did not cover lobbying expenses.

MidAmerican spent no economic development dollars on lobbying in 2014.
