

Lt. Col. George A. Larson
USAF (Ret.)

Rapid City, SD 57702

RECEIVED

JAN 22 2016

SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION

U.S. AIR FORCE

[PUC]

EVERY time I turn around another raise in rates: Black Hills Power, MIOCO, SEWERS, water, County taxes, state fees - Federal deduct in my 1970 premises since medical care for libel which now costs me 2,900 dollars per year - treated as if I want you dead - not retired.

I have constantly received no pay increases for 5 years on retirement pay. Now - PUC lets you raise rates -

Their fees are outrageous - But we have no choice - I have a 90% efficient furnace set at 63 degrees on thermostat, 90% efficient gas 3-Barrel water heater. Whole house energy efficient - costs more so no savings.

Since this was passed you can't do anything. I am 70 years old - work full time to pay for my military medical, dental, eye care costs - and fees on everything!

Just wanted to let you know - my retirement reduced by President Obama's attacks on the military retirees and everyone else's. That's for fees to pay for outlandish profits. Have a nice day! ☹️
