SECOND DATA REQUEST
DATED FEBRUARY 17, 2015
DOCKET NO. NG15-001**

- 2-4) On the revised tariff sheet (Section No. 3, 9th Revised Sheet No. 31), should the symbol used to identify the reduction in the conservation tracking adjustment be an "R" rather than a "D?" If so, please file a revised tariff sheet.

Response:

The symbol should have been an "R" and a revised tariff is provided as Attachment A. Montana-Dakota will file this tariff as part of its compliance filing.
