Subject: [EXT] MDU increase rates

PUC Chairman

I am Writing to complain about the price increase established by MDU as of 3/1/24 without the PUCs approval. Thier getting the cart before the horse, believing the PUC will automatically approve the increase. And maybe so, but incresing it withoout the approval is a buch of hooey. They say if its not approved as they have incresed, they will ref[und the difference. Maybe so, but to automatically start charging the customer ahead of approval is just plain wrong. And if approved, then the increse if any, shoould go into effect. Thank you for yor attention.

Just a 90 yr old tring to stay ahead of the bill collectors.

i am yours truly,

Lewis W. Rohrer
