To the Commission:

APPLICATION OF INTERNATIONAL TELECOMMUNICATIONS CORP.

d/b/a DISCOUNT DIRECT DIALING

International Telecommunications Corp. d/b/a Discount Direct Dialing of Las Vegas, Nevada ("ITC" or "the Company"), herewith respectfully petitions for authorization to provide its telecommunications resale services on an intrastate basis. In support of this application, the following is shown:

A. CORPORATE INFORMATION AND OWNERSHIP

1. ITC is incorporated in the State of Nevada. A copy of its Applicant's articles of incorporation is attached to this petition as Exhibit 1. ITC is a privately held corporation.

2. The Company's principal offices are located at 101 Convention Center Drive, Suite 1000, Las Vegas, Nevada 80109.

3. The Company's officers are as follows:

Donald G. Blakstad: President/Vice President/Chairman of the Board/Secretary/Treasurer

4. The names and addresses of ITC's shareholders holding more than 10% of the Applicant's stock are listed in Exhibit 2.

5. A certificate to do business as a foreign corporation has been granted and a copy is attached as Exhibit 3.

6. The Company's registered agent to receive service is listed in Exhibit 4.

7. No persons serving either by elections or appointment as officers, directors, incorporators and persons controlling or holding more than 10% of the issued and outstanding common shares or 10% of any other ownership interest in the corporation have been convicted of a felony involving a transaction in securities, consumer fraud or antitrust in any state or federal jurisdiction; have been convicted of a felony, the essential elements of which consisted of fraud, misrepresentation, theft by false pretenses, of restraining the trade or monopoly in any state or federal jurisdiction; have been or are subject to an injunction, judgment, decree, or permanent order of any state or federal court where such injunction, judgment, decree or permanent order involved the violation of fraud or registration provisions of the securities laws of that jurisdiction, involved the violation of the consumer fraud laws of that jurisdiction, or involved the violation of the antitrust or restraint of trade laws of that jurisdiction.

8. The Company, its officers, directors and shareholders have not had, and have no interest in any entity that has had any regulatory approval denied, revoked or suspended, nor are they, individually or collectively, involved in any proceeding to deny, revoke or suspend any regulatory approval.

8. 5. 4415

B. DESCRIPTION OF SERVICES

9. ITC is a switchless reseller which provides or which will provide interstate, interexchange long distance telephone service using the network of its facilities-based underlying carrier(s). Intrastate interLATA and, where permitted, intraLATA telecommunication services will also be offered to the public on a resale basis. ITC presently provides interstate "switchless resale" in several states. ITC is extending its service to meet the intrastate needs of its customers in several states and is filing the requisite applications in all other states to be certified as required. ITC proposes to provide service throughout the state.

10. At present, ITC employs no switches or network facilities of its own because those are or will be provided by ITC's underlying carrier(s). The Company provides service to commercial enterprises and residential customers. This application does not seek authority at this time to provide any form of operator services nor any service to pay phones.

11. To provide non-facility based resale services, ITC arranges under the provisions of the duly published tariffs of its underlying carrier or carriers the commitments to meet the telecommunications traffic usage volumes necessary to qualify for the highest levels of discounts available under those tariffs. ITC is responsible for all payments to the underlying carrier(s) for such usage. ITC then rebills its customers, at the same time

passing on to them a share of the higher discounts made possible by having pooled their traffic with other of ITC's customers.

12. In the event of a billing dispute between the customer and the Company, the customer shall notify the Company of its disagreement within thirty days of receiving its bill. The customer may request, and the Company will provide a detailed review of the disputed amount. In this event, the undisputed amount and any subsequent billing must be paid on a timely basis. If, after investigation by a manager of the Company, there is still a disagreement about the disputed amount, the customer is notified by Company that an appeal to the state public utilities commission may be made.

C. TECHNICAL QUALIFICATIONS

13. Because the Company provides no equipment, transmission or reception facilities, technical qualifications are not directly germane to the Company's operations. ITC maintains close and continuous liaison with its underlying carrier(s) in order to coordinate and expedite new service orders, changes, repairs, etc. of the facilities or the equipment of the underlying carrier(s).

14. The Federal Communications Commission (FCC) does not license switchless resellers. Accordingly, ITC does not need FCC authority for its interstate operation. ITC has obtained 214 authority from the FCC to provide international resale service.

00-002-44118

D. FINANCIAL BACKGROUND AND QUALIFICATIONS

15. Financial information on the Company is submitted in the following exhibits, all of which contain commercial and financial information normally considered proprietary and confidential. Accordingly, ITC requests that the information submitted be protected from public disclosure to the extent possible under the laws of the state. The exhibits contain the following information:

Exhibit 5 -- Balance Sheet

Exhibit 6 -- Profit and Loss Statement

E. PROPOSED TARIFF

16. The proposed tariff of ITC is attached as Exhibit 7.

F. PUBLIC INTEREST SHOWING

17. ITC submits that the public interest will be served by the approval of this application. For example, ITC's proposed service will use existing communication facilities more efficiently, will provide alternative services of the highest quality, provide increased consumer choice in billing options, as well as increased diversification and increased reliability of supply communications services.

18. The Company's resale service offering will enhance competition for telecommunications services in this state because the addition of another supplier of telephone service will increase competition in terms of price and quality of service for the business of telephone service consumers. Also, ITC will make available to small and medium-sized businesses as well as

residential consumers the high volume discounts usually available only to those larger businesses able to meet the volume commitments necessary to obtain such discounts.

19. The Company requests that all questions and correspondence be directed to its regulatory counsel at the following address and phone numbers:

Robert M. McDowell
Helein & Associates, P.C.
8180 Greensboro Drive
Suite 700
McLean, Virginia 22102
Telephone No.: (703) 714-1300
Facsimile No.: (703) 714-1330

WHEREFORE, International Telecommunication Corp. d/b/a Discount Direct Dialing prays that the Commission authorize it to engage in the resale of intrastate, interexchange telecommunication services to the public as proposed herein and as set forth in the attached tariffs. The Company is seeking similar action from all states where such authorization is required.

Respectfully submitted this 7th day of August, 1997.

TELECOMMUNICATIONS SERVICES TARIFF

TARIFF FORMAT

- A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the SDPUC. For example, 4th Revised Page 14 cancels the 3rd Revised Page 14. Because of various suspension periods, deferrals, etc. the SDPUC. follows in its tariff approval process, the most current page number on file with the SDPUC. is not always the tariff page in effect. Consult the Check Sheet for the page currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A. 1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).1.
 - 2.1.1.A.1.(a).1.(i).

TARIFF FORMAT (Cont'd)

- D. Check Sheets - When a tariff filing is made with the SDPUC, an updated check sheet accompanies the tariff filing. The check sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the SDPUC.

SECTION 2 - RULES AND REGULATIONS

2.1 Undertaking of Company

Company undertakes to provide only those designated Services as are furnished under the terms and subject to the conditions and customer payment of the applicable rates of this tariff for communications originating and terminating within South Dakota.

The Company's Services are available to its customers twenty four hours per day, seven days per week.

2.2 Limitations

2.2.1 Service is offered subject to the availability of the facilities of Company's Underlying Carrier and the provisions of this tariff.

2.2.2 Company reserves the right to discontinue furnishing service, or limit the use of service necessitated by conditions beyond its control, including without limitation, for customer non-payment of charges; or when the customer's use of a service becomes or is in violation of the law or the provisions of this tariff.

2.2.3 The Services provided under this tariff are subject to the direct and exclusive control of the Company. No one may alter or affect the Services nor transfer or assign its use of the Services without the express written consent of the Company, which consent may be withheld, without limitation, by Company in its sole discretion at any time such alteration, effect, transfer or assignment would result in an interruption of the Services or a change in the customer's location to which the Services are to be provided.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.2 Limitations (cont'd)

- 2.2.4 In the event prior written permission from the Company is given for any assignment or transfer, all regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions for service.

2.3 Liabilities of the Company

- 2.3.1 Company has no liability for damages arising out of mistakes, interruptions, omissions, delays, errors, or defects in the transmission or call processing of customer's communications traffic by the Underlying Carrier. The Company's liability for such damages occurring in the course of furnishing the Company's Services but not caused by its gross negligence or willful misconduct or that of its employees or agents, in no event shall exceed an amount equivalent to the proportionate charge to the customer for the period during which such mistakes, interruptions, omissions, delays, errors, or defects in the Company's furnishing of its Services occur.
- 2.3.2 Acceptance of the provisions of Section 2.3.1 by the SDPUC does not constitute its determination that the limitation of liability imposed by the Company should be upheld in a court of law; but the recognition that as it is the duty of the courts to adjudicate negligence claims and rights to recover damages therefor, so it is the duty of the courts to determine the validity of the exculpatory provisions of Section 2.3.1.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.3 Liabilities of the Company (cont'd)

2.3.3 Company shall be indemnified and held harmless by the customer against:

- (A) Claims for libel, slander, or infringement of copyright arising out of the material, data, information, or other content of a customer's communications traffic;
- (B) Claims for patent infringement arising from a customer's use of its equipment, facilities or systems with the Company's Services; and
- (C) All other claims arising out of any act or omission of the customer in connection with any service provided by Company.

2.4 Interruption of Service

2.4.1 Credit allowance for the interruption of service is subject to the general liability provisions set forth in Section 2.3.1 herein. Customer shall receive no credit allowance for interruption of service due to Carrier's testing or adjusting, negligence of the customer, or to the failure of channels or equipment provided by the customer. It shall be the obligation of the customer to notify the Company immediately of any interruption in service for which a credit allowance is claimed. Before giving such notice, the customer shall ascertain that the trouble is not being caused by any action or omission within customer's control, or is not in wiring or equipment, if any, furnished by the customer in connection with the Company's Services.

2.4.2 No credit is allowed in the event service must be interrupted in order to provide routine service quality or related investigations.

2.4 Interruption of Service (cont'd)

- 2.4.3 Credit for failure of service shall be allowed only when such failure is caused by or occurs due to causes within the control of Company or in the event Company is entitled to a credit for the failure of the facilities of Company's Underlying Carrier used to furnish customer's service.
- 2.4.4 No credit shall be allowed:
- (A) For failure of services or facilities of customer; or
 - (B) For failure of services or equipment caused by the negligence or willful acts of customer.
- 2.4.5 Credit for an interruption shall commence after customer notifies Company of the interruption or when Company becomes aware thereof, and ceases when service has been restored.
- 2.4.6 Before customer notifies Company of an interruption, customer shall made reasonable attempts to ascertain that customer, a third party or its or their actions and/or equipment is/are not the cause thereof.
- 2.4.7 Credits are applicable only to that portion of service interrupted.
- 2.4.8 For purposes of credit computation, every month shall be considered to have 720 hours.
- 2.4.9 No credit shall be allowed for an interruption of a continuous duration of less than two hours.

SECTION 3 - DESCRIPTION OF SERVICES

3.1 Usage Based Services

The Company's charges are based on the actual usage of the Company's services, plus any special features and/or service options, if any. Charges begin when the designated communication termination(s) is/are accessed and enabled thereby ("connected") to receive the communications from the originating location on the network. Charges cease when the termination(s) is/are disconnected.

- 3.1.1 Long distance usage charges are based on the actual usage of the Company's network. Timing for all calls begin when the called party answers the call (i.e. when two way communications are established.) Answer detection is based on standard industry answer detection methods, including hardware and software answer detection.
- 3.1.2 Chargeable time for all calls ends when one of the parties disconnects from the call.
- 3.1.3 Unless otherwise specified in this tariff, the minimum call duration for billing purposes is six seconds.
- 3.1.4 Unless otherwise specified in this tariff, usage is measured and rounded to the higher increment for billing purposes.
- 3.1.5 There are no billing charges applied for incomplete calls.

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)

3.2 Rate Plans A and B

Carrier's Rate Plans A and B are switched equal access outbound services using standard equal access dialing to place interLATA and intraLATA calls from customer premises to points located within South Dakota. Rates, charges and restrictions are set forth in § 4 following.

3.3 Services Not Available

Carrier does not offer 800, 900, 911, collect or third-party billed calling.

3.4 Calculation of Distance

Company's current services are not distance sensitive. Charges tariffed on a distance sensitive basis will be based on the airline distance between rate centers located within South Dakota. The distance between rate centers is determined by applying the vertical and horizontal coordinates associated with the rate centers involved as set forth in such major carriers tariffs as AT&T's FCC No. 10. A standard formula for calculating distance such as the following will be used.

Step 1 - Obtain the "V" and "H" coordinates for the originating point and the destination point.

Step 2 - Obtain the difference between both the "V" coordinates and "H" coordinates of each of the Rate Centers.

Step 3 - Square the differences obtained in Step 2.

Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

3.4 Calculation of Distance (cont'd)

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving rate centers.

FORMULA:

$$\frac{\sqrt{(V1 - V2)^2 + (H1 - H2)^2}}{10}$$

3.5 Minimum Call Completion Rate

Calls may be originated in equal access areas only (FGD) and Carrier's minimum call completion rate is 95%.

3.6 Directory Assistance

Local Directory Assistance is defaulted to the appropriate local exchange carrier and long distance Directory Assistance is provided by the Underlying Carrier.

SECTION 4 - RATES

4.1 Description of Rates

Switched outbound services are available to business and residential subscribers under the following rate plans. Calls in each rate plan are billed in increments with minimum billing increment as specified. No charge is made for uncompleted call.

4.2 Plan A

Plan A offers InterLATA/IntraLATA (where permitted) service, with no monthly service charge or installation charges. Calls are billed in six (6) second increments and are rounded up to the next highest increment.

InterLATA/ IntraLATA \$0.028

4.3 Plan B

Plan B offers InterLATA/IntraLATA (where permitted), with no installation charges. A \$3.95 monthly service charge applies. Calls are billed in six (6) second increments and are rounded up to the next highest increment.

SECTION 4 - RATES

4.4 Calling Card Plan

This plan provides calling card service to customers. Callers using ITC's calling card service access the service by dialing a 1-800 number followed by an account identification number and the number being called. The rate below is distance and time-of-day insensitive. Calls are billed in one (1) minute increments. Charges for calls are as follows:

<u>Initial Minute</u>	<u>Subsequent Minute</u>
\$0.28	\$0.28

There is a \$1.85 monthly service charge per calling card.

4.5 Personal 800/888 Service

Personal 800/888 Service is an inbound, toll-free service, using switched access and a standard dialing format (1+800+NXX+XXXX or 1+888+NXX+XXXX) to place calls from points within South Dakota to Customer premises located in South Dakota. Rates are mileage and time-of-day insensitive and are billed in six (6) second increments.

<u>Mileage</u>	<u>Each Six (6) Seconds</u>
All Mileage Bands	\$0.028

There is a \$4.95 monthly service charge for this service.

SECTION 4 - RATES (Cont'd)

4.7 Method of Computing Charges

Charges for each call are totaled by rate period. If the computed charges include a fraction of a mill, the fraction is rounded up to the next whole mill (e.g., \$1.4266 would be rounded up to \$1.43).

4.8 Miscellaneous Charges

Returned Check Charge. Carrier charges a fee of \$20.00 or 5% of the amount of any check returned for insufficient funds, whichever is greater.

4.9 Promotions

Carrier promotions, when offered, must be approved by the SDPUC. Such promotions will specify any charges reduced or waived; customers who are eligible for the promotion; the conditions of eligibility; and the starting and ending dates of the promotional offer. Customers promotional rates are limited to ninety (90) days in any twelve (12) month period.

4.10 Late Payment Charge

A late fee of 1.5% per month will be charged on any past due balance.

TC97-142	Raymond & Genene Sand d/b/a Sand Construction vs U S WEST Communications. "Our complaint is in reference to telephone line location and moving line for Project AJP 3-48-0048-21 Rapid City Regional Airport County Road Relocation, County Road C232, and Construct Runway 14 Safety Area, Pennington County. Bid date for this project was May 9, 1997. At that time or before, the affected utilities were aware that utility relocation would be necessary. A pre-construction meeting was held on May 30, 1997. U S WEST representative Dennis Serfling was present. Raymond Sand stated that he would like to begin the project as soon as possible—at least by June 9th. Dennis Serfling said U S WEST was waiting for cable to arrive for the fiber optic line move and that expected arrival was June 3, 1997, after which they would proceed to install it. Sand Construction notified One Call Notification shortly after the meeting as a precautionary measure. We were issued ticket #23361. The project owners' project paperwork was not completed as rapidly as expected; therefore, Sand Construction didn't begin work until June 16, 1997. The telephone line relocation work in the county road work area was not completed, we had no choice but to try to work around it...We submit that Sand Construction has suffered losses due to the delay in utility relocation by U S WEST. We request recovery of these losses from U S WEST." (Staff: GWK/C)	08/02/97	NA
TC97-148	Terry Nagel vs U S WEST Communications. "On the morning of June 10, 1997, I called U S WEST to begin telephone service. At that time, they said a converter would be sent in 2 days to service us. No one arrived. When we called back, they said a new line would have to be run. (Our residence had a previous phone number, but it had been disconnected.) They estimated a latest date of June 22. Another call, after that date eluded July 30, work was backlogged. Another call on August 1st after another a latest date to September 12, because they did not have rights on hand. This to over 3 months from the date of the request. They did offer us a credit or a cellular phone. But because of the location of our house, we were not able to get a cellular phone. I put the Commission to the U S WEST matter of no service and to get us a cellular phone for our information. The cellular phone was still August 12, 1997, and we are requesting for our cellular phone to be provided." (Staff: GWK/C)	08/18/97	NA

AUTHORITY

TC97-141

On August 8, 1997, the Public Utilities Commission (Commission), in accordance with SDCL 49-31-3 and ARSD 20:10:24:02, received an application for a certificate of authority from International Telecommunications Corp. d/b/a Discount Direct Dialing (ITC).

ITC is a switchless reseller proposing to provide interstate, interexchange long distance service and intrastate interLATA and intraLATA telecommunications services throughout the state of South Dakota. A proposed tariff was filed by ITC. The Commission has classified long distance service as fully competitive.

On August 21, 1997, the Commission electronically transmitted notice of the filing and the intervention deadline of September 5, 1997, to interested individuals and entities. No petitions to intervene or comments were filed and at its regularly scheduled September 25, 1997, meeting, the Commission considered ITC's request for a certificate of authority. Commission Staff recommended granting a certificate of authority.

The Commission finds that it has jurisdiction over this matter pursuant to Chapter 49-31, specifically 49-31-3 and ARSD 20:10:24:02 and 20:10:24:03. The Commission finds that ITC has met the legal requirements established for the granting of a certificate of authority. ITC has, in accordance with SDCL 49-31-3, demonstrated sufficient technical, financial and managerial capabilities to offer telecommunications services in South Dakota. The Commission approves ITC's application for a certificate of authority. As the Commission's final decision in this matter, it is therefore

ORDERED, that ITC's application for a certificate of authority is hereby granted, effective October 8, 1997. It is

FURTHER ORDERED, that ITC shall file informational copies of tariff changes with the Commission as the changes occur.

Dated at Pierre, South Dakota, this 3rd day of October, 1997.

CERTIFICATE OF SERVICE

The undersigned hereby certifies that this document has been served today upon all parties of record in this docket, as listed on the docket service list, by first class mail in properly addressed envelopes, with charges prepaid thereon.
