1. Name and Address of Petitioner

The full Name, Address and Telephone Number of the Petitioner is:

Name: Sonix4U, Inc.
 Address: 24333 Southfield Road, Suite 103

Copies of Petitioner's Articles of Incorporation and Certificate of Amendment to the Articles of Incorporation are collectively attached hereto as Exhibit 1. Petitioner is certified to transact business as a foreign corporation in the State of South Dakota. A copy of Petitioner's Certificate of Authority to transact business in the State of South Dakota as issued by the Secretary of State is attached hereto as Exhibit 2.

(b) Petitioner does not have a principal office located in the State of South Dakota. The Registered Agent of Petitioner in the State of South Dakota is:

National Registered Agents, Inc.
300 South Phillips Avenue, Suite 300
Sioux Falls, SD 57102

(c) The names and addresses of each corporation, association, partnership, cooperative, or individual holding a 20 percent or greater ownership or management interest in the Petitioner Corporation and the amount and character of the ownership or management interest:

Southfield, MI 48075

Elisa Socianu owns sixty percent (60%) of the interest in Petitioner.

(d) Petitioner has no affiliates or subsidiaries.

4. Petitioner's Officers and Directors are as Follows:

Cristian Socianu - President
Elisa Socianu - Director/Secretary/Treasurer

Petitioner presently has no officers or employees in the State of South Dakota.

Petitioner has the technical and managerial resources necessary to provide customers in the State of South Dakota with high-quality resold interexchange telecommunications services. Petitioner's management possesses extensive management and technical experience in the telecommunications industry. The relevant operational and managerial experience of Petitioner's Executive Management staff is set forth in Exhibit 3 attached hereto.

5. The Services to be Offered by Petitioner

Petitioner intends to provide non-facilities-based and resold interexchange telecommunications services indiscriminately to both residential and business class customers throughout the entire State of South Dakota. Although Petitioner does not intend to offer services in the rural areas, to the extent any interexchange carrier ("IXC") in the State of South Dakota is granted a small or rural carrier exemption pursuant to §251 (f) of the Federal Telecommunications Act of 1996 in the future, then Petitioner will seek authority to operate in such service area(s) as well. Petitioner proposes to acquire and resell various voice and data communications services offered by IXCs, and to package and provide these services for the specialized functions and needs of its customers. In particular, services will be acquired from underlying IXCs at bulk rates and will be resold to Petitioner's customers, so that customers will benefit from reduced pricing. The experienced management, technical, and operations expertise of the Petitioner team will enable Petitioner to begin offering competitive high-quality service immediately upon the grant of the authority requested herein.

In addition to reduced pricing, the introduction of Petitioner's services will promote competition and lead to greater efficiencies and more rapid introduction of new technologies in the use of telephone service. Thus, South Dakota Public Utilities Commission (hereinafter "SDPUC") grant of this petition will significantly serve the public interest through enhanced competition in the market for interexchange services through the addition of a well-managed new entrant into the market.

Petitioner will arrange for an interexchange company to connect the customer to the Petitioner's services. Petitioner will handle a request for new service identically for both small and large businesses.

Initially, Petitioner intends to provide non-facilities-based and resold interexchange services to South Dakota consumers in South Dakota's IXC territories utilizing the facilities and networks of its underlying carriers. Petitioner may supplement this service with other resold services provided by IXCs. Petitioner's services will be available on a full-time basis, 24 hours a day, seven days a week.

Petitioner asserts that the interexchange telecommunications services that it proposes to offer will satisfy the minimum standards established by the SDPUC. Petitioner agrees to meet the minimum basic interexchange service standards, including quality of service and billing standards, as the SDPUC requires of the IXC's with which Petitioner seeks to compete.

6. A Detailed Statement of the Means by Which the Petitioner will Provide its Services, Including the Type and Quantity of Equipment to be Used in the Operation, the Capacity, and the Expected use of Equipment.

Petitioner will resell the interexchange telecommunications services of facilities-based IXC's offering business and residential class services throughout the State of South Dakota.

Petitioner will offer services to its subscribers through the resale of other IXC's facilities and network elements.

All facilities to be used in connection with the provisioning of the proposed services are those of the State's IXC and, as such, are already constructed and in operation in accordance with any necessary federal and State authorizations.

Petitioner will, through interconnection with other carriers, offer 911 and enhanced 911 emergency service, directory assistance and operator assisted dialing, dual party relay services and other miscellaneous services currently provided by existing IXC's.

Petitioner's services will be available on a full-time basis, 24 hours a day, seven days a week. Customer Service support will also be available on a full-time basis, 24 hours a day, seven days a week by calling (800) 574-0304. Petitioner has the technical ability to provide the services contemplated herein. Petitioner's management possesses extensive technical experience in the telecommunications industry. Petitioner's management also possesses the technical expertise necessary to provide customers in the State of South Dakota with high-quality resold interexchange telecommunications services.

The quality of service that Petitioner's interexchange customers will receive will be at least equivalent to that provided by the IXC's. Petitioner's services will satisfy the minimum standards established by the SDPUC. Petitioner will file and maintain its tariff in the same manner and form as required of IXC's with which Petitioner seeks to compete.

7. The Geographic Areas in Which the Services will be Offered or a Map Describing the Service Area:

Petitioner intends to provide non-facilities-based and resold interexchange telecommunications services throughout the entire State of South Dakota. Petitioner initially intends to provide interexchange telecommunications services from, to and between all exchanges in the State of South Dakota served by South Dakota's IXCs to the extent permitted by federal and State law, and by the SDPUC's rules. In connection with the approval of their current operating authority in the State of South Dakota, to the extent that the IXCs have submitted to the SDPUC maps which illustrate in detail the exact geographical area served by each IXC, the Petitioner refers the SDPUC to said maps. In as much as Petitioner intends to provide resold interexchange telecommunications services in all parts of the State, to the extent authorized by law, and that maps detailing the provision of telecommunications service in South Dakota are already on file with the SDPUC, Petitioner respectfully requests that the SDPUC not require the Petitioner to submit the same or similar maps.

8. Current Financial Statements; A Copy of the Petitioner's Report to Stockholders; and A Copy of Petitioner's Tariff with the Terms and Conditions of Service.

In support of its financial qualifications, Petitioner submits its balance sheet, income statement and pro forma financial statements for its first three (3) years of operations, are collectively attached hereto as Exhibit 4. These statements demonstrate that Petitioner has the financing and working capital necessary to fulfill any obligations it may undertake with respect to the operation and maintenance of its network.

Accordingly, Petitioner asserts that it has the financial resources necessary to operate as a resold interexchange telecommunications services provider in the State of South Dakota.

8a. Proposed Tariffs

Petitioner's proposed interexchange tariff, containing its proposed rates, terms and conditions of service, is attached hereto as Exhibit 5. Petitioner believes that the rates, terms and conditions of service contained in the abovementioned proposed tariff are competitive and reasonable.

9. The Names, Addresses, Telephone Number, Fax Number, E-mail Address, and Toll Free Number of the Petitioner's Representatives to Whom all Inquiries Should be Made Regarding Complaints and Regulatory Matters and a Description of how the Petitioner Handles Customer Billings and Customer Service Matters.

The Representative of the Petitioner to whom the SDPUC is requested to direct correspondence regarding this Application is:

Petitioner has made arrangements for its customers to call the Petitioner at its toll-free customer service number. In addition, customers may contact the Petitioner in writing at the headquarters address listed below. The toll-free number will be printed on the customers' monthly billing statements. Petitioner services will be available on a full-time basis, 24 hours a day, seven days a week.

Southfield, MI 48075

Customer Service support will also be available on a full-time basis, 24 hours a day, seven days a week by calling (800) 574-0304.

Petitioner will not discriminate between business and residential customers when service is requested and/or provided.

Subscribers may contact Petitioner's Customer Service by calling the Petitioner at its toll-free customer service number: 1-800-574-0304. Customer support will be provided through use of a combination of a voice recognition unit and live CSR and customer sales representative interactions.

10. Current Business Transactions

Petitioner has received resold interexchange telecommunications authorization in the states of California, Michigan, Oregon, Pennsylvania, Texas, Utah, Virginia and Washington.

Petitioner is in the process of petitioning the remaining states of the Union for resold interexchange telecommunications authority. In no instance has an application been denied or rejected.

11. A Description of how Petitioner Intends to Market its Services, its Target Market, Whether the Petitioner Engages in any Multilevel Marketing, and Copies of any Company Brochures Used to Assist in the Sale of Services:

Petitioner intends to market its resold interexchange services to its target market, which consists primarily of business and residential customers, through direct marketing, direct mailings, telemarketing and, perhaps, via televised infomercials. Petitioner does not engage in multilevel marketing. Copies of Petitioner brochures that will be used to assist in the marketing of company services are not available, as of this date.

12. Cost Support for Rates Shown in the Petitioner's Tariff for all Noncompetitive or Emerging Competitive Services.

All services offered by the Petitioner, as detailed in its tariff attached hereto as Exhibit S, are competitive in nature. The Petitioner does not offer noncompetitive or emerging competitive services at this time.

Because Petitioner plans to provide service to less than fifty thousand (50,000) interexchange subscribers in the State of South Dakota, cost support information for rates shown in the Petitioner's tariff or price list (for rate or price regulated noncompetitive or emerging competitive services) should not apply to Petitioner.

13. Managerial and Technical Qualifications

Petitioner's management possesses extensive management and technical experience in the telecommunications industry. Petitioner's management possesses the managerial and technical ability to provide resold interexchange telecommunications service in the State of South Dakota as demonstrated below.

13a. Managerial Qualifications

Petitioner has the managerial experience to successfully operate as a resold, non facilities-based interexchange telecommunications services provider in the State of South Dakota. Petitioner's management has been able to implement a number of innovative measures to meet consumer needs. The backgrounds of these key executives, combined with the telecommunications history of Petitioner, is clear evidence that Petitioner possesses the managerial qualifications required to provide non facilities-based, resold interexchange telecommunications services. Petitioner's key managerial and technical qualifications are attached hereto as Exhibit 3.

13b. Technical Qualifications

The Name, Address and Telephone Number of the Person Primarily Responsible for the Design, Installation, Maintenance and Repair of Equipment and the individual most knowledgeable about Petitioner's South Dakota Operations for the Proposed System is:

Name:	Mr. Cristian Socianu
Title:	President
	24333 Southfield Road, Suite 103
	Southfield, MI 48075
Telephone Number:	(248) 424-8410

14. Information Detailing the Following Matters Associated with Interconnection to Provide Proposed Local Exchange Services.

At this time, Petitioner is not applying for authority to operate as a local exchange carrier. Petitioner is applying for interexchange authority to operate as a non-facilities-based reseller of telecommunications services in the State of South Dakota.

15. Rural Telephone Company

Petitioner does not seek to provide resold, non-facilities-based competitive IXC services in the service area of a rural telephone company. Therefore, Petitioner should not have to meet the service obligations imposed pursuant to § 20:10:32:15.

16. Solicitation and Unauthorized Switching

Petitioner will not switch a customer's service without a valid Letter of Authorization ("LOA") or Third Party Verification.

Petitioner will not charge its Customers for any services that have not been ordered.

17. Formal Complaints

No officer, director, or shareholder, nor any of the Petitioner's business operations, have been involved in any formal complaint or other investigatory or enforcement proceeding.

18. Request for Waiver

Petitioner hereby requests a waiver of the SDPUC's request for additional financial statements, specifically a statement of cash flow. Petitioner does not offer prepaid calling cards, does not require advance deposits and does not require advanced payments from its customers. Therefore, Petitioner respectfully requests that the SDPUC not apply the additional financial statements requirement to it.

19. Federal Identification Number

The Federal Identification Number for Petitioner is UH-383559228.

20. Statement of Compliance

Petitioner agrees to abide by all applicable statutes and all applicable Orders, rules and regulations entered and adopted by the SDPUC. Petitioner certifies and agrees that its interexchange telecommunications services will be provided in compliance with the rules and regulations of the SDPUC.

Petitioner understands that the SDPUC may, at its discretion, require the production of audited financial statements and additional information from the Petitioner to supplement that contained in this Application. Petitioner shall notify the SDPUC of any changes in subdivisions 1, 2, 3b, 7, 8a, 9 and 11, as they occur.

Petitioner understands that certification as a public utility to provide resold interexchange telecommunications services is nontransferable and may be revoked by the SDPUC for violation of SDPUC Rules and Regulations.

21. How Competition will be Enhanced if the Petitioner is Allowed to Enter the Market

Petitioner proposes to provide various voice and data communications services offered by communications common carriers and to package and provide these services for the specialized functions and needs of its customers. In particular, services will be acquired from underlying communications common carriers at bulk rates and will be resold to Petitioner's customers, so that customers will benefit from reduced pricing. In addition, Petitioner will interconnect with the networks of IXCs. The experienced management, technical and operations expertise of the Petitioner's team will enable Petitioner to begin offering competitive high quality service immediately upon the grant of the authority requested herein.

In addition to the reduced pricing, the introduction of the Petitioner services will promote competition and lead to greater efficiencies and more rapid introduction of new technologies in the use of interexchange telecommunications services. Thus, SDPUC grant of this Petition will significantly serve the public interest through the addition of a well managed new entrant into the interexchange telecommunications services market.

22. Expeditious Treatment

Petitioner desires to be licensed to offer the benefits of its service to the public at the earliest possible date. Therefore, it is requested that this Petition be given expeditious treatment.

CONCLUSION

In view of the foregoing, Sonix4U, Inc. respectfully submits that the Certificate of Public Convenience and Necessity would be served by grant of its Petition for certification to operate as a non-facilities-based and resold interexchange telecommunications service provider in the State of South Dakota.

Respectfully submitted,

Sonix4U, Inc.

SYMBOLS

The following are the only symbols used for the purposes indicated below:

- D - Delete or Discontinue
- I - Change Resulting in an Increase to a Customer's Bill
- M - Moved from Another Tariff Location
- N - New
- R - Change Resulting in a Reduction to a Customer's Bill
- T - Change in Text or Regulation but no Change in Rate or Charge

TARIFF FORMAT

- A. Sheet Numbering** - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the S.D.P.U.C. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the S.D.P.U.C. follows in their tariff approval process, the most current sheet number on file with the S.D.P.U.C. is not always the tariff sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Number Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).1.
 - 2.1.1.A.1.(a).1.(i).
 - 2.1.1.A.1.(a).1.(i).(1).
- D. Check Sheets** - When a tariff filing is made with the S.D.P.U.C., an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the S.D.P.U.C.

TARIFF FORMAT

- A. Sheet Numbering** - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the S.D.P.U.C. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the S.D.P.U.C. follows in their tariff approval process, the most current sheet number on file with the S.D.P.U.C. is not always the tariff sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Number Sequence** - There are eight levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).1.
 - 2.1.1.A.1.(a).1.(i).
 - 2.1.1.A.1.(a).1.(i).(1).
- D. Check Sheets** - When a tariff filing is made with the S.D.P.U.C., an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the S.D.P.U.C.

On August 29, 2001, the Public Utilities Commission (Commission), in accordance with SDCL 49-31-3 and ARSD 20:10:24:02, received an application for a certificate of authority from Sonix4U, Inc. (Sonix4U).

Sonix4U proposes to offer interexchange telecommunications services in South Dakota. A proposed tariff was filed by Sonix4U. The Commission has classified long distance service as fully competitive.

On August 30, 2001, the Commission electronically transmitted notice of the filing and the intervention deadline of September 14, 2001, to interested individuals and entities. No petitions to intervene or comments were filed and at its May 9, 2002, meeting, the Commission considered Sonix4U's request for a certificate of authority. Commission Staff recommended granting a certificate of authority, subject to the condition that Sonix4U not offer a prepaid calling card or require or accept deposits or advance payments without prior approval of the Commission.

The Commission finds that it has jurisdiction over this matter pursuant to SDCL Chapter 49-31, specifically 49-31-3 and ARSD 20:10:24:02 and 20:10:24:03. The Commission finds that Sonix4U has met the legal requirements established for the granting of a certificate of authority. Sonix4U has, in accordance with SDCL 49-31-3, demonstrated sufficient technical, financial and managerial capabilities to offer telecommunications services in South Dakota. The Commission approves Sonix4U's application for a certificate of authority, subject to the condition that Sonix4U not offer a prepaid calling card or require or accept deposits or advance payments without prior approval of the Commission. As the Commission's final decision in this matter, it is therefore
