MEMORANDUM

TO: Commissioners Sahr, Hanson and Burg

FROM: Keith Senger 

RE: TC03-105 – Interstate Telecommunications Cooperative, Inc., Intrastate Switched Access Revenue Requirement and Minutes of Use

DATE: July 2, 2004

On June 30, 2003, Interstate Telecommunications Cooperative, Inc, (ITC) filed an Intrastate Switched Access Cost Study pursuant to the administrative rules and based on the twelve months ended December 31, 2002. The cost study submitted by ITC developed a revenue requirement of \$3,329,154 and reported 40,176,390 intrastate access minutes of use for 2002. On September 5, 2003 ITC notified the Commission of an error in the minutes of use in the original filing and filed an amended cost study which developed a revenue requirement of \$2,996,092 and reported 29,651,385 intrastate access minutes of use for 2002. ITC is a member of the Local Exchange Carriers Association (LECA). As a member of LECA, ITC's revenue requirement and intrastate access minutes of use are part of the total revenue requirement and total intrastate access minutes of use used in the determination of the Carrier Common Line, Local Switching, and Common Transport rate elements for LECA.

On July 3, 2003, the Commission electronically transmitted notice of the filing and the intervention deadline of July 18, 2003, to interested individuals and entities. On September 23, 2003, the Commission ordered ITC to deposit an initial assessment of \$1000 in the SDPUC regulatory fee fund and to deposit any additional amounts as required by the executive director.

Staff has reviewed the cost study and supporting documentation and sent five data requests. ITC has responded to Staff's data requests.

ITC's cost study used exchange minutes based on adjusted 1995 toll to exchange ratio. Staff requested ITC to complete a current traffic study. In compromise, ITC pulled current exchange data from several switches and agreed to update the traffic factors accordingly. Staff further requested ITC to remove (1) \$10,537 for dues, contributions, flowers, decorations, gift certificates, giveaway items, etc., (2) \$8,476 of unregulated advertising, (3) \$2,412 of unregulated FRRPA expense, (4) \$261,583 of subscriber plant used for unregulated activities (directly assigned to Interstate/Other), (5) \$1,248,098 of retired subscriber plant (and the associated accumulated depreciation and depreciation expense) (6) \$852,719 of interexchange cable and wire facilities and associated electronics (and the associated accumulated depreciation, depreciation expense and other related expenses) used for unregulated services (7) \$682,731 of plant under construction (and the associated accumulated depreciation and depreciation expense) to bring the plant under construction known and measurable adjustments to actual amounts and (8) \$1,794,448 of plant under construction (and the associated accumulated depreciation and depreciation expense) used for unregulated services. ITC has requested to add adjustments to recover (1) \$64,701 of MCI and Global Crossing intrastate access uncollectibles (amortized over three years), (2) \$121,837 of additional payroll and benefits increase not originally requested, (3) \$38,000 of unrecovered cost study expense for previous cost study (TC02-053) and (4) \$36,063 of additional cost study expense

for this study not originally requested. For settlement purposes, Staff and ITC have agreed to all the above noted adjustments. On July 1, 2004, ITC submitted a final revised cost study that agrees with all of Staff's and ITC's adjustments. This revised study developed a revenue requirement of \$2,911,266. This represents a \$3,062 increase from ITC's previous cost study (TC02-053).

Staff recommends the Commission approve the adjusted revenue requirement of \$2,911,266 and intrastate access minutes of use of 29,651,385 for Interstate Telecommunications Cooperative, Inc.

On September 5, 2003 and July 1, 2004, Interstate filed amended 2002 Intrastate Switched Access Cost Studies.

On July 3, 2003, the Commission electronically transmitted notice of the filing and the intervention deadline of July 18, 2003, to interested individuals and entities. Staff filed a memorandum on July 2, 2004, with the concurrence of the company, setting forth a recommended revenue requirement and minutes of use. The Commission has jurisdiction over this matter pursuant to SDCL 1-26-17.1, 49-1A-9, 49-31-12.4, 49-31-12.6, 49-31-18, 49-31-19 and ARSD 20:10:01:15.02, 20:10:01:15.05, 20:10:27:07 and 20:10:27:08.
