RECIPROCAL INTERCONNECTION, TRANSPORT AND TERMINATION AGREEMENT

11-03-2004
SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION

This Reciprocal Interconnection, Transport and Termination Agreement ("Agreement") is entered into by and between ~~BRIDGEVIEW CANISTOTA~~ ~~INDEPENDENT TEL. CO.~~ ("the Telephone Company"), and WWC License L.L.C. ("the CMRS Provider"). The Telephone Company and the CMRS Provider are each individually a "Party" and are together the "Parties" to this Agreement.

WHEREAS, the Telephone Company is an Incumbent Local Exchange Carrier which is operating as a Rural Telephone Company in the State of South Dakota;

WHEREAS, the CMRS Provider is licensed by the Federal Communications Commission ("FCC") as a Commercial Mobile Radio Service Provider;

WHEREAS, the Telephone Company and the CMRS Provider desire to establish arrangements between one another for the exchange of telecommunications traffic between their respective networks for the benefit of the Parties and their customers.

WHEREAS, the Parties wish to put in place an arrangement for the mutual exchange and reciprocal compensation of telecommunications traffic in accordance with Section 251(b)(5) of the Telecommunications Act of 1996.

WHEREAS, the Parties agree that their entry into this Agreement is without prejudice to and does not waive any positions they may have taken previously, or may take in the future, in any legislative, regulatory, judicial or other public forum addressing any matters related to the same types of arrangements covered in this Agreement, and;

NOW, THEREFORE, in consideration of the foregoing and the undertakings contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Telephone Company and the CMRS Provider agree as follows:

This Agreement sets forth the terms, conditions and prices under which (a) the Parties agree to directly interconnect the networks of the CMRS Provider and the Telephone Company for the purposes of the exchange of telecommunications traffic between the Parties' networks or (b) the Parties will transport and terminate the telecommunications traffic originated by the other Party and delivered via the network of a Third Party Provider. This Agreement is not intended to establish any terms, conditions, or pricing applicable to the provisioning of any transiting service.

Except as otherwise expressly provided for herein, this Agreement does not obligate either Party to provide arrangements or transport or terminate traffic not specifically provided for herein. Except as otherwise expressly provided for herein, this Agreement has no effect on the definition of End User services that either Party offers to its End User Customers, the services either Party chooses to offer to its respective End User Customers, the rate levels or rate structures that either Party charges its End Users for services, or the manner in which either Party provisions or routes the services either Party provides to its respective End User Customers.

This Agreement is not, however, intended to address any issues or disagreements that may exist between the Parties concerning the interpretation and application of provisions found in 47 U.S.C. § 332(c) and whether CMRS Provider, in providing certain wireless communications services, is subject to Commission regulation, including, but not limited to regulations requiring

providers of local exchange type services to seek a certificate of authority from the Commission prior to offering such services.

Further, this agreement does not address the additional service obligations imposed on incumbent local exchange carriers pursuant to 47 U.S.C. § 251(c) and is based on a request for services pursuant to 47 U.S.C. §§ 251(a) and 251(b). By this Agreement neither Party waives any rights it may have under the Federal Act or rules of the FCC, under state statute, or pursuant to rules of the Commission. Such rights may include CMRS Provider's right to request a review of the rural telephone company exemption provided for under 47 U.S.C. § 251(f) and South Dakota Codified Laws § 49-31-79 and Telephone Company's right to seek to maintain the exemption.

The Parties further agree and understand that the per minute reciprocal transport and termination rates set forth in Appendix A to this Agreement are not based on a specific costing methodology or company specific cost study.

1.0 Definitions

Definitions of the terms used in this Agreement are listed below. The Parties agree that certain terms may be defined elsewhere in this Agreement, as well. Terms not defined shall be construed in accordance with their customary meaning in the telecommunications industry as of the effective date of this Agreement.

"Act" means the Communications Act of 1934 (47 U.S.C. Section 151 et seq.), as amended.

"Cell Site" means the location of radio transmitting and receiving facilities associated with the origination and termination of wireless traffic to a wireless End User.

"Commercial Mobile Radio Service" or "CMRS" has the meaning given to the term in the Act.

"Commission" means the South Dakota Public Utilities Commission.

"Conversation Time" means the time (in full second increments) that both Parties' equipment is used for a call, measured from the receipt of answer supervision to disconnect supervision.

"Incumbent Local Exchange Carrier or Incumbent LEC" has the meaning given the term in the Act.

"Indirectly Connected" refers to a network arrangement in which the networks of the Parties are connected through a Third Party Provider's facilities.

"Interconnection" refers to the connection of separate pieces of equipment, facilities, or platforms between or within networks for the purpose of transmission and routing of Telecommunications.

"Inter-exchange Carrier" or "IXC" means a telecommunications carrier that provides toll telephone service, as the latter term is defined in the Act.

"InterLATA Service" has the meaning given the term in the Act.

"InterMTA traffic" means all wireless to wireline calls, which originate in one MTA and terminate in another MTA based on the location of the connecting cell site serving the wireless end user and the location of the end office serving the wireline end user.

"Local Traffic," for purposes of this Agreement, means: (1) for wireless to wireline calling, traffic exchanged between the CMRS Provider and the Telephone Company that, at the beginning of the call, originates and terminates within the same MTA based on the location of the connecting cell site serving the originating wireless end user and the location of the end office serving the terminating wireline end user; and (2) for wireline to wireless calling, traffic exchanged between the Telephone Company and the CMRS Provider that originates in a Telephone Company exchange and terminates to a CMRS Provider NXX that has its rate center within the Telephone Company exchange or within the Local Calling Area as set forth in Appendix B to this Agreement.

"NXX", "NXX Code", "Central Office Code", or "CO Code" is the 3-digit switch indicator that is defined by the D, E, and F digits of a 10-digit telephone number within the NANP. Each NXX Code contains 10,000 telephone numbers.

"Party" means either the CMRS Provider or the Telephone Company, and "Parties" means the CMRS Provider and the Telephone Company.

"Point of Interconnection" or "POI" means a physical location where the Telephone Company and the CMRS Provider interconnect their respective networks thereby establishing the technical interface and points for operational division of responsibility.

"Tandem" means a switching system that, through a trunk-to-trunk connection, provides a concentration and distribution function for originating or terminating traffic between end offices, other tandems and Third Party Providers'.

"Telecommunications" has the meaning given in the Act.

"Telecommunications Carrier" has the meaning given in the Act.

"Termination" means the switching of Traffic at the terminating carrier's end office switch, or equivalent facilities, and delivery of such traffic to the called party.

"Third Party Provider" shall mean any facilities-based telecommunications carrier, including, without limitation, Interexchange Carriers, independent telephone companies, competitive local exchange carriers, or CMRS Providers that carries transiting traffic. The term shall not mean resellers of a LEC's local exchange services or resellers of a CMRS Provider's services.

"Traffic" includes Local Traffic and InterMTA Traffic.

"Transport" means the transmission of traffic from the POI between the two Parties or from the interconnection point of the Third Party Provider and a Party to the Party's switch that directly serves the called party. In the case of a Type 2A connection Transport includes Tandem Switching.

"Trunk Group" means a set of trunks of common routing, origin and destinations, and which serve a like purpose or function.

"Trunk Side" means a Party's connection that is capable of, and has been programmed to treat the circuit as, connecting to another switching entity, for example another Telephone Company to CMRS Provider switch. Trunk Side connections offer those transmission and signaling features appropriate for the connections of switching entities.

2.0 Description of Traffic

2.1 This agreement applies both to Local and to interMTA traffic originated by the End User subscribers of one Party and terminated to end-user subscribers of the other Party which is (a) delivered over facilities owned or controlled by the Parties, which directly interconnect the Parties or, (b) indirectly connected, i.e., delivered over a Third Party Provider's transiting facilities. Local Traffic is subject to local Transport and Termination charges as described in Appendix A. InterMTA Traffic is subject to Telephone Company's interstate or intrastate access charges.

2.2 The Parties recognize that the Federal Communications Commission issued its Order on Remand and Report and Order on Intercarrier Compensation for ISP-bound Traffic in its Docket No. 96-98 on April 27, 2001, and that Telephone Company and various other parties have filed appeals of that Order. The Parties agree that ISP-bound traffic between them, if any, is presently de minimus. If a Party has reason to believe that enhanced service and Internet traffic is not de minimus, that Party may reopen negotiations to determine an appropriate method for identifying such traffic, and, so long as the FCC Order referred to above is final and outstanding, such traffic above a de minimus level shall be transported and terminated in accord with the interim compensation regime established by the FCC in the Order. If Telephone Company, with respect to traffic originated by its incumbent LEC subscribers, elects to invoke the rate cap for ISP-bound traffic established in the FCC's Order on Remand and Report and Order on Intercarrier Compensation for ISP-bound Traffic in its Docket No. 96-98 with respect to any telecommunications carrier, the Telephone Company and the CMRS Provider will begin exchanging all Local Traffic at the capped rate on the effective date of the implementation of the rate cap.

3.0 Direct Interconnection of the Party's Facilities Where a Third Party Provider Is Not Utilized

This Section describes the network architecture with which the Parties to this Agreement may interconnect their respective networks for the Transport and Termination of traffic.

3.1 Interconnection Facilities

- 3.1.1 Type 1 Interconnection: Facilities which provide line side connections between a Telephone Company end office and the CMRS Provider's POI within that end office boundary. Type 1 facilities provide the capability to exchange traffic between the CMRS Provider subscribers and Telephone Company subscribers served only by that Telephone Company end office and other end offices within the Local Calling Area as designated in Appendix B, subject to the capabilities and use of the interconnection as described in Exhibit 1 attached to this Agreement.
- 3.1.2 Type 2A Interconnection: Facilities which provide a trunk side connection between the CMRS Provider and a Telephone Company End Office or Tandem switch that is capable of trunk to trunk switching, as specified in Appendix B. The CMRS Provider's POI must be located within the Telephone Company's exchange boundary of that Telephone Company End Office or Tandem switch. Type 2A facilities provide the capability for the CMRS provider with a NPA-NXX in that rate center to exchange traffic between the CMRS provider subscribers and Telephone Company subscribers served only by that Telephone Company end office and other end offices subtending the switch where the Type 2A connection is established.
 - 3.1.2.1 For CMRS traffic terminating to the Telephone Company, the Telephone Company will terminate traffic from the POI to any end user in the intra-company exchanges that subtend the Tandem/Intermediate/Host office (as specified in Appendix B) where the CMRS Provider is directly connected.
 - 3.1.2.2 Only Local Traffic originating from the Telephone Company end users in the LEC Local Calling Area (as specified in Appendix B) will be delivered by the Telephone Company to the CMRS Provider POI.
- 3.1.3 Type 2B Interconnection: Facilities which provide a trunk side connection between the CMRS Provider and the Telephone Company end office. The CMRS Provider's POI must be located within the Telephone Company's end office exchange boundary of that Telephone Company end office. Type 2B facilities provide the capability for the CMRS Provider with a NPA-NXX in that rate center to exchange traffic between the CMRS Provider subscribers and the Telephone Company-subscribers served only by that Telephone Company end office and other end offices within the Local Calling Area as designated in Appendix B, subject to the capabilities and use of the interconnection as described in Exhibit 1 attached to this Agreement.
- 3.1.4 The Parties shall provide each other a forecast of projected mobile to land or land to mobile usage for each point of interconnection when significant changes in

traffic patterns are anticipated. The Parties agree to work cooperatively to determine the number of trunks needed to handle the estimated traffic. Upon mutual agreement of the Parties, Type 1, Type 2A, and Type 2B facilities may be either one-way or two-way.

3.1.4.1 When both Parties agree to utilize and implement two-way facilities, charges will be shared by the Parties on a proportional percentage basis as specified in Appendix A "Shared Facility Factor". The Parties shall review actual minutes capable of being transported on shared two way facilities and modify the percentages specified in Appendix A three months from the Executed Date of this Agreement and every twelve months thereafter. The modified percentages shall be used to true-up, on a going forward basis, the charges between the Parties.

3.1.4.2 When both Parties agree to utilize one-way facilities in the land-to-mobile direction or in the event that Western Wireless chooses to implement only one-way land-to-mobile facility use, charges will be shared by the Parties on a proportional percentage basis as specified in Appendix A 7.0 "Shared Facility Factor". In the event Western Wireless subsequently implements mobile-to-land use of these facilities, the provisions of 3.1.4.1 shall apply.

3.2 Facility Locations

3.2.1 Technical Feasibility

3.2.1.1 Appendix B contains the existing POIs established between the Parties. The CMRS Provider and Telephone Company may establish additional POIs, from time to time, in accordance with this Agreement. Appendix B also contains information on the other locations where direct interconnection with the Telephone Company's network may be requested.

3.2.1.2 Both Parties recognize the Telephone Company may make modifications to its network architecture, NPA-NXX utilization, or Local Calling Area that impact the "Interconnection and Local Calling Data" contained in Appendix B. In the event the Telephone Company intends to make modifications that impact Appendix B, the Telephone Company will provide 90 days advance notice of any such modifications to CMRS Provider where such modifications will impact traffic routed over direct interconnect facilities.

3.2.2 Incumbent LEC Requirement

3.2.2.1 The Parties acknowledge that the services provided by Telephone Company under this Agreement are provided pursuant to the Telephone Company's obligations falling under 47 U.S.C. § 251(a) and 251(b) and that terms and conditions specified in this Agreement do not apply to the provision of services or facilities by the Telephone Company in those areas where the Telephone Company is not the incumbent LEC.

3.3 Additional Interconnection Methods Available to the CMRS Provider

- 3.3.1 The CMRS Provider may provide its own facilities and transport for the delivery of traffic from its MSC (or other mutually agreed upon point on the CMRS Provider's network) to the POI on the Telephone Company's network. Alternatively, the CMRS Provider may purchase an entrance facility and transport from a Third Party Provider or from the Telephone Company for the delivery of such traffic. Rates for entrance facilities and transport purchased from the Telephone Company are specified in the Telephone Company's Interstate Access Service Tariff or Intrastate tariff or pricing catalog.
- 3.3.2 The Parties may share the Telephone Company's interconnection facilities at the rates specified in applicable tariffs. Charges will be shared by the Parties based on their proportional (percentage) use of such facilities as specified in Appendix A Shared Facility Factor.

3.4 Technical Requirements and Standards

- 3.4.1 Each Party will provide the services in this Agreement to the other Party under reasonable and non-discriminatory conditions and at a standard that is at least equal in quality and performance to that which the Party provides to other connecting carriers. Either Party may request and the other Party will provide, to the extent technically feasible, services at a higher or lesser standard, provided however, that any such requests shall be considered a special request, and will be handled on a case-by-case basis.
- 3.4.2 Nothing in this Agreement will limit either Party's ability to modify its network, including, without limitation, the incorporation of new equipment and new software. Each Party will provide the other Party reasonable written notice, of any such modifications to its network, which will materially impact the other Party's service. Each Party will be solely responsible, at its own expense, for the overall design of its telecommunications services and for any redesigning or rearrangement of its telecommunications services which may be required as a consequence of this Agreement, including, without limitation, changes in facilities, operations or procedures, minimum network protection criteria, or operating or maintenance characteristics of facilities. These provisions shall not in any way affect the application of special construction charges of the Telephone Company, for the construction of new facilities, where such charges would otherwise be applicable in provisioning the new or additional service.

4.0 Transmission and Routing of Traffic

This Section provides the terms and conditions for the exchange of traffic between the Parties' respective networks for the transmission and routing by the Parties of wireless Traffic.

4.1 Mobile to Land Traffic – Directly Interconnected

- 4.1.1 The CMRS Provider shall be responsible for the delivery of Traffic from its Network to the appropriate Point of Interconnection on the Telephone Company's network, as set forth in Appendix B, for the Transport and Termination of such traffic by the Telephone Company to one of its End Users.

4.1.2 If the CMRS Provider chooses to use the Telephone Company's services or facilities, not otherwise covered under this Agreement, appropriate tariff or pricing catalog rates, or rates established under separate agreement will apply.

4.2 Land to Mobile Traffic – Directly Interconnected

4.2.1 The Telephone Company with which CMRS Provider has directly connected shall be responsible for the delivery of traffic from its End Users in the "Local Calling Area" connected to its network to the appropriate Point of Interconnection (within the exchange boundary of the end office in which the tandem, providing Type 2A Interconnection, is located, or within the exchange boundary of the end office providing Type 1 and/or Type 2B Interconnection) on the CMRS Provider's network for the Transport and Termination of such traffic by the CMRS Provider to its End User.

4.2.2 Telephone Company agrees that its landline customers will dial CMRS provider NPA-NXXs on a local basis, so long as the CMRS Provider NPA-NXX has been assigned by the North American Numbering Plan Administrator (NANPA) to an end office rate center in which a POI is physically located, and provided such local access is consistent with the capabilities and use of the direct interconnection established as described in Exhibit 1 to this Agreement. When the Parties are directly connected, Telephone Company agrees to deliver all such locally-dialed traffic to CMRS Provider at that Point of Interconnection with the CMRS Provider.

4.3 Mobile to Land - Indirectly Connected via a Third Party Provider.

As an alternative to routing traffic covered by this Agreement through a Point of Interconnection, the CMRS Provider may choose to deliver traffic from its network to the Telephone Company via a Third Party Provider and thus be indirectly connected with the Telephone Company for the delivery of traffic originated on the CMRS Providers' network by the CMRS Providers' End Users.

5.0 Transport and Termination Compensation

5.1 Rates - The CMRS Provider and the Telephone Company shall reciprocally and symmetrically compensate one another for Local Traffic terminated on either Party's network. The rates at which the Parties shall compensate each other for the Transport and Termination of Traffic are set forth in Appendix A hereto.

5.1.1 Telephone Company's access charges apply to the termination of InterMTA traffic.

5.1.2 The rates applicable to Local Traffic are set forth in Appendix A.

5.1.3 The Transport and Termination Services provided hereunder are intended for wireless to wireline or wireline to wireless, but not wireline to wireline communications. Such services will not be used to terminate other types of traffic on Telephone Company's network (such as wireline originated traffic) and services used in violation hereof shall constitute a breach of this Agreement. In addition to any other remedies available, the Party whose services have been

improperly used shall be entitled to recover the appropriate charges for such traffic for the entire period of misuse.

5.2 De Minimus Traffic - In the event the Traffic terminated on the Telephone company's network is de minimus such that the total minutes for compensation is less than 3,000 minutes of use for a three month period (or 1,000 minutes of use for a one month period if the Telephone Company bills monthly), the Parties agree that the Telephone Company shall not render a billing. It is agreed that the only compensation for that de minimus Traffic will be in the form of the reciprocal Transport and Termination services provided by the other Party, i.e., Traffic will be exchanged on a bill and keep basis, and no billing will be issued by the Telephone Company.

5.3 Conversation Time - For purposes of billing compensation, billed minutes will be based upon Conversation Time. Conversation Time will be determined (a) from actual usage recordings by the Parties or (b) records of terminating traffic provided by the Third Party Provider.

5.4 Measuring traffic – In order to determine whether traffic exchanged between the Parties' networks is Local or InterMTA traffic for purposes of determining compensation, the Parties agree to define the customer location as follows: for Telephone Company, the origination or termination point of a call shall be the Telephone Company's end office which serves, respectively, the calling or called End User. For CMRS Provider, the origination or termination point of a call shall be the connecting cell site, which serves, respectively, the calling or called party at the time the call begins.

6.0 Transmission and Routing of Other Types of Traffic

The Parties agree that this Agreement does not provide for the exchange of 911/E911 traffic and that if such service is requested by the CMRS Provider that the Parties will negotiate a separate Agreement for such traffic.

Other ancillary traffic including wireless traffic destined for ancillary services including, but not limited to, directory assistance, operator call termination (busy line interrupt and verify), 800/888, LIDB, and information services requiring special billing will be exchanged and charged in accordance with the appropriate tariffs, local or switched access.

7.0 Responsibilities of the Parties:

7.1 Verification Reviews

7.1.1 The Parties will be responsible for the accuracy and quality of the data as submitted to the other Party. Upon reasonable written notice, either Party or its authorized representative shall have the right to conduct a review and verification of the other Party's data to give assurances of compliance with the provisions of this Agreement. The review will consist of an examination and verification of data involving records, systems, procedures and other information related to the services performed by the Party as related to settlement charges or payments made in connection with this Agreement. Each Party, whether or not in connection with an on-site verification review, shall maintain reasonable records for a minimum of twelve (12) months and provide the other Party with reasonable access to such information as is necessary to determine amounts receivable or payable under this Agreement.

7.1.2 Either Party's right to access information for verification review purposes is limited to data not in excess of twelve (12) months in age. Once specific data has been reviewed and verified, it is unavailable for future reviews. Any items not reconciled at the end of a review will, however, be subject to a follow-up review effort. Any retroactive adjustments required subsequent to previously reviewed and verified data will also be subject to follow-up review. Information of the Party involved with a verification review shall be subject to the confidentiality provisions of this Agreement.

7.1.3 The Party requesting a verification review shall fully bear its costs associated with conducting a review. The Party being reviewed will provide access to required information, as outlined in this section, at no charge to the reviewing Party. Should the reviewing Party request information or assistance beyond that reasonably required to conduct such a review, the Party being reviewed may, at its option, decline to comply with such request or may bill actual costs incurred in complying subsequent to the concurrence of the reviewing Party.

7.2 Billing

7.2.1 For directly connected arrangements between the Parties, the Telephone Company shall issue its bill to CMRS Provider based on actual usage recordings. For arrangements involving a Third Party Provider, the Telephone Company shall issue its bill based on the best information available including, but not limited to, records of terminating traffic created by the Telephone Company.

7.2.2 When a Third Party Provider indirect connected arrangement is used by the CMRS Provider to deliver traffic to the Telephone Company the Telephone Company may use its terminating records or usage reports and/or records (such as category 11-01-0-1 records) generated by a Third Party Provider whose network is used to indirectly connect the traffic as the basis for billing the CMRS Provider.

7.2.3 For billing purposes, if either Party is unable to classify on an automated basis the traffic delivered by CMRS as local traffic or interMTA traffic, a Percent InterMTA Use (PIU) factor will be used, which represents the estimated portion of interMTA traffic delivered by CMRS provider.

The initial PIU factor to be applied to total minutes of use delivered by the CMRS Provider shall be 3.0%. This factor shall be adjusted three months after the executed date of this Agreement and every six months thereafter during the term of this Agreement, based on a mutually agreed to traffic study analysis. Each of the Parties to this Agreement is obligated to proceed in good faith toward the development of a method of traffic study that will provide a reasonable measurement of terminated InterMTA traffic.

A Reciprocal Compensation Credit shall be calculated and applied to the billing from Telephone Company to the CMRS Provider to provide compensation for wireline to wireless traffic that the CMRS Provider receives from Telephone Company for termination. The amount of this credit shall be determined by applying the Reciprocal Compensation Credit formula set forth in Appendix A. The Reciprocal Compensation Credit will appear on the monthly or quarterly bill issued by Telephone Company as a credit against amounts due and payable from CMRS Provider to Telephone Company.

7.2.4 The Parties shall pay each other for all charges in accordance with the rates set forth in Appendix A of this agreement. Such payments are to be received within 30 days from the receipt of the billing statement. Undisputed charges, not paid within the 30 days from the receipt of the billing statement may be subject to a late charge at the rate of 1.5% per month or the maximum amount allowed by law. The Party collecting revenues shall be responsible for reporting and remitting all applicable taxes associated therewith.

7.2.5 Each Party will bear its own billing and collection expenses. In the event the CMRS Provider fails to send calling party number and/or other industry standard call record fields sufficient to identify CMRS Provider as the originating carrier for each Third Party Provider transit call terminated to the Telephone Company, CMRS provider will reimburse the Telephone Company for any Third Party Provider Call Detail Record (CDR) charges associated with those CMRS Provider usage records.

CMRS Provider agrees to pursue a joint process (negotiation, complaint, etc.) against Qwest with the intent of requiring Qwest to either transmit appropriate call data as part of their transit function or provide summary monthly terminating traffic reports to the Telephone Company which show the originating carrier and which would be workable for billing purposes.

7.2.6 If either Party disputes a billing statement issued by the other Party, the disputing Party shall notify the billing Party in writing regarding the nature and the basis of the dispute within thirty (30) days of the receipt of the statement. The Parties shall diligently work toward resolution of all billing issues

7.3 Network Maintenance and Management for Direct Interconnection

The Parties will work cooperatively to install and maintain reliable network facilities. The Parties will exchange appropriate information to achieve this desired reliability, subject to the confidentiality provisions herein.

7.3.1 Party shall provide a 24-hour contact number for network traffic management issues to the other's surveillance management center. A fax number must also be provided to facilitate notifications for planned mass calling events.

7.3.2 Neither Party will use any service provided under this Agreement in a manner that impairs the quality of service to other carriers or to either Party's subscribers. Either Party will provide the other Party notice of said impairment at the earliest practicable time.

7.3.3 Use of the CMRS Providers' facilities, or that of a third party in conjunction with any of the Telephone Company's facilities, shall not materially interfere with or impair service over any facilities of the Telephone Company, its affiliated companies or its connecting and concurring carriers involved in its services, cause damage to their plant, impair the privacy of any communications carrier over their facilities or create hazards to the employees of any of them or the public. Upon reasonable written notice and opportunity to cure, the Party whose facilities are being used may discontinue or refuse service to the other Party if the Party using the facilities violates this provision; provided, that such termination of service will be limited to the facilities being used that is subject of the violation.

7.3.4 Maintenance of Service Charge - When one Party reports trouble to the other Party for clearance and no trouble is found in the second Party's network, the reporting Party shall be responsible for payment of a Maintenance of Service Charge for the period of time when the second Party's personnel are dispatched. In the event of an intermittent service problem that is eventually found to be in the second Party's network, the reporting Party shall receive a credit for any Maintenance of Service Charges applied in conjunction with this service problem.

If a Party reports trouble to the other Party for clearance and the other Party's personnel are not allowed access to the reporting Party's premises, the Maintenance of Service Charge will apply for the time that the non-reporting Party's personnel are dispatched; provided that the Party's have arranged a specific time for the service visit.

7.4 Access to Numbering Resources – For Type 1 connections, the Telephone Company will provide the CMRS Provider access to numbering resources in the same fashion as they are provided to other Telecommunications Carriers.

7.5 Local Dialing Parity - The Telephone Company agrees that local dialing parity will be available to the CMRS Provider in accordance with the law to the same extent as it is available to other Telecommunications Carriers. The Telephone Company will not be responsible for Local Exchange Routing Guide ("LERG") entry.

The Parties agree that local and EAS dialing available to CMRS Provider NXXs will be as specified in Appendix B. Telephone Company agrees to provide Notice, according to Section 14.13, for any additions or deletions of rate centers associated with local calling area or EAS. Accordingly, the parties agree that the information contained in Appendix B pertaining to "Local Calling Areas", subsequent to such Notice, may be revised during the term of this Agreement.

8.0 Liability and Indemnification

8.1 Except as otherwise expressly provided herein or in specific appendices, each Party shall be responsible only for the Interconnection, functions, products and services which are provided by that Party, its authorized agents, subcontractors, or others retained by such parties, and neither Party shall bear any responsibility for the Interconnection, functions, products and services provided by the other Party, its agents, subcontractors, or others retained by such parties.

8.2 Each Party shall be indemnified and held harmless by the other Party against claims, losses, suits, demands, damages, costs, expenses, including reasonable attorney's fees ("Claims"), asserted, suffered, or made by third parties arising from (i) any act or omission of the indemnifying Party in connection with its performance or non-performance under this Agreement; (ii) actual or alleged infringement by the indemnifying Party of any patent, trademark, copyright, service mark, trade name, trade secret or intellectual property right (now known or later developed), and (iii) provision of the indemnifying Party's services or equipment, including but not limited to claims arising from the provision of the indemnifying Party's services to its End Users (e.g., claims for interruption of service, quality of service or billing disputes). Each Party shall also be indemnified and held harmless by the other Party against Claims of persons for services furnished by the indemnifying Party or by any of its subcontractors, under worker's compensation laws or similar statutes.

- 8.3 A Party (the "Indemnifying Party") shall defend, indemnify and hold harmless the other Party ("Indemnified Party") against any claim or loss arising from the Indemnifying Party's use of Interconnection, functions, products and services provided under this Agreement involving:
- 8.3.1 any Claim for libel, slander, invasion of privacy, or infringement of Intellectual Property rights arising from the Indemnifying Party's or its Customer's use.
 - 8.3.2 any claims, demands or suits that asserts any claim for libel, slander, infringement or invasion of privacy or confidentiality of any person or persons caused or claimed to be caused, directly or indirectly, by the other Party's employees and equipment associated with the provision of any service herein. The foregoing includes any Claims or Losses arising from disclosure of any Customer-specific information associated with either the originating or terminating numbers used to provision Interconnection, functions, products or services provided hereunder and all other Claims arising out of any act or omission of the Customer in the course of using any Interconnection, functions, products or services provided pursuant to this Agreement.
 - 8.3.3 any and all penalties imposed on either Party because of the Indemnifying Party's failure to comply with the Communications Assistance to Law Enforcement Act of 1994 (CALEA).
- 8.4 Neither Party makes any warranty, express or implied, concerning either Party's (or any third party's) rights with respect to intellectual property (including without limitation, patent, copyright and trade secret rights) or contract rights associated with either Party's right to interconnect. Nothing in this Section will be deemed to supersede or replace any other agreements, if any, between the Parties with respect to either party's intellectual property or contract rights.
- 8.5 Each Party ("Indemnifying Party") shall reimburse the other Party ("Indemnified Party") for damages to the Indemnified Party's equipment, Interconnection trunks and other property utilized to provide Interconnection hereunder caused by the negligence or willful act of the Indemnifying Party, its agents, subcontractors or Customer or resulting from the Indemnifying Party's improper use of the Indemnified Party's equipment, Interconnection trunks or other property, or due to malfunction of any functions, products, services or equipment of the Indemnifying Party or of any other party that have been provided to the Indemnifying Party. Upon reimbursement for damages, the Indemnified Party will cooperate with the Indemnifying Party in prosecuting a claim against the person causing such damage. The Indemnifying Party shall be subrogated to the right of recovery by the Indemnified Party for the damages to the extent of such payment.
- 8.6 Indemnification Procedures
- 8.6.1 Whenever a claim shall arise for indemnification, the relevant Indemnified Party, as appropriate, shall promptly notify the Indemnifying Party and request in writing the Indemnifying Party to defend the same. Failure to so notify the Indemnifying Party shall not relieve the Indemnifying Party of any liability that the Indemnifying Party might have, except to the extent that such failure prejudices the Indemnifying Party's ability to defend such claim.

- 8.6.2 The Indemnifying Party shall have the right to defend against such liability or assertion, in which event the Indemnifying Party shall give written notice to the Indemnified Party of acceptance of the defense of such claim and the identity of counsel selected by the Indemnifying Party.
- 8.6.3 Until such time as Indemnifying Party provides written notice of acceptance of the defense of such claim, the Indemnified Party shall defend such claim, at the expense of the Indemnifying Party, subject to any right of the Indemnifying Party to seek reimbursement for the costs of such defense in the event that it is determined that Indemnifying Party had no obligation to indemnify the Indemnified Party for such claim.
- 8.6.4 Upon accepting the defense, the Indemnifying Party shall have exclusive right to control and conduct the defense and settlement of any such Claims, subject to consultation with the Indemnified Party. So long as the Indemnifying Party is controlling and conducting the defense, the Indemnifying Party shall not be liable for any settlement by the Indemnified Party unless such Indemnifying Party has approved such settlement in advance and agrees to be bound by the agreement incorporating such settlement.
- 8.6.5 At any time, an Indemnified Party shall have the right to refuse a compromise or settlement, and, at such refusing Party's cost, to take over such defense; provided that, in such event the Indemnifying Party shall not be responsible for, nor shall it be obligated to indemnify the refusing Party against, any cost or liability in excess of such refused compromise or settlement.
- 8.6.6 With respect to any defense accepted by the Indemnifying Party, the Indemnified Party will be entitled to participate with the Indemnifying Party in such defense if the claim requests equitable relief or other relief that could affect the rights of the Indemnified Party, and shall also be entitled to employ separate counsel for such defense at such Indemnified Party's expense.
- 8.6.7 If the Indemnifying Party does not accept the defense of any indemnified claim as provided above, the Indemnified Party shall have the right to employ counsel for such defense at the expense of the Indemnifying Party.
- 8.6.8 In the event of a failure to assume the defense, the Indemnified Party may negotiate a settlement, which shall be presented to the Indemnifying Party. If the Indemnifying Party refuses to agree to the presented settlement, the Indemnifying Party may take over the defense. If the Indemnifying Party refuses to agree to the presented settlement and refuses to take over the defense, the Indemnifying Party shall be liable for any reasonable cash settlement not involving any admission of liability by the Indemnifying Party, though such settlement may have been made by the Indemnified Party without approval of the Indemnifying Party, it being the Parties' intent that no settlement involving a non-monetary concession by the Indemnifying Party, including an admission of liability by such Party, shall take effect without the written approval of the Indemnifying Party.
- 8.6.9 Each Party agrees to cooperate and to cause its employees and agents to cooperate with the other Party in the defense of any such claim and the relevant records of each Party shall be available to the other Party with respect to any such defense, subject to the restrictions and limitations set forth in Section 9.

8.7 Apportionment of Fault. Except for losses alleged or claimed by a Customer of either Party and except as otherwise provided in specific appendices, in the case of any loss alleged or claimed by a third party arising out of the negligence or willful misconduct of both Parties, each Party shall bear, and its obligation under this Section shall be limited to, that portion of the resulting expense caused by its own negligence or willful misconduct or that of its agents, servants, contractors, or others acting in aid or concert with it.

8.7.1 The Parties are not liable for any act or omission of other Providers.

8.7.2 Failure of either Party to insist on performance of any term or condition of this Agreement or to exercise any right or privilege hereunder shall not be construed as a continuing or future waiver of such term, condition, right or privilege

8.8 NO CONSEQUENTIAL DAMAGES

NEITHER THE TELEPHONE COMPANY NOR THE CMRS PROVIDER SHALL BE LIABLE TO THE OTHER PARTY FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, RELIANCE, OR SPECIAL DAMAGES SUFFERED BY SUCH OTHER PARTY (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR HARM TO BUSINESS, LOST REVENUES, LOST SAVINGS, OR LOST PROFITS SUFFERED BY SUCH OTHER PARTY), REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, WARRANTY, STRICT LIABILITY, OR TORT, INCLUDING, WITHOUT LIMITATION, NEGLIGENCE WHETHER ACTIVE OR PASSIVE, AND REGARDLESS OF WHETHER THE PARTIES KNEW OF THE POSSIBILITY THAT SUCH DAMAGES COULD RESULT. EACH PARTY HEREBY RELEASES THE OTHER PARTY (AND SUCH OTHER PARTY'S SUBSIDIARIES AND AFFILIATES AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS) FROM ANY SUCH CLAIM. NOTHING CONTAINED IN THIS SECTION WILL LIMIT EITHER PARTIES LIABILITY TO THE OTHER FOR (i) WILLFUL OR INTENTIONAL MISCONDUCT (INCLUDING GROSS NEGLIGENCE) OR (ii) BODILY INJURY, DEATH, OR DAMAGE TO TANGIBLE REAL OR TANGIBLE PERSONAL PROPERTY TO THE EXTENT PROXIMATELY CAUSED BY THE TELEPHONE COMPANY'S OR THE CMRS PROVIDER'S NEGLIGENT ACT OR OMISSION OR THAT OF THEIR RESPECTIVE AGENTS, SUBCONTRACTORS OR EMPLOYEES, NOR WILL ANYTHING CONTAINED IN THIS SECTION LIMIT THE PARTIES' INDEMNIFICATION OBLIGATIONS, AS SPECIFIED HEREIN.

8.9 RELEASES

In resolution of the Parties rights, and in further consideration of this Agreement, each Party releases, acquits and discharges the other Party of and from any claim, debt, demand, liability, action or cause of action arising from or relating to the payment of money for the transport and termination of traffic prior to the Effective Date of this Agreement.

9.0 Confidentiality and Proprietary Information

9.1 For the purposes of this Agreement, Confidential Information ("Confidential Information") means confidential or proprietary technical or business information given by one Party (the "Discloser") to the other (the "Recipient"). All information which is disclosed by one Party to the other in connection with this Agreement, during negotiations and the term of this Agreement will not be deemed Confidential Information to the Discloser and subject to this Section 9, unless the confidentiality of the information is confirmed in writing by

the Discloser prior to disclosure. The Recipient agrees (i) to use Confidential Information only for the purpose of performing under this Agreement, (ii) to hold it in confidence and disclose it to no one other than its employees having a need to know for the purpose of performing under this Agreement, and (iii) to safeguard it from unauthorized use or disclosure using at least the same degree of care with which the Recipient safeguards its own Confidential Information. If the Recipient wishes to disclose the Discloser's Confidential Information to a third-party agent or consultant, such disclosure must be agreed to in writing by the Discloser, and the agent or consultant must have executed a written agreement of nondisclosures and nonuse comparable in scope to the terms of this section.

- 9.2 The Recipient may make copies of Confidential Information only as reasonably necessary to perform its obligations under this Agreement. All such copies will be subject to the same restrictions and protections as the original and will bear the same copyright and proprietary rights notices as are contained on the original.
- 9.3 The Recipient agrees to return all Confidential Information in tangible form received from the Discloser, including any copies made by the Recipient, within thirty (30) days after a written request is delivered to the Recipient, or to destroy all such Confidential Information if directed to do so by Discloser except for Confidential Information that the Recipient reasonably requires to perform its obligations under this Agreement; the Recipient shall certify destruction by written letter to the Discloser. If either Party loses or makes an unauthorized disclosure of the Party's Confidential Information, it will notify such other Party immediately and use its best efforts to retrieve the lost or wrongfully disclosed information.
- 9.4 The Recipient shall have no obligation to safeguard Confidential Information: (i) which was in the possession of the Recipient free of restriction prior to its receipt from the Discloser; (ii) after it becomes publicly known or available through no breach of this Agreement by the Recipient; (iii) after it is rightfully acquired by the Recipient free of restrictions on its discloser; (iv) after it is independently developed by personnel of the Recipient to whom the Discloser's Confidential Information had not been previously disclosed. In addition, either Party will have the right to disclose Confidential Information to any mediator, arbitrator, state or federal regulatory body, or a court in the conduct of any mediation, arbitration or approval of this Agreement, as long as, in the absence of an applicable protective order, the Discloser has been previously notified by the Recipient in time sufficient for the Recipient to undertake all lawful measures to avoid disclosing such confidential information and for Discloser to have reasonable time to seek or negotiate a protective order before or with any applicable mediator, arbitrator, state or regulatory body or a court.
- 9.5 The Parties recognize that an individual End User may simultaneously seek to become or be a Customer of both Parties. Nothing in this Agreement is intended to limit the ability of either Party to use customer specific information lawfully obtained from End Users or sources other than the Discloser.
- 9.6 Each Party's obligations to safeguard Confidential Information disclosed prior to expiration or termination of this Agreement will survive such expiration or termination.
- 9.7 No license is hereby granted under any patent, trademark, or copyright, nor is any such license implied solely by virtue of the disclosure of any Confidential Information.
- 9.8 Each Party agrees that the Discloser may be irreparably injured by a disclosure in breach of this Agreement by the Recipient or its representatives and the Discloser will be entitled to seek equitable relief, including injunctive relief and specific performance, in the event of any breach or threatened breach of the confidentiality provisions of this

Agreement. Such remedies will not be deemed to be the exclusive remedies for a breach of this Agreement, but will be in addition to all other remedies available at law or in equity.

14.9 Waiver - The failure of either Party to enforce or insist that the other Party comply with the terms or conditions of this Agreement, or the waiver by either Party in a particular instance of any of the terms or conditions of this Agreement, shall not be construed as a general waiver or relinquishment of the terms and conditions, but this Agreement shall be and remain at all times in full force and effect.

\$.02

4.0 RECIPROCAL COMPENSATION CREDIT FORMULA

The reciprocal compensation credit will be calculated assuming a ratio of land originated to mobile originated traffic as set forth below. Divide the total number of monthly measured minutes of use terminated on Telephone Company's network by the Mobile to Land Factor. The total calculation will then be multiplied by the Land to Mobile Factor to arrive at the total Telephone Company minutes of use terminated on CMRS Provider's network per month. This monthly total will be multiplied by the Land to Mobile Interconnection rate set forth in Appendix A 2.0 to obtain the Reciprocal Compensation Credit for the month. For example, Telephone Company determines that 10,000 minutes of mobile originated Telecommunications Traffic has been delivered to it by the CMRS Provider in a given billing period: In Year 1 of the Agreement, the Parties will assume that 2,658 minutes of land originated calls were delivered by Telephone Company to CMRS Provider for termination (10,000/.79 multiplied by .21).

The Reciprocal Compensation Credit Factors over the term of the agreement shall be:

	Year 1	Year 2	Year 3
Mobile to Land	79%	78%	77%
Land to Mobile	21%	22%	23%

5.0 FACILITY RATE

To the extent CMRS Provider requires facilities referenced in 3.1, such facilities will be made available and the price will be based upon the lowest Telephone Company interstate or intrastate rate published in the Telephone Company's tariff or pricing catalog.

6.0 SHARED FACILITY FACTOR

The default Shared Facility Factor over the term of the agreement shall be:

	Year 1	Year 2	Year 3
CMRS Provider	79%	78%	77%
Telephone Company	21%	22%	23%
