IN THE MATTER OF THE REQUEST OF )  
PRAIRIEWAVE COMMUNITY )  
TELEPHONE, INC. FOR CERTIFICATION )  
REGARDING ITS USE OF FEDERAL )  
UNIVERSAL SERVICE SUPPORT )

SOUTH DAKOTA PUBLIC  
UTILITIES COMMISSION

DOCKET NO. \_\_\_

REQUEST FOR CERTIFICATION

PrairieWave Community Telephone, Inc. ("PrairieWave") by and through its attorney hereby submits a Request for Certification to the South Dakota Public Utilities Commission ("Commission") seeking certification from the Commission pursuant to 47 C.F.R. § 54.314. In support of this Request, PrairieWave offers the following:

1. On May 23, 2001, the Federal Communications Commission (FCC) released an Order relative to the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 C.F.R. § 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or other eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, states that desire rural carriers within their jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company ("USAC") stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301,

<sup>1</sup> CC Docket No. 96-45, CC Docket No. 00-256, Fourteenth Report and Order, Twenty Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, FCC 01-157, Released May 23, 2001.

54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only in the future be made available if the State Commission files the requisite certification pursuant to § 54.314.

2. The certification required for rural carriers to receive federal universal service support for all four quarters during calendar year 2005 is currently due to be filed with the FCC and USAC on or before October 1, 2004. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the State are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

3. PrairieWave is a rural telephone company that has previously been designated by this Commission as an eligible telecommunications carrier. The Company provides local exchange telephone services, including all of the essential services that are included in the federal definition of universal service, to approximately 6574 access lines within its established rural service area in South Dakota.

4. This Commission has limited regulatory oversight over PrairieWave and its provisioning of local exchange services. Under SDCL § 49-31-5.1, the local exchange service rates charged by telecommunications cooperatives, municipal telephone systems, and independent telephone companies serving less than fifty thousand local exchange subscribers are not subject to the Commission's ratemaking authority. In cases where State Commissions have limited regulatory authority over rural carriers, the FCC has indicated that these carriers should themselves initiate the certification process by presenting a plan to ensure compliance with the

requirement in 47 U.S.C. § 254(e) that universal service support will only be used for the provision, maintenance, and upgrading of facilities and services for which the support is intended. Based on this filed plan, it is anticipated that the State Commission may make the appropriate certification to the FCC.<sup>2</sup>

5. The purpose of this filing is to provide information indicating PrairieWave’s use of federal universal service support and to otherwise verify that PrairieWave will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254.

6. In the process of determining whether federal universal service support is used in a manner consistent with the Federal Communications Act, the “universal service principles” established in Section 254(b) are instructive. That Section states that the FCC shall base “policies for the preservation and advancement of universal service” on certain, specifically identified principles:

- (1) Quality services should be available at just, reasonable, and affordable rates.
- (2) Access to advanced telecommunications and information services should be provided in all regions of the Nation.
- (3) Consumers in all regions of the Nation, including low-income consumers and those in rural, insular, and high-cost areas, should have access to telecommunications and information services, including interexchange services and advanced telecommunications and information services, that are reasonably comparable to those services provided in urban areas and that are available at rates that are reasonably comparable to rates charged for similar services in urban areas. . . .
- (6) Elementary and secondary schools and classrooms, health care providers, and libraries should have access to [certain] advanced telecommunications services. . .

---

<sup>2</sup> Fourteenth Report and Order, ¶ 188.

7. The FCC has declined to dictate specifically how the states should ensure that carriers are using federal universal service support consistent with the federal law, but has offered examples of how the support can be used to appropriately further universal service goals. The FCC has stated:

[A] state could [use the federal support to] adjust intrastate rates, or otherwise direct carriers to use the federal support to replace implicit intrastate universal service support to high cost rural areas . . .

A state could also require carriers to use the federal support to upgrade facilities in rural areas to ensure that services provided in those areas are reasonably comparable to services provided in urban areas of the state.<sup>3</sup>

8. The FCC provided the above examples as illustrative and not exhaustive examples of how support can be used consistent with Section 254(e). Other uses are appropriate provided the State Commission believes they are consistent with the federal universal service principles contained in Section 254.

9. PrairieWave, as a designated eligible telecommunications carrier, has received federal universal service support in the past and expects to receive support during calendar year 2005. As of this time, specific support amounts the Company should receive in 2005 have not yet been identified by USAC. Included in Exhibit A attached hereto, however, are estimated universal service support amounts for such period.

10. PrairieWave also provides in Exhibit A, attached hereto, estimates of the expenditures that will be incurred in year 2005 for the provision, maintenance, and upgrading of facilities and services supported by federal universal service. Consistent with the universal service principles set forth in the federal law and also the FCC orders referenced herein, PrairieWave will use federal universal service amounts received in 2005 to offset a portion of

---

<sup>3</sup> Ninth Report and Order and Eighteenth Order on Reconsideration in CC Docket No. 96-45 (In the Matter of the Federal-State Joint Board on Universal Service), FCC 99-306, ¶ 96, November 2, 1999.

2005 expenditures incurred within the accounts referenced in Exhibit A. This use of federal universal service support will enable PrairieWave to: (1) maintain rates for its local exchange services that are affordable and reasonably comparable to rates being charged for the same services in urban areas; and (2) to upgrade its telecommunications facilities and equipment as necessary to meet evolving service requirements and maintain high quality service. The use of federal universal service support for these purposes is clearly consistent with the federal universal service provisions.

14. As requested Exhibit B contains the actual USF amounts received during calendar year 2003; the actual dollars spent by PrairieWave on central office investment and cable and wire facilities with attached confidential documents detailing what investments were made and where; and for the year 2005 what investments are planned for central office and cable and wire facilities.

15. Based on the foregoing information, the attached Exhibits A and B, and the Affidavit of Brent Norgaard, VP & COO, PrairieWave requests that this Commission issue an appropriate certification to the FCC and USAC indicating that PrairieWave is in compliance with 47 U.S.C. § 254(e) and should receive all federal universal service support determined for distribution to the Company in 2005. In order to ensure that this certification is issued to the FCC prior to October 1, 2004, PrairieWave would further ask the Commission to expedite the process that is initiated based on this filing.

Dated this 26<sup>th</sup> day of August, 2004.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "William P. Heaston", written over a horizontal line.

William P. Heaston,  
General Counsel

**PrairieWave Community Telephone, Inc.**

<b>Actual Year 2003 Federal Universal Service Amount Received</b>		<b>\$1,033,444</b>
<b>Actual Year 2003 Investment Expenditures:</b>		
	Central Office Investment	\$ 582,973
	Cable & Wire Fac. Investment	\$ 379,348
<b>Estimated Year 2005 Investment:</b>		
	Plant Upgrade	\$ 500,000
	Drop	\$ 380,000
	CO Improvements	\$ 400,000

Attached to this Exhibit B is a listing of the various items of central office and cable and wire plant that were added to those facilities in 2003. The investments were to the central office switch in Viborg, and the subtending switches and subscriber plant in the 14 exchanges served by PrairieWave in southeastern South Dakota.

The estimated 2005 investment is detailed by general category. The central office investment is for standard software upgrades to the Viborg Class 4/5 switch and its subtending end offices and remote switches in the 14 local exchanges of PrairieWave. The drop investment is also spread throughout the 14 exchanges and includes new construction and replacement of older, less reliable drop plant. Finally the other plant upgrades are for replacement of obsolete mainline plant, increased coverage and improvement of our broadband network, and additional capability to monitor our plant to the circuit level in our network operations center.

Re: CC Docket No. 96-45

### Annual State Certification of Support for Rural Carriers and Non-Rural Carriers

Dear Ms. Dortch and Ms. Flannery:

The South Dakota Public Utilities Commission (Commission) hereby states that the following rural and non-rural incumbent local exchange carriers and/or eligible telecommunications carriers within its jurisdiction have been certified to receive support pursuant to 47 CFR §§ 54.301, 54.305, 54.307, and/or 54.309 and/or part 36, subpart F. The carriers listed below filed requests for certification with the Commission which support their affirmations that all federal high-cost support provided to them will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with section 254(e) of the Communications Act.

The Commission has granted certification to the following rural incumbent local exchange carriers and/or eligible telecommunications carriers:

Alliance Communications Cooperative, Inc. (391642)  
Armour Independent Telephone Company (391640)  
Beresford Municipal Telephone Company (391649)  
Bridgewater-Canistota Independent Telephone Company (391640) (co. no. 0158)  
Cheyenne River Sioux Tribe Telephone Authority (391647)  
Citizens Telecommunications Company of Minnesota, LLC (361123)  
City of Brookings Municipal Telephone Department (391650)  
City of Faith Municipal Telephone Company (391653)  
Consolidated Telcom (381607)  
Golden West Telecommunications Cooperative, Inc. (391659)  
Great Plains Communications, Inc. (371577)  
Heartland Telecommunications Company of Iowa d/b/a Hickory Tech Corporation (351096)  
Interstate Telecommunications Cooperative, Inc. (391654)

James Valley Cooperative Telephone Company (391664)  
Jefferson Telephone Company (391666)  
Kadoka Telephone Company (391667)  
Kennebec Telephone Company (391668)  
McCook Cooperative Telephone Company (391669)  
Midstate Communications, Inc. (391670)  
Mount Rushmore Telephone Company and Fort Randall Telephone Company (391660)  
Northeast Nebraska Telephone Company (371576)  
PrairieWave Community Telephone, Inc. (391652)  
Red River Telecom, Inc. (381631)  
Roberts County Telephone Cooperative Association and RC Communications, Inc. (391674)  
RT Communications, Inc. (512251)  
Santel Communications Cooperative, Inc. (391676)  
Sioux Valley Telephone Company (391677)  
Splitrock Properties, Inc. (391657)  
Stockholm-Strandburg Telephone Company (391679)  
Three River Telco (371525)  
Tri-County Telcom, Inc. (391682)  
Union Telephone Company (391684)  
Valley Telecommunications Cooperative Association, Inc. (391685)  
Valley Telephone Company (361495)  
Venture Communications Cooperative (391680)  
Vivian Telephone Company (391686)  
Western Telephone Company (391688)  
Western Wireless Corporation (399002) (competitive ETC)  
West River Cooperative Telephone Company (391689)  
West River Telecommunications Cooperative (381637) (co. no. 4414)  
West River Telecommunications Cooperative (Mobridge) (391671)

The Commission has granted certification to the following non-rural incumbent local exchange carriers and/or eligible telecommunications carriers:

Qwest Corporation (395145)  
Western Wireless Corporation (399002) (competitive ETC)

Enclosed are the Orders Granting Certification to the above-referenced rural and non-rural incumbent local exchange carriers and/or eligible telecommunications carriers. Should you have any questions, please do not hesitate to contact us for further information.

Sincerely,

Robert K. Sahr  
Chairman

**BEFORE THE PUBLIC UTILITIES COMMISSION  
OF THE STATE OF SOUTH DAKOTA**

IN THE MATTER OF THE REQUEST OF )	ORDER GRANTING
PRAIRIEWAVE COMMUNITY TELEPHONE, )	CERTIFICATION
INC. FOR CERTIFICATION REGARDING ITS )	
USE OF FEDERAL UNIVERSAL SERVICE )	TC04-188
SUPPORT )	

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2005 is currently due to be filed with the FCC and USAC on or before October 1, 2004. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On August 30, 2004, the South Dakota Public Utilities Commission (Commission) received a filing from PrairieWave Community Telephone, Inc. (Company) regarding its Request for Certification Regarding its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan for the use

---

<sup>1</sup>CC Docket No. 96-45, CC Docket No. 00-256, Fourteenth Report and Order, Twenty Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, FCC 01-157, Released May 23, 2001.

of its federal universal service support and to otherwise verify that Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification.

On September 2, 2004, the Commission electronically transmitted notice of the filing and the intervention deadline of September 10, 2004, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 14, 2004, the Commission considered this matter.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission unanimously voted to approve Company's Request for Certification Regarding Its Use of Federal Universal Service Support. It is therefore

ORDERED, that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is

FURTHER ORDERED, that the Commission approves Company's Request for Certification Regarding Its Use of Federal Universal Service Support.

Dated at Pierre, South Dakota, this 22<sup>nd</sup> day of September, 2004.

<b>CERTIFICATE OF SERVICE</b>	
The undersigned hereby certifies that this document has been served today upon all parties of record in this docket, as listed on the docket service list, by facsimile or by first class mail, in properly addressed envelopes, with charges prepaid thereon.
