**IN THE MATTER OF THE PETITION OF
WEST RIVER COOPERATIVE
TELEPHONE COMPANY FOR
ARBITRATION PURSUANT TO THE
TELECOMMUNICATIONS ACT OF 1996
TO RESOLVE ISSUES RELATING TO
AN INTERCONNECTION AGREEMENT
WITH ALLTEL, INC.**

COME NOW the Petitioners, McCook Cooperative Telephone Company (“McCook”), Kennebec Telephone Company (“Kennebec”), Santel Communications Cooperative (“Santel”), and West River Cooperative Telephone Company (“West River”), by and through their attorney, Meredith A. Moore, the Respondent, by and through its attorney, Talbot J. Wiczorek, and the South Dakota Public Utilities Commission Staff, by and through its staff counsel, Karen Cremer, and jointly submit this Stipulation to the South Dakota Public Utilities Commission (the “Commission”).

1. On July 29, 20 and 31, 2008, a joint arbitration hearing (The “Hearing”) in the above-referenced dockets was held before this Commission for the purposes of resolving all open issues related to the negotiation of an interconnection agreement between the Petitioners and Respondent. At the commencement of the hearing, the Petitioners moved for and were granted the consolidation of the above-referenced dockets for the limited purpose of establishing a joint evidentiary record (the “Joint Record”).

2. One of the open issues submitted to this Commission for arbitration was the determination of the appropriate rate to apply to the IntraMTA traffic exchanged between the parties. In support of its position on this issue, Petitioners above-named, with the exception of Beresford Municipal Telephone Company, proposed reciprocal compensation rates developed through the performance of a forward-looking economic cost study (the “FLEC Study” or “FLEC Studies”).

3. The FLEC Studies performed by the Petitioners were disclosed to the Respondent during the pendency of this proceeding. The FLEC Studies were first disclosed to the Respondent during the discovery process on or about December 14, 2007. Following the submission of the parties’ pre-filed testimony in this matter and the discovery and correction of an error in the initial FLEC studies, the Petitioners provided corrected FLEC Studies to

Respondent on or about July 7, 2008. Neither the Petitioners nor their consultants have made any modifications to the FLEC Studies since their submission to Respondent or on about July 7, 2008.

4. The entirety of the FLEC studies was not introduced into the Joint Record at the time of the Hearing. In order to ensure that a full and complete record exists for this Commission's review, final ruling and any appeals therefrom, the parties to this Stipulation hereby agree that the Joint Record established at the time of the arbitration hearing in these matters on July 29, 30 and 31, 2008, shall be supplemented with the entirety of the forward looking economic cost studies proposed by Petitioners McCook, Kennebec, Santel, and West River. Each study shall be submitted as a separate exhibit and shall be successively numbered, beginning with Petitioners' Exhibit No. 74, McCook; Exhibit No. 75, Kennebec; Exhibit No. 76, Santel, and Exhibit No. 77, West River. The Exhibits also contain confidential and proprietary information and should be treated as such for purposes of the record.

5. Alltel's agreement to allow Petitioners to supplement the record is based on Petitioners' oversight in placing the studies into the record at the hearing as required under 47 CFR § 51.505(e)(2). While Alltel does not object to Petitioners supplementing the record, Alltel continues to contest the calculations, inputs and results of the studies as documented in Alltel's briefs and testimony.
