Subject: Re: TC08-034

David,

I was able to confirm with Valley the legal descriptions of each company's territory extending across the state line.

The legal description of the Valley territory that extends into North Dakota is:
SW1/4 of Sec. 31-129-74.

The legal description of the BEK territory extending into South Dakota is:
Sec. 6-128N-74W: the West 1/2 of the West 1/2; and
Sec. 7-128N-74W: the NW 1/4 of the NW1/4

I asked BEK to send out the check you mentioned as well.
Please let me know if there is anything else we can do.
