Yes, You Can Afford Telephone Service... and James Valley Cooperative Telephone Company Can Show You How!

Federal and state lawmakers believe that every person in America should have access to quality, affordable telecommunications service. In fact, they've created a system to do just that.

If you participate in programs such as food stamps, Medicaid, the national school free-lunch program, Section 8 housing or supplemental security income or if your household income is below a certain threshold level, you may qualify for a discount on your telephone bill.

This "universal service" support includes:

Lifeline assistance that provides discounts for basic monthly local telephone service

Link Up that reduces the cost of initiating new telephone service

Toll Limitation Service that allows you to control your long distance charges

Additional discounts for eligible consumers living on tribal lands

For more information,
call 397-2323 or
1-800-556-6525.
