Lifeline / Link-Up Assistance

Stay Connected

Everyone has a friend or relative they worry about, especially during the wintertime. Cold temperatures, difficult driving conditions and sometimes even the lack of transportation make it difficult to stay in touch with those you love.

With the Lifeline & Link-Up Program you can take away that worry and stay connected for as little as \$1 a month. And best of all, the Lifeline Program even covers the cost of restricting unauthorized long distance calls.

What do the programs provide?

LIFELINE provides eligible subscribers with a monthly credit of \$8.25 on the basic service portion of their telephone bill. The credit applies on the main home telephone line listed in the name of the eligible telephone company subscriber. Lifeline subscribers may also receive blocking of long distance calls on their telephone line at no charge.

LINK-UP provides eligible subscribers with reduced connection charges for their basic home telephone service. This reduction is 50 percent of the applicable charges or \$30.00, whichever is less. Link-Up also provides for deferred payment of connection charges without interest. It does not cover the cost of wiring inside your home and is limited to one time per home address per subscriber.

ENHANCED LIFELINE Assistance for Residents of Tribal Lands provides eligible subscribers with discounts that reduce the basic service (Basic Monthly Telephone Service includes: Residential Access Line, End-User Charge and Touch-Tone) portion of their telephone bill to \$1.00. The credit applies on the main home telephone line listed in the name of the eligible telephone company subscriber. Lifeline subscribers may also receive blocking of long distance calls on their telephone line at no charge.

ENHANCED LINK-UP provides eligible Tribal Land Subscribers with reduced connection charges for their basic home telephone service. This reduction is 50 percent of the applicable charges or \$30.00, whichever is less. Expanded Link-Up provides an additional \$70 to cover 100 percent of any remaining initial charges between \$60 and \$130. Link-Up also provides for deferred payment of connection charges without interest. It does not cover the cost of wiring inside your home and is limited to one time per home address per subscriber.

Good Morning. I will mail everything back to you. We mailed some additional letters out yesterday. Some people called and asked for applications. I think we mailed about eight or nine more. Good thing we still had stamps on hand. I have a report to send you but I wanted to send it with the invoice. Shall I just send the report and send the invoice tomorrow when it's done? We had ~~342~~ people who said yes and wanted to sign up. Let me know if you want to compilation report right away. Thanks.

Thanks for the report. We aren't seeing a big increase of sign-ups. Raising awareness of the program should be beneficial. Go ahead and mail the materials back to me. I'm going to do some tracking on my end on our actual sign up counts from Sept-Nov. Thanks again.

The Lifeline Telemarketing Campaign being run out of Kyle, SD is for real. Golden West hired this firm to push our Enhanced Lifeline. This is something that we have offered for a long time. We have advertised for several times and for several years, in these areas, just not in the form of telemarketing. It is offered on the website too. Below is a copy of what I sent to the CSR's on Monday. The 1155 is a correct number for them to call for additional help. I'm attaching a copy of the Lifeline brochure that we just sent to the Pine Ridge Chamber, this brochure is also being mailed out to these customers.. If you have any questions please call me. I am calling Lakota Express again this morning to clear up any confusion that may be occurring.

Thanks Becky

On Oct 15th-Monday , Lakota Express out of Kyle, SD started an Enhanced Lifeline Telemarketing Campaign. They are only calling folks that live on tribal lands (Pine Ridge, Rosebud). They(the customers) are not suppose to be calling the CSR's. Lakota Express is giving them the 1155 number for additional questions. I will check with Lakota Express again this morning to insure that they not refer you. If you have any questions give me a call. Thanks

Good Morning Katie,

There are a few questions that we will need answered before we can bid on the projects:

Telemarketing:

Do you have a script or will we need to develop one?

Are you soliciting a "sign up for Lifeline" and what is the follow-up procedure?

What about call backs, do they come to us or to you

How many times do you want the names called through?

Are they all local calls?

Do you have an on-line data-base to collect information or would you want us to develop one?

Are these all current customers of Golden West?

Would these be evening or day calls?

What would be the start and end date

Will this coincide with any other promotions (radio, print media)

Mailing

Are we only sending out to individuals who express an interest or the whole database?

Is the material already developed?

Will the list be developed from the call list or will a database be provided?

Will we be printing the material or will you provide it to us?

Do you want the mailing to go out first class or do you have a bulk mailing permit?

Once you give me these answers we can put a proposal together for you.

Thank you for considering Lakota Express for your marketing needs.

Karlene

Good Morning. No news is good news! That's what I think too. Yesterday we mailed about 25 and today we mailed 54. The changes we made on the script must have done the trick. That's good. The phoners will not be working this evening. We found Friday's are a bad day to try to reach anyone. Thanks.

No, news today!! That's a good thing. I called Wall and they are sending down a box of envelopes, so you don't have to put return addresses on them.

Do you have an idea of how many packets you sent out today? Greg is curious. Thanks for all you help.

Subject: Need envelopes

Hi Shawn,

We need 500 envelopes to go to the Lakota Express people as well as those Lifeline sell sheets.

I am going to have you make them up. We are just using straight type (Arial, Helvetica etc.) and here's what they have to say:

Return address will be:

Golden West Telecommunications
P.O. Box 411
Wall, SD 57790

The mail to address is:

LIFELINE/LINK-UP ADMINISTRATOR
100 S. Jefferson Road
Room S-2063
Whippany, NJ 07981

We were going to do a business reply permit on these, but the Post Office is driving us crazy (talk about government paperwork - no wonder we are in debt.), so we are just going to buy a roll of stamps and have Lakota Express stamp them as they send them out.

Please send the proof to Becky and send the envelopes straight to Kyle.

*Carlene
Janis

Fulfillment can be coordinated from Lakota Express with sign-up cards mailed to individuals and three designated drop off points across the Pine Ridge reservation and two on Rosebud. An alternative to this is mailing a consenting individual a sign up card with a live stamp on a return envelope so they could mail their sign-up form directly to Golden West offices. The attached form includes pricing for the first scenario.

Campaign Cost Authorization

Client: Golden West Telecommunications
Project: GW101
Description: Telephone Solicitation
Project Date: 8/27/2007
Est. # of Calls: 3,000

Purpose

The appeal will be used to sign up current Golden West clients for Life-line services.

Process

The estimated time required to adequately call through all 3,000 names at an 70% connect rate is approximately 2 weeks; however, daily evaluations by Lakota Express and GWTC will be made to determine the extent and duration of the phoning. The campaign will be evaluated on a daily basis according to the following:

1. Rate of usable phone numbers
2. Rate of connected calls
3. Rate of agreed sign-ups
4. Rate of refusals
5. Rate of callbacks
6. Fulfillment packages

In preparation for the campaign, LEX will prepare solicitation phone scripts, tracking processes and forms, fulfillment packages, fact sheets, calling cards, background information and other collateral materials. In addition, prior to implementation of the phoning, LE will conduct training sessions with the phone staff to address particular needs of this campaign.

From GWTC, Lakota Express requests the following:

Prior to the beginning of each phoning session, a briefing meeting will be held with agents to discuss prior performance and current session strategies. A short debriefing meeting will conclude each phoning session.

Results from each phoning session will be tabulated by the coordinator and summaries faxed to GWTC the following day.

Any or the entire project can be curtailed or altered throughout the campaign should either LEX or GWTC conclude that is the best course of action based on the phoning results.

Projected Costs

Actual costs for the project will be determined by careful evaluation of the daily phoning results.

Modifications to the project plan will alter the overall phoning costs. The following projections are based on full call-through of 5,000 names.

# Of Names	3,000
Phoning Costs @11 calls/hr x \$26/hr = 273 Total Phoning Hours	273
Total Days(10)	\$ 7,098
Training/Support Hours 15 @ \$17/hr	\$ 255.00
Copywriting Fees	\$ 500.00
Remittance Packages 1800 @ \$1.20/each	\$ 2,160.00
Total Estimated Costs	\$ 10,013.00

Diane, here is the ad for the Wacipi 2008 Guide. This will be a 3.5x5 ad for \$285. I counted up all the Powwows in our territory and came up with 28 in our area, that is amazing.

Call if you have any questions. Thanks for your help with the Capital Credits, I appreciate it.

LIFELINE AND LINK-UP

Everyone has a friend or relative they worry about, especially during the wintertime. Cold temperatures, difficult driving conditions and sometimes even the lack of transportation make it difficult to stay in touch with those you love.

With the Lifeline & Link-Up Program you can take away that worry and stay connected for as little as \$1 a month. And best of all, the Lifeline Program even covers the cost of restricting unauthorized long distance calls.

***Dial 1155 now, if you qualify
you could save up to \$200 a year.***

LIFELINE provides eligible subscribers with a monthly credit of \$8.25 on the basic service (basic monthly telephone service includes: residential access line, end-user charge and touch-tone) portion of their telephone bill. The credit applies on the main home telephone line listed in the name of the eligible telephone company subscriber. Lifeline subscribers may also receive blocking of long distance calls on their telephone line at no charge.

LINK-UP provides eligible subscribers with reduced connection charges for their basic home telephone service. This reduction is 50 percent of the applicable charges or \$30.00, whichever is less. Link-Up also provides for deferred payment of connection charges without interest. It does not cover the cost of wiring inside your home and is limited to one time per home address per subscriber.

ENHANCED LIFELINE assistance for residents of tribal lands provides eligible subscribers with discounts that reduce the basic service (basic monthly telephone service includes: residential access line, end-user charge and touch-tone) portion of their telephone bill to \$1.00. The credit applies on the main home telephone line listed in the name of the eligible telephone company subscriber. Lifeline subscribers may also receive blocking of long distance calls on their telephone line at no charge.

ENHANCED LINK-UP provides eligible tribal land subscribers with reduced connection charges for their basic home telephone service. This reduction is 50 percent of the applicable charges or \$30.00, whichever is less. Expanded Link-Up provides an additional \$70 to cover 100 percent of any remaining initial charges between \$60 and \$130. Link-Up also provides for deferred payment of connection charges without interest. It does not cover the cost of wiring inside your home and is limited to one time per home address per subscriber.

CAN MY ELIGIBILITY CHANGE?

When you no longer participate in any of the qualifying public assistance programs, you are no longer eligible for Lifeline or Link-Up. You are obligated by law to notify Golden West and advise the Company that you are no longer eligible for Lifeline and Link-Up.

To see if you are eligible for Lifeline and Link-Up, please call 1155 from any Golden West phone.

Will you take care of arranging the insertion?

File

A black and white photograph of a woman standing in a field. She is wearing a wide-brimmed straw hat and a vertically striped, long-sleeved button-down shirt. She is smiling and looking towards the camera. In the background, there is a large house with a chimney, surrounded by trees and a lawn. The sky is bright and slightly hazy. The overall scene is a peaceful, rural setting.

Since 1981

Dear Valued Sponsor,

Thank you for your support on the 2008 Spring sports poster for Pine Ridge High School. We hope you see the value of advertising on these posters and will continue to help the school with future sponsorships.

These posters help the athletic department generate additional funds for their sports program. It also helps remind the community of upcoming sporting events which increase ticket and concession sales. The students and community enjoy the boost in school spirit these posters provide!

We do send a rebate check to the school, but cannot do this until all payments are received. If you haven't had the opportunity to send in your payment, please take a moment to do so. If payment has been made, thank you!

We appreciate your support and know without your participation this project could not be a success. Call us toll-free at 1-800-243-2948 for any additional help that we may provide.

Sincerely,
