*	Unless otherwise indicated, all rates are pursuant to South Dakota Public Utilities Commission dockets:									
A	Qwest and AT&T Arbitration in Docket No. TC96-184, effective March 4, 1999									
#	Voluntary Rate Reduction, Docket TC01-165, effective 12/12/02. Reductions reflected in the 12/12/02 Exhibit A.									
1	Rates not addressed in the Cost Docket (estimated TELRIC)									
2	Market-based rates									
3	ICB, Individual Case Basis pricing.									
4	Rates per FCC Guidelines.									
5	Rates addressed in Cost Docket filed on October 15, 2002.									
6	Preliminary QPF costs are included in the Caged & Cageless space construction charges. Engineering & planning charges are also included in the caged & cageless QPF. Upon completion of the construction, the QPF will be credited to the final space construction charge for the collocation job. The credit will apply to whichever QPF is applied. Exhibit currently lists multiple QPFs based on the cost docket & what was approved in the AT&T intercon. agreement. CLEC may choose either QPF at this time.									
7	Effective 8/1/03, Qwest will no longer charge the Recurring and Nonrecurring Charges for Channel Regeneration. Qwest reserves the right to revert back to the contractual rate only after appropriated notice is given.									
8	Eff. 11/04, Qwest (Q) will no longer perform Bridge Tap and/or Load Coil Removal to facilitate provisioning of its Retail DSL offering. To permit CLECs to provision xDSL Capable Loops, Q is now re-instituting the charge to continue Conditioning for the 2/4-Wire UBL, ISDN (BRI) Capable UBL, xDSL-I Capable UBL, Non-Commercial Line Sharing, Line Splitting, Non-Commercial SDL & Loop Splitting, eff. 3/14/05. Q can bill the RC rate structure, but will bill the lower of the two rates.									
9	Market-based prices, All charges and increments shall be the same as the comparable charges and increments provided in Qwest FCC, Retail Tariffs, Catalogs, or Price Lists.									
10	Intentionally Left Blank									
11	Qwest will not charge for this element until the Commission has an opportunity to review and approve a rate in a cost proceeding.									
12	Intentionally Left Blank									
13	The provision of transiting services is not required pursuant to Section 251 of the Telecommunications Act. Qwest has chosen to offer this service as part of its interconnection agreement, but this service is not required to be priced according to a TELRIC methodology.									
14	Rate was ordered for a similar element and is being used because the costs for this element are the same.									
15	Rate was previously ordered for this element in a different section of Exhibit A.
