C. Payment Dates and Late Payment Charges (Cont'd)

- 2) Further, if no payment is received by the payment date or if a payment or any portion of a payment is received by the Company after the payment date as set forth in 1) preceding, or if a payment or any portion of a payment is received by the Company in funds which are not Immediately Available funds in U.S. dollars, then a Late Payment Charge shall be due to the Company. The Late Payment Charge shall be the payment or the portion of the payment, in excess of \$25.00, not received by the payment date times a late factor. The late factor shall be 1.5% per month (unless an applicable law or regulation specifies a lower rate to be charged) or portion thereof applied from the 31st calendar day after payment date to and including the date that the Company actually receives the payment. The Late Payment Charge shall be assessed monthly, based on the delinquent balance maintained on the account at the time. The minimum Late Payment Charge is \$5.00.

D. Billing Disputes Resolved in Favor of the Company

- 1) In the event that a Customer disputes all or part of the billed amount, and the dispute is ultimately resolved in favor of the Company, the Customer shall pay the disputed amount in full pending resolution of the dispute unless the Company determines, in its sole discretion, that there is an adequate deposit in respect of such disputed amount. In the event that the Company does not require the Customer to pay the disputed amount in full pending resolution of the dispute, late payment charges will apply to amounts withheld pending settlement of the dispute and ultimately found to be payable. Late payment charges are calculated as set forth in C.2. preceding except that when the Customer disputes the bill on or before the payment date and pays the undisputed amount on or before the payment date, the penalty interest period shall not begin until ten (10) days following the payment date.
