Golden West Telecommunications Go

Lifeline and Link Up Information for Golden West Telecommunications Customers in South Dakota

Landline Service

Lifeline is a government program that offers qualified low income households a discount on their monthly local telephone bill. Each state has its own guidelines to qualify. The application and qualification process differs by state and sometimes by individual phone company.

- **How much can I save?**
You will save up to \$8.25 on your basic monthly bill. These benefits apply to your local telephone service charges that you purchase as measured service (including local usage), or as part of a service, or as flat rate service. These benefits will also cover your subscriber line charge.
- **How do I know if I am eligible?**
Program based eligibility:
 - Federal Public Housing Assistance / Section 8
 - Food Stamps
 - Medicaid
 - Low Income Home Energy Assistance Program (LIHEAP)
 - Supplemental Security Income (SSI)
 - National School Lunch (free program only)
 - Temporary Assistance for Needy Families (TANF)
 - Additional eligibility criteria may apply to residents of federally recognized tribal lands
- Income based eligibility:
 - Total household income at or below 135% of the Federal Poverty Guidelines.

- **Are there any restrictions?**
Lifeline can only be used for the primary telephone line in a household. You may purchase additional services available to a non-Lifeline customer except if on LOTS program or other tribal programs. You must establish phone service prior to applying for the Lifeline discount. The name on the phone bill must match the name of the household member participating on the eligible program with the exception of the National School Lunch free Program.
- **How do I apply?**
To apply for Lifeline call Solix on your Golden West phone directly at 1155 or 1-866-279-2161. You may find more information about Lifeline and other telephone services available from Golden West Telecommunications at <http://www.goldenwest.com>. An application can be obtained via phone.
- **What proof of eligibility do I need to provide?**
You will be asked for proof of your eligibility by submitting a form signed under penalty of perjury that you receive benefits from or a copy of any dated document which verifies your participation in one of the qualifying programs listed above. Proof of total household income may be required for income based qualification. Your Lifeline benefits will take effect when proof of eligibility is received.

- **How do I continue to receive Lifeline benefits?**

Eligibility is reviewed periodically. Your benefits will be discontinued when you no longer meet the eligibility requirements or when proof of eligibility is not received. Customers who are no longer eligible for Lifeline benefits must notify their service provider.

- **Other Useful information**

There are other options that can help you save money, including free toll blocking, waived deposit with toll blocking and voluntary limit on long distance calling (toll control).

Link Up helps households reduce the cost of initiating telephone service. This program pays some of the cost of connecting local telephone service to your home or activating wireless phone service. However, Link Up does not cover the cost of wiring inside your home.

- **How much will I save?**

Link Up will pay 50% of your installation charges for total discount of \$11.63. (Maximum benefit \$30.00) An additional discount may apply to residents of federally recognized tribal lands.

- **How do I know if I am eligible?**

If you qualify for Lifeline, you also qualify for Link Up.

- **Are there any restrictions?**

Link Up can only be used for the charges for activating a primary telephone line or moving existing service to a new address. Charges related to wiring and telephone jacks within your home and wireless handsets are not eligible for the Link Up discount.

- **How do I apply?**

To apply for Link Up you will follow the same application process as Lifeline and the same proof of eligibility as Lifeline.

Being a Lifeline or Link Up customer does not protect you from being disconnected if you fail to pay your telephone bill.

Lifeline and Link Up discounts cannot be applied to an outstanding balance owed to your phone company.

Lifeline can only be applied to one wireless OR wireline telephone per household.

Lifeline / Link-Up Assistance

Everyone has a friend or relative they worry about, especially during the wintertime. Cold temperatures, difficult driving conditions and sometimes even the lack of transportation make it difficult to stay in touch with those you love.

With the Lifeline & Link-Up Program you can take away that worry and stay connected for as little as \$1 a month. And best of all, the Lifeline Program even covers the cost of restricting unauthorized long distance calls.

What do the programs provide?

LIFELINE provides eligible subscribers with a monthly credit of \$8.25 on the basic service portion of their telephone bill. The credit applies on the main home telephone line listed in the name of the eligible telephone company subscriber. Lifeline subscribers may also receive blocking of long distance calls on their telephone line at no charge.

LINK-UP provides eligible subscribers with reduced connection charges for their basic home telephone service. This reduction is 50 percent of the applicable charges or \$30.00, whichever is less. Link-Up also provides for deferred payment of connection charges without interest. It does not cover the cost of wiring inside your home and is limited to one time per home address per subscriber.

LIFELINE LINK-UP PROGRAM

Find Out How to Benefit

Golden West Newsletter

The holiday season is full of reminders of people helping others. Whether it's the Salvation Army bell ringing outside a grocery store on a cold December day or a church or fraternal order putting together food baskets for families at Christmas, Americans are accustomed to helping those who are going through tough times.

This past year a number of residential Golden West customers have been helped through the Federal Communications Commission's Lifeline & Link-Up Program that provides discounted installation and monthly telephone service to qualifying consumers.

Are You Eligible for the Lifeline Programs?

Lifeline Program

You, a neighbor or family member may be eligible for the Lifeline Program and its **\$8.25 monthly savings** if you're a participant in at least one of the following programs:

- Medicaid
- Food Stamps
- Federal Public Housing Assistance (FPHA)
- Temporary Assistance to Needy Families (TANF)
- Low-Income Home Energy Assistance (LIHEAP)
- Supplemental Security Income (SSI)
- National School Lunch Program's Free Lunch Program

Enhanced Lifeline Program

Another 2nd version of Lifeline program, the Enhanced Lifeline Program, provides telephone service for as little as **\$1 a month** to anyone who lives on tribal lands. It expands the eligibility requirements listed under the Lifeline Program to also include participation in:

- Bureau of Indian Affairs (BIA) General Assistance Programs
- Tribally Administered Temporary Assistance for Needy Families (TTANF)
- Tribal Head Start (meeting income-qualifying standards)
- Tribal National School Lunch Program's Free Lunch Program

In addition, you may be eligible for the monthly savings if your household income is at or below 135% of the federal poverty guidelines. Qualifying income levels range from \$14,040 for a single person household to \$48,060 for a family of eight.

Link-Up Program

Another Federal Program, Link-up, provides for financial assistance with connection charges for new customers.

Take a few moments out of your busy holiday schedule to complete the Lifeline & Link-Up application form. Or if you know a friend or neighbor who may benefit from the program, we hope you'll pass on the information. The application process takes less than five minutes and may be just the 'lifeline' a person needs to get through the holidays and coming year.

To request an application or obtain more information on the self-certifying Lifeline & Link-Up program, **Dial 1155** from any Golden West phone. Additional information is also available from Golden West on-line at www.goldenwest.com.

Valuable Information on

Digital Transition

You may have heard about "digital transition" (DTV), a government mandate that calls for an overhaul of the nation's over-the-air TV broadcast system. With this new mandate, on February 17, 2009, TV stations will stop delivering programs in analog and switch to all-digital signals. The good news is that the switch to broadcasting in digital signals will not affect the majority of Americans who already subscribe to cable TV.

- On February 17, 2009, TV stations will stop broadcasting in analog and switch to all digital signals.
- Analog TV sets not connected to cable, satellite, or other pay-TV service (in other words, TVs that use an antenna or rabbit ears for over-the-air TV) will need a digital converter box after February 17.
- Analog-only TVs connected to Golden West's cable television service should continue to work after the transition and will not need a converter box.
- Analog-only TVs should also continue to work as before to receive low-power, Class A or translator TV stations and with gaming consoles, VCRs, DVD players, and similar products.
- The federal government is offering discount coupons for viewers who need to purchase converter boxes for analog TV sets. For discount coupons, visit www.dtv2009.gov or call 1-888-DTV-2009 (1-888-388-2009).

Digital Transition

You may have heard about "digital transition" (DTV), a government mandate that calls for an overhaul of the nation's over-the-air TV broadcast system. With this new mandate, on February 17, 2009, TV stations will stop delivering programs in analog and switch to all-digital signals. The good news is that the switch to broadcasting in digital signals will not affect the majority of Americans who already subscribe to cable TV.

ALL-AMERICAN SPORTS POSTERS.

On time, on the money... every time!

*Todd Co
Fall 2008*

Thank You!

On behalf of your high school and All-American Sports Posters®, we would like to thank you for advertising on the enclosed Fall 2008 poster.

We want to provide you with two copies of the poster that you may display in your place of business. If you would like additional copies, please contact your high school.

All-American Sports Posters® helps schools fill budget gaps for student programs and generate additional funds for extracurricular activities. In addition, posters help to increase your community's awareness of scheduled events which, in turn, helps to generate even more revenue through increased ticket and concession sales. Posters also give students a real spirit boost as they witness their community's support first hand. The students and community will enjoy these posters for months to come!

We hope you will see the value of this program and will consider helping your school with advertising support in future seasons.

If you have not had the opportunity in your busy schedule to send in your payment, please take a moment to do so. We are eager to send a rebate check to the school and can not do this until all payments are received. Thank you, if you have already sent in payment for your ad.

We know we can not do this without you!

Warm regards,

Dear Valued Sponsor,

Thank you for your support on the 2008 Fall sports poster for Pine Ridge High School. We hope you see the value of advertising on these posters and will continue to help the school with future sponsorships.

These posters help the athletic department generate additional funds for their sports program. It also helps remind the community of upcoming sporting events which increase ticket and concession sales. The students and community enjoy the boost in school spirit these posters provide!

We do send a rebate check to the school, but cannot do this until all payments are received. If you haven't had the opportunity to send in your payment, please take a moment to do so. If payment has been made, thank you!

We appreciate your support and know your success. Call us toll-free at 1-800-247-

Sincerely,

Commercial Newspape.

Subject: Oglala Nation Powwow

Hi Jody,
Last year Golden West did a small sponsorship for our full page color ad for the yearly OST Powow (Oglala Nation Powwow) which is July 31, Aug 1-3. We usually run the poster for two weeks. In the past Golden West always sponsored both weeks, but last year, only one week. Also this ad/poster will appear on our new website per the message I sent you yesterday. This year would you like to sponsor 1 week (\$150) or 2 weeks (\$275)? The first ad will print this week and I'll need to know by 5 pm. thanks Jody.
