Re: Wireless Type 2 Interim Agreement between Qwest Corporation and T-Mobile USA, Inc. for the State of South Dakota

Dear Ms. Van Gerpen:

Enclosed for filing for approval by the South Dakota Public Utilities Commission pursuant to 47 U.S.C. § 252 is the Wireless Type 2 Interim Agreement between Qwest Corporation and T-Mobile USA, Inc. for the State of South Dakota.

Contact information for T-Mobile USA, Inc. is as follows:

T-Mobile USA, Inc. Eric Pue, Contract Manager 12920 SE 38th Street Bellevue, WA 98006 Phone: 425-383-3949 Facsimile: 425-383-2340 E-mail: eric.pue2@t-mobile.com

Please contact me if you have any questions or concerns. Thank you.

Sincerely,

George Baker Thomson, Jr.

Enclosure e-mail cc: Eric Pue, T-Mobile USA, Inc. cc: David L. Ziegler, Qwest

INTERIM AGREEMENT -- SOUTH DAKOTA

THIS INTERIM AGREEMENT ("Interim Agreement") is entered into by and between Qwest Corporation, a Colorado corporation ("Qwest"), and T-Mobile USA, Inc., formerly known as VoiceStream, a Delaware corporation ("T-Mobile"). T-Mobile and Qwest each are referred to as a "Party" and are collectively referred to as the "Parties" to this Interim Agreement.

Whereas, on October 28, 2009, T-Mobile requested negotiations of a new Interconnection Agreement (the "new Interconnection Agreement") under Section 252(a) of the Telecommunications Act of 1996 in the state of South Dakota; and

Whereas, the effectiveness of the new Interconnection Agreement is subject to both its full execution by the Parties and its submission to and approval by the South Dakota Commission; and

Whereas, pending the effectiveness of the new Interconnection Agreement and pursuant to 47 C.F.R. §51.715, the Parties wish to provide for interim terms under which T-Mobile will receive Type 2 Interconnection service from Qwest in the state of South Dakota.

NOW THEREFORE, the Parties in consideration of the foregoing and intending to be legally bound, hereby agree as follows:

- (a) Upon the mutual execution of this Interim Agreement and pending the effectiveness of the new Interconnection Agreement, Qwest and T-Mobile agree to be bound by and abide by the terms, provisions, rates and conditions of the Qwest Wireless Type 2 Template located on the Qwest Wholesale web site at: http://www.qwest.com/wholesale/clecs/wirelessagreements.html. The parties' Interim Agreement will include the Exhibit A for South Dakota, and Exhibit B.
- (b) This Interim Agreement shall be superseded and replaced by the new Interconnection Agreement upon approval of the new negotiated or arbitrated Interconnection Agreement by the South Dakota Commission and its effectiveness pursuant to Section 252(e) of the Act. Each of the Parties shall remain responsible for the performance of duties incurred but not performed, and retain rights accrued but not exercised during the term of the Interim Agreement. Notwithstanding Section 6.3.5 of the Qwest Wireless Type 2 Template, the Parties agree to exchange IntraMTA Traffic during the term of this Interim Agreement on a bill-and-keep basis, whereby neither party charges the other party reciprocal compensation for the termination of IntraMTA traffic originated by the other party. All amounts billed and paid between the parties during the course of this Interim Agreement will be trued-up to the rates contained in the new Interconnection Agreement in accordance with 47 C.F.R. §51.715. This Interim Agreement shall cease to be in effect if the period for requesting arbitration has passed with no such request. In the event the Interim Agreement ceases to be in effect because no party seeks arbitration, there will be no true-up of compensation paid.

- (c) This Interim Agreement shall be governed by and construed in accordance with federal law and the laws of the State of South Dakota without regard to choice of law principles thereof.
- (d) Any Amendment, modification, or supplement to this Interim Agreement must be in writing and signed by authorized representatives of both of the Parties.
- (e) The parties agree that during this Interim Agreement T-Mobile will initially establish the following interconnection with Qwest in South Dakota:
 - a. 8 T1s between a T-Mobile point of presence and the Sioux Falls Access Tandem (SXFLSDCO9T). This will be a Type 2A connection.
 - b. 5 T1s between a T-Mobile point of presence and the Sioux Falls Local Tandem (SXFLSDC001T). This will be a Type 2A connection.

These facilities will be used to exchange traffic between Qwest and T-Mobile for T-Mobile customers located in the Sioux Falls LATA.

- (f) Notwithstanding anything in this Interim Agreement to the contrary, the parties hereto agree that T-Mobile will not establish during this Interim Agreement, Type 2A trunks to the Rapid City Access Tandem and T-Mobile will abide by the terms and conditions of the Single Point of Presence Waiver set forth as Attachment 1 to this Interim Agreement.
- (g) By executing this Interim Agreement, neither party will be precluded from arguing that any terms proposed by the other Party for inclusion in the new Interconnection Agreement are inconsistent with the Telecommunications Act of 1996, and neither party will claim otherwise in any arbitration before the South Dakota Commission.

IN WITNESS WHEREOF, the Parties have executed this Interim Agreement as of the date last below written.

ATTACHMENT 1 SINGLE POINT OF PRESENCE WAIVER

Qwest will waive the requirement for T-Mobile to connect to each Qwest Access Tandem in the LATA with this waiver.

T-Mobile certifies:

That it will not originate any traffic destined for subtending offices of Qwest's Access Tandems for which T-Mobile seeks a waiver or, if T-Mobile does originate such traffic, that T-Mobile will route such traffic to a Non-Qwest network; and T-Mobile certifies that it has no end users in the serving area of the Qwest Access Tandem for which T-Mobile seeks a waiver.

T-Mobile will send an electronic letter to Qwest indicating the Qwest access tandems subject to this waiver at the time of ordering trunks required to implement SPOP in the LATA. In addition, T-Mobile will provide a revised electronic letter to Qwest advising of any changes in the network configuration of the aforementioned access tandems. Should T-Mobile desire to begin serving end users in the serving area of a Qwest access tandem currently under this waiver, T-Mobile must first establish trunking to the appropriate Qwest access tandem. Additionally, should T-Mobile desire to originate traffic destined to a Qwest end office subtending a Qwest access tandem currently under this waiver, T-Mobile must first establish trunking to the appropriate Qwest access tandem.

Should this traffic occur, the Parties agree to meet within forty-five (45) Days of Qwest's identification of such misrouted traffic to discuss methods for avoiding future misrouting on that trunk group or groups, T-Mobile will then have thirty (30) Days from the date of meeting to correct such misrouting on that trunk group or groups. If further misrouting occurs or continues after that date on the same trunk group or groups as the original misrouting identified, the Parties agree to meet again within thirty (30) Days of Qwest's identification of such misrouted traffic to discuss methods for avoiding future misrouting on that trunk group or groups. T-Mobile will then have thirty (30) Days of Qwest's identification of such misrouted traffic to discuss methods for avoiding future misrouting on that trunk group or groups. T-Mobile will then have thirty (30) Days from the date of meeting to correct such misrouting. If further misrouting occurs or continues after that date on the same trunk group or groups, Qwest will consider this waiver null and void and all requirements in Attachment 1 or in the existing Agreement currently in effect between the Parties will be reinstated. If the Parties agree to avail themselves of the dispute resolution provision of their Agreement.

EXHIBIT B

SERVICE PERFORMANCE INDICATORS

Qwest and [WSP] agree that Qwest will provide Type 2 Interconnection Trunks to [WSP] and other Wireless Service Providers, for use as Telecommunications Services, in a non-discriminatory manner. Qwest will work with [WSP] on an Individual Case Basis (ICB) when [WSP] requires data from Qwest to develop operation reporting.
