

**Attachment A**

Company Brochure

**Telecommunications made uncomplicated – affordable, flexible, personal service**

**VALUE:** Exceptional service with significant savings over LEC

**STABILITY:** Savings are important, but not without service stability

- No network migration required
- Built on largest underlying LEC networks

**SIMPLICITY:** Consolidated, easy to interpret invoices to simplify administration

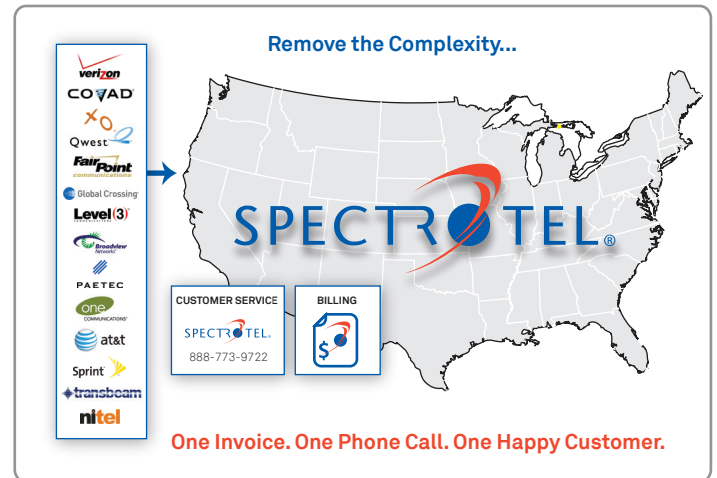

**FLEXIBILITY:** Invoices we can organize to meet your needs by department or cost center, for example, using corporate summaries and parent/child structure

**RESPONSIVENESS:** Personalized, focused, “live” customer service representatives without computer generated queries or voice prompts

**VARIETY:** Spectrum Suite of Services with solutions targeted for healthcare, government and community services, retail, and real estate industry segments

**EFFICIENCY:** Minimal to no on-site coordination required

**DEPENDABILITY:** Tens of thousands of customers, including business of all sizes, depend on Spectrotel for quality solutions, service and savings

**Quality, Personalized Service      Spectrum Suite of Services**

With Spectrotel’s customer-first business model, you get the best of both worlds. You enjoy friendly, personalized service provided by a nimble, customer-focused organization. At the same time you have the confidence that your critical business communications are riding on some of the most stable and secure facilities provided by carriers with over 100 years of experience. We remove the complexity in billing by aggregating all of your billing across carriers, regions, and locations into one easy to use invoice that you can organize into sub-billing units that meet your business requirements. We are dedicated to providing the best possible customer care, with personalized service and attention to your network needs, and with our Spotlight program larger customers receive dedicated account support from our Spotlight Managers.
