

Docket Number: TC12-073
Subject Matter: Second Data Request
Request to: WWC License, LLC dba Verizon Wireless
Request from: South Dakota Public Utilities Commission Staff
Date of Request: August 22, 2012

1-1) Does WWC intend to pursue Mobility Fund Phase I funding in South Dakota? If not, why? If so, what areas of South Dakota does WWC intend to pursue?

Response

WWC elected not to pursue Mobility Fund Phase I in South Dakota. WWC is currently deploying broadband services in South Dakota. The company has previously announced plans to cover its existing 3G network with 4G and, as such, has determined that it does not need to participate in the Mobility Fund to complete the deployment.
