**RE: Verizon Access Transmission Services: Tariff No. 2
TC13-049 – Replacement Tariff Page and Submission of Supporting
Documentation**

Dear Ms. VanGerpen:

MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services (“Verizon Access”) is submitting a replacement tariff page and supporting documentation for its docket filing TC13-049 via the South Dakota Public Service Commission’s E-Filing system.

Per conversations with a SD PUC staff member, Verizon Access is submitting a revised tariff page and a support documentation worksheet for its tariff filing dated June 7, 2013, with an effective date of July 1, 2013, in docket TC13-049.

Based on the rate changes filed by Qwest effective July 2, 2013, Verizon Access is reducing its Tandem Connect without Switching originating rate element on Page No. 67. Please replace the Page No. 67 originally submitted with the attached revised Page No. 67. Verizon Access respectfully requests that the rate reduction to the Tandem Connect without Switching originating rate element take effect on July 2, 2013 to coincide with the effective date of the Qwest rate changes. All other rate reductions on Page No. 67 will take effect on July 1, 2013 as filed.

In addition, also attached is supporting documentation for this filing. The supporting worksheet demonstrates how the proposed terminating rate reductions submitted in this filing comply with the November 18, 2011 Federal Communications Commission Report and Order (“FCC Order”), 26 FCC Rcd 17663. The originating rate reduction is being filed to comply with ARSD 20:10:27:02.01.

If you have any questions, please call me at (312) 260-3245 or send me an email at shannon.brown@verizon.com.

Respectfully submitted,

Shannon L. Brown
Tariff Manager
Verizon
