Subject: Regulations for operating Cell Phone/Data Services in the State of South Dakota.

I would like to Introduce Wizie Mobile, headquartered in Michigan (FRN# 0022-584478) as an MVNO of Sprint. We plan to start operations across United States soon. As part of our offerings, we would offer cell phone/Data services to customers across 50 states and travelers traveling to the United States of America for leisure/business on short term visits.

I was writing to see what are the regulations and paper work to be completed in order to successfully provide/sell our cell phone/Data services in the State of South Dakota. Also let me know if there are any county level regulations to be followed.

Feel free to contact us on my email – moondeep@wizie.com or +1-248-793-0000. We look forward to hear from you soon.

Thanks and Regards,
