Management Letter

The Board of Directors James Valley Cooperative Telephone Company and Subsidiaries Groton, South Dakota

We have audited the consolidated financial statements of James Valley Cooperative Telephone Company and Subsidiaries for the year ended December 31, 2012, and have issued our report thereon dated April 30, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and 7 CFR Part 1773, Policy on Audits of Rural Utilities Service (RUS) Borrowers. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

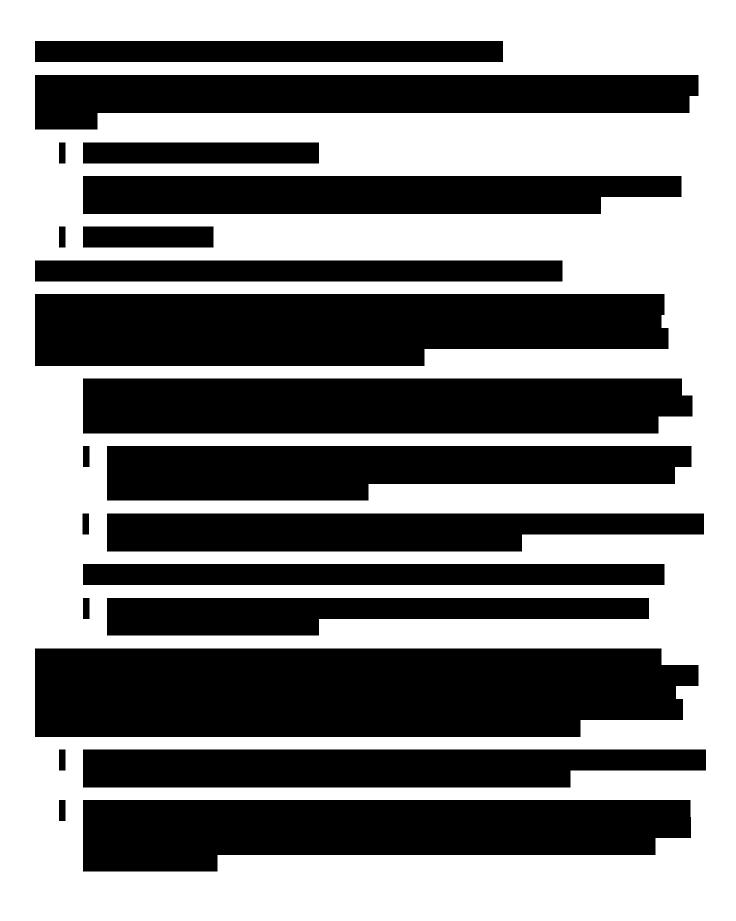

In planning and performing our audit of the consolidated financial statements, we considered James Valley Cooperative Telephone Company and Subsidiaries' internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an assurance on the internal control over financial reporting.

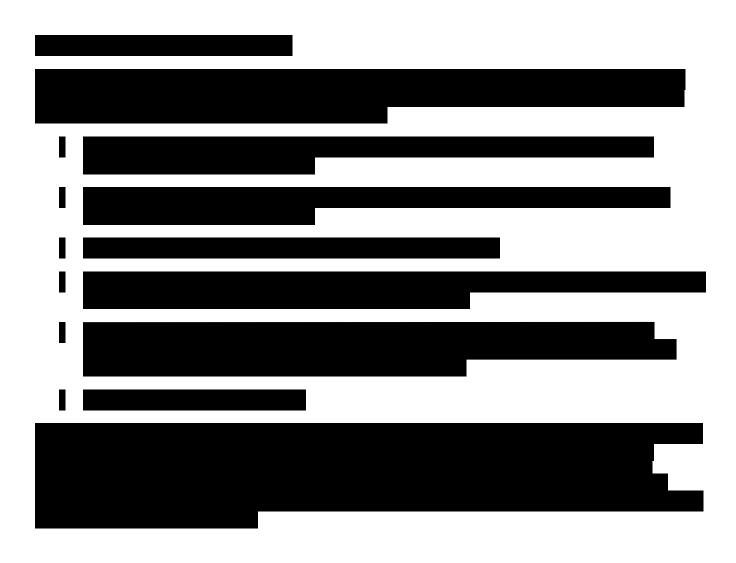

A description of the responsibility of management for establishing and maintaining the internal control over financial reporting and the objectives of and inherent limitations in such a control is set forth in our independent auditor's report on compliance and on the internal control over financial reporting dated April 30, 2013, and should be read in conjunction with this report.

Code of Federal Regulations 7 CFR Part 1773.33 requires comments on specific aspects of the internal control structure over financial reporting, compliance with specific RUS loan and security instrument provisions, and other additional matters. We have grouped our comments accordingly. In addition to obtaining reasonable assurance about whether the consolidated financial statements are free from material misstatements, at your request, we performed tests of specific aspects of the internal control structure over financial reporting, of compliance with specific RUS loan and security instrument provisions, and of additional matters. The specific aspects of the internal control structure over financial reporting, compliance with specific RUS loan and security instrument provisions, and additional matters tested include, among other things, the accounting procedures and records, materials control, compliance with specific RUS loan and security instrument provisions set forth in 7 CFR Part 1773.33(e)(2), related party transactions and investments. In addition, our audit of the consolidated financial statements also included the procedures specified in 7 CFR Part 1773.38-.45. Our objective was not to provide an opinion on these specific aspects of the internal control structure over financial reporting, compliance with specific RUS loan and security instrument provisions, or additional matters and, accordingly, we express no opinion thereon.

In addition to our independent auditor's report and our independent auditor's report on compliance and on internal control over financial reporting, all dated April 30, 2013, we have issued an additional communication letter dated April 30, 2013 to those charged with governance as required by audit standards.

Our comments on specific aspects of the internal control structure over financial reporting, compliance with specific RUS loan and security instrument provisions, and other additional matters as required by 7 CFR Part 1773.33 are presented below.

Esde Sailly LLP
