SECTION 5.0 – NETWORK SERVICES DESCRIPTIONS (CONTINUED)

5.11 Optional Calling Features, (continued)

5.11.1 Feature Descriptions, (continued)

(AA) Speed Calling: Permits the Customer to place calls to other telephone numbers by dialing a one or two digit code rather than the complete telephone number. The feature is available as either an eight (8) code list or a thirty (30) code list. Code lists may include local and/or toll telephone numbers. The Customer has the ability to add or remove telephone numbers and codes to/from the speed calling list without assistance from the Company.

(AB) Three Way Calling: Permits the end-user to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The end-user initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

(AC) Remote Call Forward: Service which permits the automatic routing of a call from the originally dialed phone number to another pre-determined phone number. The forwarding of the call is facilitated by the switching and networking electronics belonging to the service provider/ carrier offering the Remote Call Forward offer.

SECTION 7.0 - LOCAL EXCHANGE SERVICES PRICE LIST (CONTINUED)

7.5 Residence and Business PBX Trunk Service

PBX Trunk service provides a Customer with a single, voice-grade telephonic communications channel which can be used to place one call at a time. Trunks are provided for connection of Customer-provided private branch exchanges (PBX) or other station equipment to the public switched telecommunications network.

PBX Trunks are available to Business and Residence Customers as Inward, Outward or Two-Way combination trunks where services and facilities permit.

Each PBX Trunk is provided with Touchtone signaling at no additional charge. An optional per trunk Hunting feature is available for Customers which routes a call to the next idle trunk in a prearranged group (see Sections 7.2 and 7.3).

PBX Trunks may also be equipped with Direct Inward Dialing (DID) capability and DID number blocks for additional charges (see Section 7.6).

SECTION 8.0 - DIRECTORY ASSISTANCE AND LISTING SERVICES (CONTINUED)

8.2 Non-Published Service

8.2.1 General

Non-published service means that the Customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records.

8.2.2 Regulations

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-published number only when the caller dials direct or gives the operator number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to some.

8.2.3 Rates and Charges

There is a monthly charge for each non-published service. This charge does not apply if the Customer has other listed service at the same location; if the Customer lives in a hotel, boarding house or club with listed service; or if the service is installed for a temporary period.

	<u>Monthly Rate</u>		<u>Nonrecurring Rate</u>
