Customers are eligible if they, one of their dependents or their household participate in one of the following programs:

In addition, consumers are eligible if their household income is at or below 135% of the federal poverty guidelines.

TrioTel Communications, Inc.

Low Income Assistance Available for Telephone Service

Lifeline and Toll Blocking support is available from TrioTel Communications, Inc. These programs provide discounts to eligible low-income consumers to help them establish and maintain telephone service.

Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline.

Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit.

Customers are eligible if they, one of their dependents or their household participate in one of the following programs:

- Low-Income Home Energy Assistance Program (LIHEAP)
- Federal Public Housing Assistance (Section 8)
- Supplemental Nutrition Assistance Program (SNAP), f/k/a Food Stamps
- Medicaid
- National School Lunch Program's Free Lunch Program
- Supplemental Security Income (SSI)
- Temporary Assistance for Needy Families (TANF)

In addition, consumers are eligible if their household income is at or below 135% of the federal poverty guidelines.

TrioTel Communications, Inc. voice service is a Lifeline-supported service. Only eligible consumers may enroll in the Lifeline program. Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means. Lifeline recipients are required to recertify their eligibility every year. The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.
