Dear DELIVERY NAME:

Once a year, Alliance Communications is required to notify all residential customers about low-income assistance programs for telephone service.

What types of discounts are available?

- **The Lifeline program** offers support to qualified low-income residential consumers for one telephone line per eligible household. Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline.
- **Toll Blocking** prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit for local phone service.

How do I know if I'm eligible? Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

- Low-Income Home Energy Assistance Program (LIHEAP)
- Federal Public Housing Assistance (Section 8)
- Supplemental Nutrition Assistance Program (SNAP)
- Medicaid
- National School Lunch Program's Free Lunch Program
- Supplemental Security Income (SSI)
- Temporary Assistance for Needy Families (TANF)

Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means. Acceptable documentation of program-based eligibility includes current or prior year's statement of benefits from a qualifying state, federal or Tribal program; notice letter of participation in a qualifying state, federal or Tribal program; program participation documents; or another official document evidencing the consumer's participation in a qualifying state, federal or Tribal program.

Can I qualify based only on my income? Yes. Consumers are eligible for Lifeline if their household income is at or below 135% of the federal poverty guidelines.

See reverse side for more information.

Speak and you'll be heard.

2013 Federal Poverty Guidelines – 135%

Household Size	48 Contiguous States and D.C.	Alaska	Hawaii

For each additional person, add	\$5,427	\$6,791	\$6,237

Acceptable documentation of income eligibility includes prior year's state, federal or Tribal tax return; current income statement from an employer or paycheck stub; social security statement of benefits; Veterans Administration statement of benefits; retirement/pension statement of benefits; unemployment/workmen's compensation statement of benefits; federal or Tribal notice of letter participating in General Assistance; or a divorce decree or child support award or another official document containing income information.

What services do I receive through the Lifeline program? Lifeline includes unlimited *local* minutes within the toll-free calling area. Lifeline does not include long distance minutes. Long distance minutes are billed at the standard rate depending on which interexchange carrier the consumer subscribes to for long distance service. As part of the Lifeline service, toll blocking is available to eligible consumers at no cost. Subscribers may receive the Lifeline credit on telephone service offered in a bundle. Advertised rates do not include any applicable taxes or surcharges.

Will I need to recertify my Lifeline eligibility every year? Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

Are there any other restrictions in the Lifeline Program? The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

For more information, dial 611 from any phone with Alliance service or call 605-594-3411.

Lifeline Eligibility Certification

You will be required to provide documentation of eligibility.

Lifeline is a federal government assistance benefit and willfully making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment, or being barred from the program.

Only one Lifeline service is available per household. A household is defined, for the purposes of the Lifeline program, as any individual or group of individuals who live together at the same address as one economic unit. An "economic unit" consists of all adult individuals contributing to and sharing in the income and expenses of a household. A household may include related and unrelated persons. A household is not permitted to receive Lifeline benefits from multiple providers. Violation of the one-per-household limitation constitutes a violation of the Federal Communications Commission's rules and will result in your de-enrollment from the program. Lifeline is a non-transferable benefit and you may not transfer your benefit to any other person.

I certify, under penalty of perjury, that:

- (1) I meet the income-based or program-based eligibility criteria for receiving Lifeline, provided in 47 C.F.R. § 54.409. I have provided documentation of eligibility;
- (2) I will notify the carrier within 30 days if, for any reason, I no longer satisfy the criteria for receiving Lifeline including, as relevant, if I no longer meet the income-based or program-based criteria for receiving Lifeline support, I am receiving more than one Lifeline benefit, or another member of my household is receiving a Lifeline benefit;
- (3) If I move to a new address, I will provide that new address to the telephone company within 30 days;
- (4) If I provided a temporary residential address to the telephone company, I will be required to verify my temporary residential address every 90 days;
- (5) My household will receive only one Lifeline service and, to the best of my knowledge, my household is not already receiving a Lifeline service;
- (6) The individual named on the documentation provided demonstrating program-based eligibility, if not me, is part of my household;
- (7) I acknowledge that I may be required to re-certify my continued eligibility for Lifeline at any time, and my failure to re-certify as to my continued eligibility will result in de-enrollment and the termination of my Lifeline benefits pursuant to 47 C.F.R. § 54.405(e)(4);
- (8) I acknowledge that providing false or fraudulent information to receive Lifeline benefits is punishable by law; and
- (9) The information contained in this application and certification form is true and correct to the best of my knowledge.

Consent to provide Lifeline subscriber information to the National Lifeline Accountability Database

The Federal Communications Commission has established the National Lifeline Accountability Database to detect and prevent consumers from receiving more than one discounted telephone service under the federal Lifeline program.

Under federal law, Alliance Communications is required to check this database prior to signing up Lifeline subscribers and is also required to provide the following information to the database's federal administrator:

- The Lifeline subscriber's full name
- The Lifeline subscriber's full residential address
- The Lifeline subscriber's date of birth
- The last four digits of the Lifeline subscriber's social security number or tribal identification number
- The telephone number associated with the Lifeline service
- The date on which the Lifeline service was initiated
- The date on which the Lifeline service was terminated (if applicable)
- The amount of Lifeline service support being sought for the subscriber
- The means through which the subscriber qualified for Lifeline service (income or program-based, Medicaid, etc.)

The above information related to your Lifeline service is being provided by Alliance Communications to the National Lifeline Accountability Database to verify that you, as a Lifeline applicant and/or subscriber, are not receiving more than one Lifeline benefit, and to otherwise ensure proper administration of the Lifeline program.

I, the Lifeline applicant/subscriber, acknowledge that Alliance Communications will transmit to the federal administrator of the National Lifeline Accountability Database the above-referenced information about my Lifeline account and service for inclusion into the database, and hereby consent to transmission of the information for purposes allowed by law relating to administration of the Lifeline program.

I further understand that a failure to provide this consent to release my Lifeline account and service information to the federal administrator for inclusion in the National Lifeline Accountability Database will result in a denial of or de-enrollment from Lifeline service.

Relay South Dakota provides telephone accessibility to people who are deaf, hard-of-hearing or speech-disabled. Relay South Dakota is available 24 hours a day, 365 days a year, with no restrictions on the length or number of calls placed. Relay South Dakota provides state-of-the-art technology; a full range of features and highly trained, professional Communication Assistants (CAs) to ensure that users are able to communicate easily and effectively - every time they place a relay call. All calls are strictly confidential and no records of any conversations will be maintained. Use Relay South Dakota when you need to be heard and be understood on the phone!

What Equipment Do I Need to Use Relay?

The most common telephone device used to make a relay call is a TTY (text telephone). There are other telephone devices available, depending on the type of relay services used. South Dakota residents who are deaf, hard of hearing, deaf-blind or speech-disabled are eligible to receive specialized telephone equipment through the Equipment Distribution Program at CSD at minimal or no cost. For more information on how to obtain specialized telephone equipment in your area, call toll free 866-246-5759 (v/tty).

How to make a relay call?

1. Dial 7-1-1 from anywhere inside South Dakota, or dial toll-free (800) 877-1113 from anywhere outside the state.
2. Ask the communication assistant to dial the area code and telephone number you are calling.
3. The communication assistant will type the spoken words to the TTY user and voice the typed words back to the standard phone you are calling.
4. Speak slowly and directly to the person you are calling, not to the relay operator.
5. Remember to say "go ahead" (typed "GA" on the TTY) each time you finish your part of the conversation to let the other person know to respond.

To be eligible for equipment:

- You must be a resident of South Dakota

- You have existing telephone service in your home.

To get an application and certification form for TEDP, call CSD at (605) 367-5759 (V/TTY) or toll free (866) 246-5759 (V/TTY) or go to www.sdrelay.com.

RELAY IOWA

What is Relay Iowa?

Relay Iowa is a specialized service that guarantees all citizens access to prompt, professional and accurate communication through the

telephone. Consumers of these specialized services, specifically individuals who are deaf, deaf-blind, hard of hearing or have difficulty speaking, can communicate on the telephone via TTY, Voice Carry Over (VCO), Hearing Carry Over (HCO), Speech-to-Speech (STS), Spanish and Captioned Telephone in order to connect with family, friends or businesses with ease.

How does relay work?

Dial 7-1-1 or the appropriate toll-free number provided below to connect with Relay Iowa. A Communication Assistant (CA) will ask for the area code and number of the person you wish to call and will begin relaying the conversation. Generally, the CA will voice the typed message from the text telephone (TTY) user to the hearing person on the other end. The CA then relays the hearing person's spoken words by typing them back to the TTY user. All calls are held strictly confidential. Specialized relay services are also available for individuals who have difficulty speaking and for Spanish speaking residents.

Captioned Telephone

Captioned Telephone is ideal for individuals with hearing loss who are able to speak for themselves. A captioned telephone works like any other telephone with one essential difference: it allows you to listen as well as read every word the other party says throughout the conversation on the display window. To call a Captioned Telephone user, dial: 1-877-243-2823.

How do I apply for specialized equipment?

The Iowa Equipment Distribution Program, called Telecommunications Access Iowa (TAI), helps pay for specialized equipment for residents of Iowa who are deaf, deaf-blind, hard of hearing or have difficulty speaking. Qualified individuals can receive a voucher for approximately 95% of the average cost of specialized telephone equipment. To apply online, go to: www.relayiowa.com/tai/ or call 1-800-606-5099 V/TTY.

CALLER ID SPOOFING GIVES SCAM ARTISTS A NEW ADVANTAGE

The number on your caller ID says the person calling you lives in your area, but he could be halfway across the world. A scam called caller ID spoofing manipulates the number appearing on your caller ID display. Scammers know you will hesitate to reveal personal information if an 800 number appears on your caller ID display.

Always be suspicious, especially when you're asked to provide personal information. Ask the caller for his name, telephone number and the organization he is representing and then hang up. Do not provide any information at this time. As soon as you ask for more details, the scammer usually hangs up because you can't call him back on a local number. Call the organization back using the customer assistance number listed in the phone book, your account statement or bill. Do NOT use the number given by the caller.

LOW-INCOME TELEPHONE ASSISTANCE

Once a year, Alliance Communications is required to notify all residential customers about low-income assistance programs for telephone service.

What types of discounts are available?

- The federal Lifeline program and Minnesota Telephone Assistance Plan offer support to qualified low-income residential consumers. The federal Lifeline and Minnesota Telephone Assistance Plan (TAP) programs provide monthly telephone service discounts on one telephone line or wireless telephone per household to eligible low-income consumers to help them establish and maintain telephone service by lowering the cost of basic, monthly local telephone service. The federal Lifeline monthly discount is typically between \$8 and \$10.
- The Minnesota Telephone Assistance Plan provides an additional \$2.50 monthly discount on local telephone service. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline.
- Long distance blocking (either toll limitation or toll blocking) prevents the placement of all long distance calls for which a subscriber would be charged. Blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit for local phone service.

How do I know if I'm eligible? Consumers are eligible for Lifeline if they, one of their dependents or their household

(LOW-INCOME TELEPHONE ASSISTANCE CONTINUED ON PAGE 2)

LOW-INCOME TELEPHONE ASSISTANCE (CONTINUED)

participate in one of the following qualifying assistance programs:

- Low-Income Home Energy Assistance Program (LIHEAP)
- Federal Public Housing Assistance (Section 8)
- Supplemental Nutrition Assistance Program (SNAP/Food Stamps)
- Medicaid/Medical Assistance
- National School Lunch Program's Free Lunch Program
- Supplemental Security Income (SSI)
- Minnesota Family Investment Program (MFIP)/Temporary Assistance for Needy Families (TANF)

Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means. Acceptable documentation of program-based eligibility includes: current or prior year's statement of benefits from a qualifying state, federal or tribal program; notice letter of participation in a qualifying state, federal or tribal program; program participation documents; or another official document evidencing the consumer's participation in a qualifying state, federal or tribal program.

Can I qualify based only on my income? Yes. Consumers are eligible for Lifeline if their household income is at or below 135% of the federal poverty guidelines.

Will I need to recertify my Lifeline eligibility every year? Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

Are there any other restrictions in the Lifeline Program? The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. FEDERAL DO NOT CALL LISTS

The National Do Not Call Registry gives you an opportunity to limit the telemarketing calls you receive. Once you register your phone number, telemarketers have up to 31 days from the date you register to stop calling you. To register, visit www.donotcall.gov or call toll free to 1-888-382-1222. You must call from the phone number you wish to register.

The federal list contains exemptions that allow political and survey calls. In addition, charitable organizations, long distance phone, airline, and insurance companies all have the "right" to place telemarketing calls. One final exception will allow any company you have received shipment from, made a purchase from, or have made a payment to in the last 18 months, to call and solicit you.

MINNESOTA RELAY

Minnesota Relay is a free service that uses a specially trained communications assistant (CA) to facilitate the telephone conversation between a person who has a hearing loss or a speech disability and the person with which they wish to speak. Calls can be made to anywhere in the world (long distance charges apply), 24 hours a day, 365 days a year. All calls are completely confidential.

To make a Minnesota Relay call, just dial 7-1-1. Once connected to the relay service, tell the CA the type of relay call you wish to make. Or, you may dial the specific toll free number for the type of relay service.

TYPES OF RELAY SERVICES

Captioned Telephone (CapTel™)

CapTel is an amplified telephone and relay captioning service that allows people who are hard of hearing to see word-for-word captions of their telephone conversation on a bright, easy-to-read display window built into the CapTel phone, while also listening to what is being said using their residual hearing (much like TV captioning). Requires a CapTel phone. If you wish to contact a person who uses a CapTel phone, dial: 1-877-243-2823.

Voice Carry Over (VCO): 1-877-627-3024

Allows a person who has difficulty hearing on the phone to voice their conversations directly to the other person on the call. The CA then types the other person's response to the VCO user. Requires a special telephone.

Two-Line VCO: 1-866-855-4611

Allows a VCO user to use one telephone line for speaking directly to the other person, while the second line is used to receive the CA's typed response from the other person.
