ATTACHMENT - LINE 112

FIVE YEAR SERVICE QUALITY IMPROVEMENT PLAN

ATTACHMENT REDACTED IN ENTIRETY

West River Cooperative Telephone Company's Demonstration of Compliance with Applicable Service Quality Standards and Consumer Protection Rules:

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

West River Cooperative Telephone Company (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under both federal and South Dakota state law. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of the South Dakota Administrative Rule 20:10:27:07 which discloses rates, terms and conditions of service to customers; (2) adherence to state requirements that the Company satisfies and certifies

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

annually that it complies with consumer protection and service quality standards pursuant to South Dakota Administrative Rules (20:10:32:54.06), including South Dakota Administrative Rules regarding transmittal of bills (20:10:07:03), billing requirements (20:10:34:09), billing disputes (20:10:07:04), refunds for service interruptions (20:10:07:05) service quality standards for local exchange companies (20:10:33), and notification of adverse changes in rates, terms, or conditions (South Dakota Codified Law 49-31-12.8); (3) truth-in-billing requirements, and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

The Company provides service in North Dakota and is subject to consumer protection obligations under North Dakota state law as a telecommunications carrier subject to North Dakota Public Service Commission regulation. These obligations include, but are not limited to, the following: (1) adherence to state requirements that the Company complies with consumer protection and service quality standards pursuant to North Dakota Administrative Code Article 69, including customer requests for lowest price service alternatives (69-09-05-01), discontinuance of telecommunications services (69-09-05-02), deposits and guarantees (69-09-05-03); (2) truth-in-billing requirements, and (3) CPNI, Red Flag Rules and other applicable state requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices

regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

West River Cooperative Telephone Company's Demonstration of Ability to Function in Emergency Situations

West River Cooperative Telephone Company ("Company") hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2),¹ South Dakota Administrative Rule 20:10:32:54.07 and North Dakota Administrative Code 69-09-05-12. The Company's voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require. The Company maintains a contingency plan to prevent or minimize service interruptions due to the catastrophic loss of a central office switch, toll switching office, or tandem switching office, pursuant to South Dakota Administrative Rule 20:10:33:18. The plan is available for review upon request.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. As required by South Dakota Administrative Rule 20:10:33:19, the Company's central office can maintain 8 hours, plus or minus 15 percent, of battery reserve rated for peak traffic load

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

requirements, and a permanent auxiliary or mobile power unit is installed which can be delivered and connected within four hours. The Company has battery backup at all office locations and in its electronic equipment sites capable of running for a minimum of 8 hours, plus or minus 15 percent, in compliance with the State rules. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators are installed at all Central Office locations. They will continue to run as long as the Company has access to fuel. The Company tests the batteries at least once per year.

Charles W. Murphy, Chairman
Standing Rock Sioux Tribe
PO Box D
Fort Yates, ND 58539

Dear: Mr. Murphy:

The Federal Communications Commission (FCC), as part of its 2012 Order reforming the federal universal service mechanisms related to telecommunications and information services, adopted new "Tribal Engagement" provisions that are intended to improve communications and foster a greater understanding between service providers and Tribal entities of the factors necessary to deploy and sustain telecommunication services on Tribal lands. *See* FCC Public Notice, Office of Native Affairs and Policy, Wireless Telecommunications Bureau, and Wireline Competition Bureau Issue Further Guidance on Tribal Engagement Obligation Provisions of the Connect America Fund, DA 12-1165, released July 19, 2012.

Pursuant to the FCC's rules related to Tribal Engagement, West River Cooperative Telephone Company would, as soon as possible, like to begin discussions with the Standing Rock Sioux Tribe in a manner consistent with the FCC rules. Accordingly, we would request a meeting with the Tribe and it is our hope that this meeting could be held sometime prior to the end of October, 2013. The purpose of this meeting will, generally, be to exchange information related to the deployment and provisioning of communications services on Tribal lands. While West River Cooperative Telephone Company leaves to your discretion attendees from the tribe at this requested meeting, it is important that at least some of the tribal representative attendees at the meeting are "decision-makers," as this can change the perspectives of the discussions. West River Cooperative Telephone Company asks that the Standing Rock Sioux Tribe provide a name and contact information for a Tribal representative who can assist in scheduling and arranging a meeting with the appropriate Tribal government staff and leaders to discuss deployment and sustainability of telecommunications services on Tribal lands. This information may be provided to the undersigned by calling (605) 244-5213, or through an e-mail directed to jreisenauer@wrctc.coop.

Thank you for your cooperation in this matter. We look forward to discussing these important matters with you.

Sincerely,

Jerry P. Reisenauer, General Manager

Dear: Mr. Keckler:

The Federal Communications Commission (FCC), as part of its 2012 Order reforming the federal universal service mechanisms related to telecommunications and information services, adopted new "Tribal Engagement" provisions that are intended to improve communications and foster a greater understanding between service providers and Tribal entities of the factors necessary to deploy and sustain telecommunication services on Tribal lands. *See* FCC Public Notice, Office of Native Affairs and Policy, Wireless Telecommunications Bureau, and Wireline Competition Bureau Issue Further Guidance on Tribal Engagement Obligation Provisions of the Connect America Fund, DA 12-1165, released July 19, 2012.

Pursuant to the FCC's rules related to Tribal Engagement, West River Cooperative Telephone Company would, as soon as possible, like to begin discussions with the Cheyenne River Sioux Tribe in a manner consistent with the FCC rules. Accordingly, we would request a meeting with the Tribe and it is our hope that this meeting could be held sometime prior to the end of October, 2013. The purpose of this meeting will, generally, be to exchange information related to the deployment and provisioning of communications services on Tribal lands. While West River Cooperative Telephone Company leaves to your discretion attendees from the tribe at this requested meeting, it is important that at least some of the tribal representative attendees at the meeting are "decision-makers," as this can change the perspectives of the discussions. West River Cooperative Telephone Company asks that the Cheyenne River Sioux Tribe provide a name and contact information for a Tribal representative who can assist in scheduling and arranging a meeting with the appropriate Tribal government staff and leaders to discuss deployment and sustainability of telecommunications services on Tribal lands. This information may be provided to the undersigned by calling (605) 244-5213, or through an e-mail directed to jreisenauer@wrctc.coop.

Thank you for your cooperation in this matter. We look forward to discussing these important matters with you.

Sincerely,

Jerry P. Reisenauer, General Manager

CRST Telecommunications Commission

Eagle Butte, SD 57625

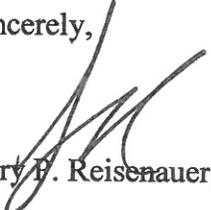

Gentlemen:

The Federal Communications Commission (FCC), as part of its 2012 Order reforming the federal universal service mechanisms related to telecommunications and information services, adopted new "Tribal Engagement" provisions that are intended to improve communications and foster a greater understanding between service providers and Tribal entities of the factors necessary to deploy and sustain telecommunication services on Tribal lands. *See* FCC Public Notice, Office of Native Affairs and Policy, Wireless Telecommunications Bureau, and Wireline Competition Bureau Issue Further Guidance on Tribal Engagement Obligation Provisions of the Connect America Fund, DA 12-1165, released July 19, 2012.

Pursuant to the FCC's rules related to Tribal Engagement, West River Cooperative Telephone Company would, as soon as possible, like to begin discussions with the Cheyenne River Sioux Tribe in a manner consistent with the FCC rules. Accordingly, we would request a meeting with the Tribe and it is our hope that this meeting could be held sometime prior to the end of October, 2013. The purpose of this meeting will, generally, be to exchange information related to the deployment and provisioning of communications services on Tribal lands.
