Excerpt of April 7, 2015, Interstate Telecommunications Cooperative, Inc., Board of Directors' Meeting

1. DISCUSS & APPROVE BOUNDARY CHANGE WITH CENTURYLINK ON
BROOKINGS/ELKTON/FLANDREAU LINE

HEIBERGER reviewed a boundary change that has been discussed with CenturyLink. The customer is in CenturyLink's area but they would have to plow 3 miles to connect this customer and could only provide dial up service to them. The customer is a half mile from ITC's service area (Brookings Exchange) and for a cost of approximately \$1900.00 we could serve them with fiber services. CenturyLink has agreed to a boundary change that would give this customer to ITC. After discussion, a motion was made by Director DUPRAZ to get PUC approval for a boundary change to start serving the customer. A second to the motion was made by Director BRANDLEE. The motion carried.
