Re: Docket TC16-007

Dear Mr. Rezac,

Below are our responses to your data request.

- 1-1) When I went out to the USAC website to obtain what they list for our funding amounts, I am unable to figure out what makes up their numbers. Our ICLS amounts match from JAN-JUN but not for the rest of the year. Also the CAF/ICC amounts do not match at all. Could you provide me with specifics of what makes up their amounts so I can investigate further?
- 1-2) Northeast Nebraska Telephone Company has 8 customers in South Dakota. Six of them have voice and broadband, and two have only voice services. One of them is our own line for voice mail.
- 1-3) Northeast Nebraska Telephone Company uses fiber to the home technology, which allows us to offer our customers up to one gigabyte of download and upload speed.
- 1-4) If the waivers are granted, Northeast Nebraska Telephone Company is willing to submit verification from the Nebraska Public Service Commission as soon as a decision is made on certification.
- 1-5) Northeast Nebraska Telephone Company has attached our most recent FCC Form 477. Also enclosed are the corresponding files that were uploaded with FCC Form 477. We are requesting this submission be treated as confidential.

Yours truly,

NORTHEAST NEBRASKA TELEPHONE COMPANY
