James Valley Wireless, LLC (JVW), for its responses to the 1st Data Request from Staff, states as follows:

**Data Request No. 1-1: The Lifeline attachment on the form 481 appears to not provide the details on the number of minutes a Lifeline customer receives, the additional charges for toll calls, or the rates for the plan. Please provide.**

Response:

The Lifeline plan includes as many local or long-distance minutes as are included in the customer's subscribed wireless plan, with a monthly credit of \$9.25 toward the cost of the plan. There are no additional charges for toll calls.

**Data Request No. 1-2: Please confirm that pursuant to ARSD 20:10:32:55, customers received written notifications of Lifeline availability within 30 days of receiving service.**

Response:

Confirmed.

**Data Request No. 1-3: Is toll limitation service not an option for Lifeline users?**

Response:

Toll limitation service would be available to Lifeline users of JVW, but is not necessary as there is no extra charge for long distance in any customer's wireless plan.
