TrioTel Communications, Inc. (SAC 391682)

Certification of Compliance with Applicable Service Quality Standards and Consumer Protection Rules for Voice and Broadband Services

Service quality standards and consumer protection rules for broadband are not as defined as the rules for voice services. The Company complies with any service quality standards and consumer protection rules for broadband that are out there now and any that will be defined in the future.

Service Quality Standards

For voice services, the Company:

- Provides voice grade access to the public switched network.
- Provides flat rated local exchange service with no additional charge to end users.
- Provides access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911.
- Provides toll blocking and toll limitation services.

For voice and broadband services, the Company:

- Advertises the availability of its services and the charges using media of general distribution and/or on its website.
- Maintains a business office providing customers with access to a customer service representative either in person or via a local telephone call or toll-free telephone number during business hours.
- Directs after hour calls to the Company's help desk.
- Directs trouble reports to the on-call technician.
- Tracks all service orders to ensure they are completed in a timely manner.
- Measures its service connection and service interruption performance on a regular basis.
- Trains employees to:
 - o Answer all incoming calls promptly.
 - o Respond to all inquiries for information promptly and courteously.
 - Investigate thoroughly all customer complaints and handle appropriately according to the Company's guidelines for resolution of customer complaints.
 - Be knowledgeable about products and service offerings so they can assist the customer with selecting the best service option.
- Has a process for periodic inspection, testing and preventive maintenance of its equipment to permit the rendering of safe, adequate and continuous service at all times.
- Meets or exceeds the standards established by the state commission and provides any reports required in accordance with the state commission's rules.

Consumer Protection Rules

The Company has established operating procedures designed to facilitate compliance with applicable consumer protection rules which include compliance with the Customer Proprietary Network Information (CPNI) rules. The operating procedures include:

- Appointment of a compliance officer.
- A manual detailing the specific procedures for protecting consumer information.
- Employee training on an annual basis.
- A disciplinary process for improper use of consumer information.

If complaints are filed with the Company regarding consumer protection rules, the complaint is immediately investigated, the matter tracked and any corrective action noted. This process ensures that problems are addressed and corrections made.

TrioTel Communications, Inc. SAC 391682

<u>Functionality in Emergency Situations</u> <u>for Voice and Broadband Services</u>

Back-Up Power

TrioTel Communications, Inc. currently has in place the following items to ensure functionality in case of a commercial power outage.

- Fixed stand-by generators at all central office locations.
- All generators are cycled every Monday morning.
- Secondary generator outlets at each Central Office in case of Primary generator failure.
- Twelve-hour batteries in the Central Office.
- All standby and backup power sources provide for uninterrupted switching and broadband services in the Central Offices.
- Optical Network Terminals (ONT's) located at the customer's premise have batteries rated at 8-10 hours for continued essential voice service.
- Eight portable stand-by generators.

Rerouting of Traffic around Damaged Facilities

TrioTel Communications currently has in place both an Ethernet Ring and also a SONET Ring for redundancy between our exchanges and interexchange carrier traffic. The Ethernet Ring and SONET Ring provide protection in the case of a fiber cut or the failure of a transport equipment failure to both the voice and broadband services.

Traffic Spikes

TrioTel Communications currently operates on 48 toll trunks, two Operator Assistance trunks, and two 911 circuits per county served. We have 377 access lines, so we have an adequate amount of switching capacity to support sporadic traffic spikes. Broadband bandwidth usage is measured on a daily basis. When usage peaks near the allotted bandwidth, additional bandwidth is purchased to prevent service disruptions.

TrioTel Communications, Inc.

Lifeline Terms and Conditions

Trio Tel Communications, Inc. (SAC 391682) ("TrioTel") offers Lifeline program-supported service to qualified low-income residential consumers for one telephone line per eligible household. The Lifeline program provides discounts to eligible low-income consumers to help them establish and maintain telephone service. Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline. Toll blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit.

Lifeline Program Eligibility Information

Program Based Eligibility

Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

Low-Income Home Energy Assistance Program (LIHEAP)
Federal Public Housing Assistance (Section 8)
Supplemental Nutrition Assistance Program (SNAP)
Medicaid
National School Lunch Program's Free Lunch Program
Supplemental Security Income (SSI)
Temporary Assistance for Needy Families (TANF)

\$5,616

Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means.

Acceptable documentation of program-based eligibility includes: current or prior year's statement of benefits from a qualifying state, federal or Tribal program; notice letter of participation in a qualifying state, federal or Tribal program; program participation documents; or another official document evidencing the consumer's participation in a qualifying state, federal or Tribal program.

Income Based Eligibility

For each additional

person, add

In addition, consumers are eligible for Lifeline if their household income is at or below 135% of the federal poverty guidelines.

Household Size	48 Contiguous States and D.C.	Alaska	Hawaii
1	\$16,038	\$20,034	\$18,455
2	\$21,627	\$27,027	\$24,881
3	\$27,216	\$34,020	\$31,307
4	\$32,805	\$41,013	\$37,733
5	\$38,394	\$48,006	\$44,159
6	\$43,983	\$54,972	\$50,585
7	\$49,586	\$61,992	\$57,010
8	\$55,202	\$69,012	\$63,464

2016 Federal Poverty Guidelines - 135%

\$7,020

\$6,453

Acceptable documentation of income eligibility includes: prior year's state, federal or Tribal tax return; current income statement from an employer or paycheck stub; social security statement of benefits; Veterans Administration statement of benefits; retirement/pension statement of benefits; unemployment/workmen's compensation statement of benefits; federal or Tribal notice of letter participating in General Assistance; or a divorce decree or child support award or other official document containing income information.

Numbers of Minutes-of-Use Provided as Part of Lifeline Program Service

TrioTel's Voice Lifeline service includes unlimited local minutes-of-use within the toll-free calling area. TrioTel's Voice Lifeline Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the Lifeline service, Toll blocking is available to eligible consumers at no cost.

Rates

Subscribers may receive the Lifeline credit on any type or grade of local service, including bundled services that are normally offered by TrioTel. Advertised rates do not include any applicable taxes or surcharges.

Recertification of Lifeline Eligibility

Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

Additional Lifeline Program Information

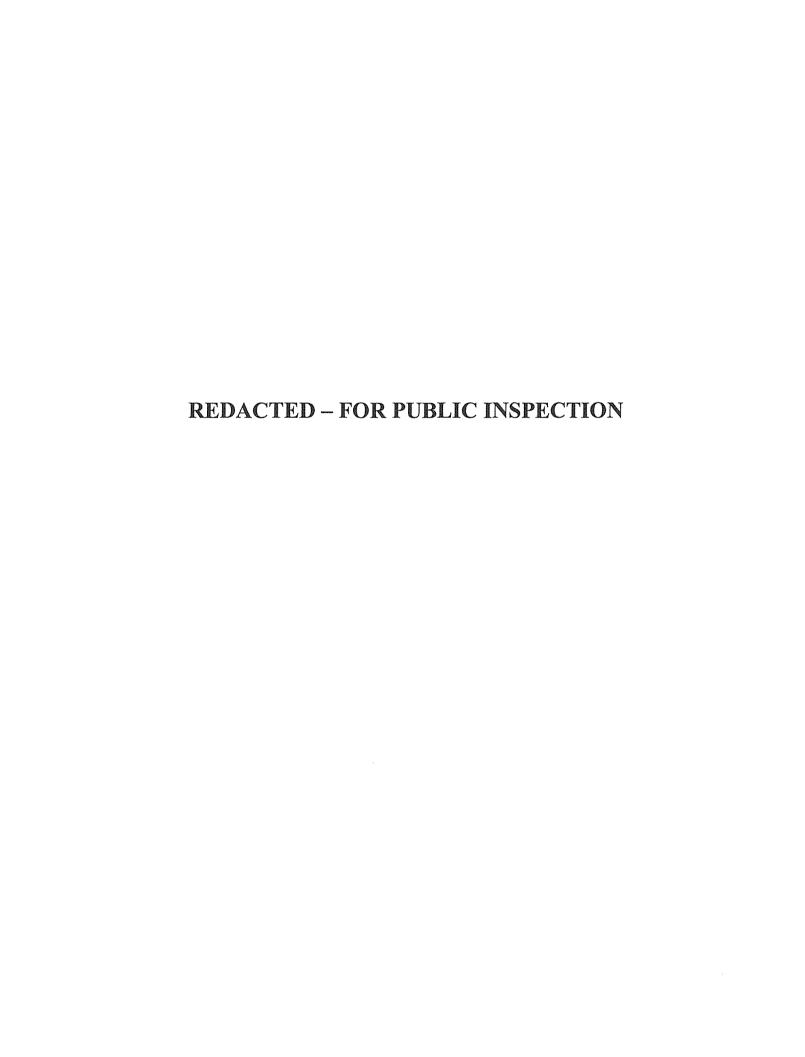

The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

TrioTel Communications, Inc. SAC 391682 - TriCounty

Progress Report of 5 Year Plan - Milestone Certification

To be in compliance with the Milestone Certification of providing upon a reasonable request broadband service at actual speeds of 10 Mbps downstream/1 Mbps upstream:

- TrioTel Communications certifies that it has taken reasonable steps to provide upon a reasonable request broadband service at actual speeds of 10 Mbps downstream/1 Mbps upstream with latency suitable for real-time applications, including Voice over Internet Protocol.
- The Company provides usage capacity that is reasonably comparable to comparable offerings in urban areas.
- The Company certifies that requests for such service are met within a reasonable amount of time.
